NO POLICE COMMISSIONER

Governor Wants More Time to Consider Carl Brandeis' Successor.

TWO ADDRESSES IN ONE NIGHT

Attends to the Ad Club About Boosting Nebraska and to Clara Gordon About Bobbie Burns.

Governor A. C. Shallenberger had a busy time of it Tuesday night, in spite of the fact that he did not announce his appointment of a man to take the place of Carl Brandeis on the Board of Fire and Police Commissioners.

"It would not be safe to make the appointment without going over the situation more carefully," said the governor last night. "I shall not announce who the new commissioner is until I have had a chance to confer with Omaha people, which I have not had up to the present time."

It is understood that no announcement of his choice will be made for several days by the governor, so speculations are still in order as to who will be the other republican on the board.

A large banquet given by the Omaha Ad club for Governor Shallenberger, Adjutant General John C. Hartigan and the colonels of the staff, was the governor's first occupation of the evening, while a smoker, given by the Clara Gordon in honor of two of its members, William Kennedy and H. W. E. MacDaniel, who have been made colonels on the governor's staff, was attended by him later in the evening. He was accompanied at both by his staff in full uniform.

At the Ad club dinner, which was held at the Home and was attended by about 100 business men and their friends, the governor spoke on the subject, "Nebraska is Nebraska's Best Advertiser," and delivered a splendid address, and the colonels of the staff, was the governor's first occupation of the evening, while a smoker, given by the Clara Gordon in honor of two of its members, William Kennedy and H. W. E. MacDaniel, who have been made colonels on the governor's staff, was attended by him later in the evening. He was accompanied at both by his staff in full uniform.

Great enthusiasm and considerable demonstration greeted the governor and his address, and at the close of the banquet he was unanimously elected an honorary member of the Ad club.

John Todd, one of the local favorites with the Burwood company of players, entertained the men at the dinner with a few well-told stories.

Adjourning to the Clara Gordon smoker, Governor Shallenberger made a hit with the Scots by reciting, to their ambient satisfaction, whole poems by "Bobbie" Burns and telling them how much he admired the Scotch, although Scottish blood was about all he lacked for being a man of all nations. He did manage, however, to recall the fact that his grandfather had been a great admirer of Burns before him, and had become endeared to early Scotch settlers in Illinois because of that fact.

Speeches by Colonels William Kennedy and H. W. E. MacDaniel, in whose honor the smoker was given, and a long program of Scotch music and dancing, and a number of other numbers, were well received by the large gathering of clansmen and their friends.

ANTI-TRUST BILL PASSED WITHOUT EMERGENCY CLAUSE

South Dakota Senator Discovers it Made a Mistake on Day Before.

PIERRE, S. D., March 3.—(Special Telegram.)—The senate last evening, thought it had passed the anti-trust bill and it was announced as passed, but later was found to carry an emergency clause, and not enough votes to carry it as such a measure. It was reconsidered today and amended before it passed. Its opponents declare that its enactment will be a worse blight to the state than a hot wind just before harvest and are bitter in their opposition to the measure.

The faithful publisher will be allowed to find corn in the crib of the insurance department for at least two years more, as the senate this afternoon refused to consider the house bill cutting off that little plum from the publishers.

While the senate was laying the immigration department bill to its last rest this afternoon the house was passing the bill to cut that feature from the duties of the secretary of the State Fair Board, and the last vestige of the immigration bureau for the state is wiped out.

The house today took up the congressional division bill, which was opposed by Taylor and Whiting, but went through easily, it being one of the "political necessity" bills of the session, and had to go. Another house mixup was on the motion to reconsider the action which threw the highmoor inebriate asylum proposition practically all out of the window yesterday. On motion of Johnson the action was reconsidered, and a conference committee appointed to act with the senate committee on the bill. This measure is showing almost as many lives as a cat, as it has been twice killed at this session and is out for a third time as lively as if it had never been struck.

Naming the Day
is a very important event for a young man or lady. The next thing on the program is the ring. The next thing will be the wedding ring—We have a nice stock of both of these.
