Dun's Report of Bank Clearings

Bank clearings for the month of February denote a heavy volume of payments through the banks, not so large as in January, which is to be expected, but much larger than a year ago, and only 10 per cent. under February, 1906, when trade was very active, total clearings for the month this year at all cities reporting in the United States, embracing more than 110 of the leading cities, according to the monthly statement issued by R. G. Dus & Co., being \$11.193,819,389. The increase over last year is 28.2 per cent. and the decrease compared with February, 1906, is 10.3 per cent. The loss compared with 1906 is mainly at the East, New York, Boston, Philadelphia and Pittaburg all reporting sonsiderable losses ; also New Orleans and San Francisco. Many cities at the South report larger clearings than in 1906, while at the West the increase is generally heavy. There are noteworthy gains at Chicago, St. Louis. Kansas City, Milwaukee, St. Paul, Omaha and Denver. Below bank exchanges are given by sections covering three years; also the average daily figures for the past four months:
