BENNETT'S A Sale of Skirts for Girls and Little Women

Skirts worth \$8.00 for \$4.95. Why? Here's the story in detail. Each of these skirts was made from a manufacturer's short ends of dress materials, he had on hand; also sample pieces submitted by dress goods mills, and which were found impractical on account of the cost to make, Our buyer—while in the east—offered a low price for all these ends, and the offer was accepted. He had them made up into beautifully tailored skirts for girls; made after his own orders and specifications. There are six styles, and every size is shown in each style. The materials are of the purest all wool worsteds and serges, in olive, greens, greys, navy, and white serge. Made precisely like women's skirts, button trimmed and self strapped with inverted pleat backs—Size for girls 12 to 18 years—waist bands 23 to 26 inches—skirt lengths 28 to 38 inches—and absolutely worth to \$8.00, choice of 200 skirts. \$4.95
