(From a Staff Correspondent.) DES MOINES, March 11 .- (Special.)-For the first time during the present session the public took a personal interest in the proseedings of the house today when a final vote was reached on the resolution to resubmit the prohibitory amendment. The resolution passed the house by a vote of 68 to 37, with three absent.

Then an effort was made to close debate, but this failed and about 11 o'clock general debate was commenced. The house refused to adjourn and the opponents of the reso ution started in to consume time and wear out. Speeches in opposition were made by Miller of Bremer, Sullivan and others, Almost the entire discussion was upon minor matters and but little was said on the merits of the amendment as a temperance

There is the usual speculation as to what the senate will do with the resolution. There are two committees it may go to. The committee on suppression of intemperance is composed of Senators Cosson, Mattes, Smith of Mitchell, Nichols, Larrabec. Francis, Hoyt, Bennett, Chapman, Gates, Adams, Taylor and Ream. Not more than four of the committee could be certainly counted as for the amendment. It might be sent by President Clarke to the committee on constitutional amendments, consisting of Senators Burgess, Clark, Gilliland, Maytag. Saunders, Bennett, Gates, De Arman, Foley, McManus and Ream. This committee is in about the same condition as the other one. There has been some speculation as to whether President Clarke is for or against the resolution. Speaker MASON CITY-Grant Rush, who broke jall here last Friday night, was recaptured last night near Fertile, Ia., by a farmer named J. W. Osborn. The theft of a fur overcoat from the C. Paul farm near Clear Lake the night after Rush escaped furnished the first clue to the direction Rush had probably taken and enabled the officers to trace him. Rush was without a coat when he got out of jail.

No Special Election.

Governor Carroll has decided not to order special election in the Page-Frement district to fill the vacancy occasioned by the resignation of Senator Jamieson. He has had the matter up with Attorney General Byers, who gives it as his opinion that the statute is not mandatory. Assuming hat the legislature will not adjourn until the second week in April It would be impossible for the person elected to serve more than ten days or two weeks; the law providing that at least ten days' notice shall be given before the holding of the election. The expense would perhaps amount to something like \$2,000, and in view of the short time that the person elected would have to serve it is deemed advisable not to call the special election.

MILLION DOLLARS FOR LAND FRAUD INQUIRY Field Agents Will Begin Work

Investigating 32,000 Alleged

Irregular Titles. WASHINGTON, March 11.-Backed by an appropriation of \$1,000,000 by congress and with a large force of special field agents, Commissioner Bennett of the general office is making preparations to prosecute vigorously an investigation into charges of wholesale fraudulent acquirement of public lands in the west by cor-

porations and individuals. The proposed investigation is the result of an appeal made to the congress by former Secretary of the Interior Garfield for a \$1,000,000 fund with which to recover over \$110,000,000 worth of land alleged to have been fraudulently acquired from the public domain. Officials believed that there was reasonable prospect of recovering this land. The commission will gradually increase the force of special field agents to about 150 men to investigate more than 32,000 cases of alleged land frauds now in hand and to undertake any new cases that may arise.
