For trading, T. F. Stroud of T. F. Stroud & Co., has David Harum backed off the

His latest trade is that of an automobile for a farm in Kansas. Stroud did not see the farm before the trade nor did the farmer see the automobile.

Stroud, be it remembered, is the man Maybray swindlers, but actually bumped them at their own game.

Stroud was in Chicago last fall walking down Michigan avenue when a novice came wabbling along with his automobile, and just as he was in front of Stroud the macline got away from him, hit the curb

Stroud had the machine taken to a garage and fixed up, the whole thing cost-

The trade was made. The only question asked was one by Stroud as to whether the man had a title to the farm, and one by the man, would the automobile run.

DREADFUL DISEASE IS **CURED BY CUTICURA**

"My six year old daughter had the dreadful disease called hives for two months. She became affected by playing with children who had it, although we did not know it. By scratching she caused large sores which were irritating. Her body was a complete sore but it was worse on her arms and back. We employed a physician who left medicine but it did not help her and I tried several remedies but without avail. Seeing the Cuticura Remedies advertised, I thought I would try them. I gave her a hot bath daily with Cuticura Soap and anointed her body with Cuticura Ointment. The first treatment relieved the itching and in a short time the disease disappeared. I recommend the ease disappeared. I recommend the Cuticura Remedies for all skin diseases and give them my greatest praise. Mrs. Geo. L. Fridhoff, R. F. D. 1, Warren, Mich., June 30 and July 13, 1908."

Boy's Back Raw From Shoulder to Shoulder.

Scratched till Blood Ran.

Cured by Cuticura. "My son's back was raw from shoulder to shoulder and the width of your hand. I really did not think he ever would be cured. He would acratch until the blood would run and he was like a raw piece of meat. I used different kinds of things but each kind made it worse until I read of the Cuticura Remedies, and one cake of Cuticura Soap and one box of Cuticura Gintment cured him like magic, I would not be without it in the house and I have recommended it to all my friends. EARTHQUAKE AT AUDITORIUM.

Mr. Frank R. Roberson Will Show the People of Omaha the Ruins of Messina.

On next Wednesday and Thursday nights the people of Omaha will have an opportunity to see the first real photographs taken by an American of the ruins of Messina. Mr. Frank R. Roberson, the well known lecturer, has just returned from Sicily with a very interesting and comprebensive set of pictures, which he took himself, and he is now able to give his audience just about as good an understanding of the terrible work of the earthquake as one could get by a personal visit to the atricken city. Mr. Roberson visited Sicily last summer and secured a fine line of plotures of all the famous old palaces, cathedrals and the business houses of the city of Messins, just because they were fine and beautiful. When the earthquake reduced the city of Messina to ruins he hurried across the sea and took a large number of photographs of the ruins and now he is enabled to show the magnificent buildings before the quaks and the present ruins. The reserved seat sale will open at the Auditorium on Tuesday morning,
