OMAHA GETS THE STOPOVERS

City Obtains Right to Entertain Tourists This Year.

VAST ARMY OF THEM COMING

Cross-Country Traffic for the Summer is Predicted as Tremendous and Travelers May Stop Here.

Stoppers at Omaha will be granted on all tourists' tickets to the west this summer on the return portion of the ticket, but no stopovers will be granted on the western journey. Omaha will be the gateway for thousands of tourists to and from the west this summer and the hundred combinations of routes will allow a large proportion of the travelers to pass through the Omaha gateway. The Seattle exposition, the Elks at Los Angeles, the Baptist convention at Denver, the summer tourists to Colorado and the Yellowstone park will thus be given an opportunity to break their journey by a stop at Omaha.

In speaking before the Ad Men's club three weeks ago N. H. Loomis, general solicitor of the Union Pacific, made a plea for Omaha business men to advertise the beauties of Omaha and Nebraska to the thousands of tourists who will thus be given an opportunity to break their journey by a stop at Omaha.

Gould His Own Competitor

George Gould will be competing with himself for the coast business from St. Louis in a short time. He has just completed a traffic agreement with Harriman to run through trains from St. Louis to Cheyenne to connect with the Los Angeles Limited and the Overland Limited of the Union Pacific from Omaha. His competition will be through trains from St. Louis to the coast over the Missouri Pacific to Denver, the Rio Grande to Salt Lake and the Western Pacific, which it is completed to the coast. This will give Gould lines of his own from Pittsburg and Buffalo to the Pacific coast. The Gould system also extends from St. Louis, Omaha, Chicago and Kansas City to the Gulf.

Burlington Against Stock Yards.
The Burlington railroad has brought suit in the United States circuit court against the Union Stock Yards company of South Omaha for \$12,220.50 and interest at 7 per cent per annum from February 22, 1909, for freight charges on 429 cars of live stock for the week ending February 20. The live stock was transferred from the Burlington in different parts of Nebraska and other states to the tracks of the Union Stock Yards company. The petition states that an oral agreement existed between the two companies for weekly settlements for freight charges, but that the settlement for the week in question had not yet been made.

Sheep Rate Under Fire.
An effort is being made in the legislature to reduce the minimum required on shipments of sheep in Nebraska and the railroad are making a strong fight against the reduction, as it would mean a material cut in their revenues on stock. The rate on this class of stock was cut 15 per cent

two years ago by the Aldrich bill and a reduction in the minimum would mean that shippers would get fewer sheep in each car and thus cut the revenue materially.

No Notice of Meeting.

Local railroad officials have had no notice of a meeting in Chicago to consider the proposition of making a fight against the 2-cent passenger laws of Wisconsin, Minnesota, Nebraska, Kansas and Oklahoma, which reports say is scheduled for next Monday. The officials say there is nothing to be done in Nebraska except to let the law run its course and for them to await the termination of the case which is now in the courts in Nebraska. The situation in Kansas will depend upon the decision in the Nebraska case.

Reduced Rates Possible.

If Ak-Sar-Ben, the Corn show and Eagles' convention do not get reduced rates this year it will be the fault of the Omaha promoters of these schemes. The railroad have decided that it is impracticable to make 2 cents the minimum in the west this year. While the roads cannot get together on the proposition of refusing excursion rates for this year, they say they hope to make such an arrangement for 1910.

Railway Notes.

William Gray, general freight agent of the Burlington at St. Louis, was in Omaha Friday.

W. W. Johnson, assistant general freight agent of the Burlington, has returned from Helena, where he attended a meeting of the Interstate Commerce Commission. The hearing was to consider the proposition of making a distance tariff on hay in Montana.

Owners of the interurban line to Ralston had set March 15 as the date for the running of the first cars from Ralston to Omaha, but the opening may have to be postponed a few days because of the recent snow which has delayed the work on the track. Cars will be run from Ralston to the corner of Sixteenth and Howard streets, Omaha.

ago. Mr. Gorman has a fine farm here of 220 acres and he will make some substantial improvements this spring.

NEBRASKA CITY—John Bauman, one of the old-time residents of this city who died in a hospital at Omaha, was brought here for burial. He had been ill but a short time and was taken to Omaha for treatment and died while there. He leaves four children, John F. Harry and George Bauman and Mrs. James Wilkinson. His funeral took place this afternoon from Memorial hall and was under the auspices of William Bauman post Grand Army of the Republic of which he was one of the charter members. He was quite prominent in politics and at the time of his death was one of the employees at the government building here.

NEBRASKA CITY—Judge H. D. Travis has been holding a term of district court here all week and the major portion of the time has been put in trying the case of M. Ervin against the Otter County National bank. The plaintiff secured a draft for \$50 and claimed to have lost it and the bank cashed it contending that Mr. Ervin had properly endorsed it. A jury heard the case and returned a verdict for the bank. The court and jury is now busy trying the case of Perrot against W. S. Hadden. This is one of a series of cases which grew out of the disappearance of the son of W. S. Hadden, who was operating as a stevedore at Burr. His father claimed to own the grain therein which had been shipped out some days previous. The son disappeared one night and left a number of creditors.

PLATTSMOUTH—Articles of incorporation of the Plattsmouth & Southwestern interurban railway have been filed with the county clerk. The amount of the capital stock authorized is \$100,000 in shares of \$100 each. The incorporators are Judge H. D. Travis, J. P. Falter, R. B. Windham, W. W. Coates and C. F. Farnie. All local capitalists. The object of the corporation is to construct an interurban railway from Plattsmouth in a southwestern direction through the towns of Mynard, Manley and Murdock, continuing on to the west end of Cass county, with diverging lines to Union, Weeping Water, Louisville, Elmwood, Greenwood and Eagle. It is understood that the work of the surveyors will be commenced within a very few weeks.

Get Part of Stephenson Fun.
MADISON, Wis., March 12.—Attorney George H. Gordon, who was called as a witness today before the sensational campaign investigating committee, said that he received \$1,000 from the Stephenson campaign manager, Mr. Gordon declared that nothing was said regarding the election of members of the legislature and none of the money received was used for such

TWO GIANTS FOR PRELIMINARIES

Policeman Jensen and Jack Eminger to Goch MILL.

Manager Gillan of the Auditorium has landed a pair of giants for the Goch-Ferrill preliminaries. They are Charles A. Jensen and Jack Eminger and they weigh 220 and 220 pounds, respectively. Inasmuch as Goch and Ferrill are both

big men, Mr. Gillan thought it would be highly interesting to get two other big men to go in the previous match, so he has two larger even than the principals.

Jensen is an Omaha policeman. He is something on the order of the late Dan Baldwin, who was a coking good wrestler. Both he and Eminger can wrestle for fair, too.

The demand for seats for the Goch-Ferrill wrestle is spreading away out into western Nebraska and central Iowa. Telephone calls have come in from both these sections and the orders are for many seats in each case. Humboldt, Ia., the home of

Goch, will, it is understood, send over a large delegation of admirers of "Our Frank" Goch is the most popular man in his county and whenever he wrestles anywhere within their reach his friends and neighbors pile in to see him.
