DORANDO WINS FROM HAYES

Italian Runner Defeats Olympic Champion.

NEW YORK, March 16.—Before 10,000 spectators, a large majority of whom were his countrymen, Dorando Pietri tonight defeated Johnny Hayes in the rubber match for Marathon supremacy. The race was at the regulation distance, twenty-six miles and 385 yards, and was run over a ten-lap track in Madison Square Garden. Both men were in excellent condition and Dorando proved himself the master of Hayes at the game of long-distance running. From the starter's gun to the end of the race the Italian led the American boy, being spurred on by the cheers and plaudits of his emotional countrymen. In the seventh mile Dorando started a heart-breaking spurt which Hayes was unable to follow, and before half a mile had been run, the foreigner had gained a lap. Again in the eighteenth mile, after he had taken a breathing spell, the Italian again set out at a pace Hayes was unable to follow and annexed another lap. Thenceforward to the finish Dorando merely jogged behind Hayes, winning the race by two laps in easy fashion. The time was 2:48:08.

WOMEN'S RECORD IS BROKEN

St. Louis Pair Rolls 1,024, Beating Mark Set Last Year.

PITTSBURG, Pa., March 16.—The world's record in the double event for women bowlers was broken at the ninth annual tournament of the American Bowling congress in session here today, when Mrs. M. Kern and Miss Birdie Kern, both of St. Louis, rolled 1,024.

The previous record, made at Cincinnati by Mrs. Hull and Mrs. Rosskopf of Chicago, was 984.

IOWA CITY, Ia., March 16.—(Special.)—Thirty-five candidates reported for the Iowa track team yesterday afternoon in response to the first call from Captain Sutsman.

The meet with the freshmen will probably be postponed until March 27, as it will rush Trainer Mark Catlin to get the varsity into condition for such a meet in such a short time.

Only a few of last year's squad are in school this year, but Catlin is anxious to trim Minnesota and Northwestern in the dual events, both of which are to be held here.

Those who have already signed the list are: Collins, Squires, Lathem, Engstrom, Haugniteiln, Carr, Miller, Glasier, Mounts, Keefe, Black, Bryant, Hazard, Hyland, Hupp, Snakenberg, Stillman, Crump, Grubb, Hartupee and Brainerd.

Campbell, the ex-State Normal athlete, cleared 5 feet 9 inches in the high jump last week in the gymnasium.

Base Ball Magnate Found Demented

Charles Morton, Who Disappeared in January, Calls Up Brother by 'Phone in Chicago.

CHICAGO, March 16.—Charles H. Morton, former president of the Ohio and Pennsylvania Base Ball league, who disappeared from Cleveland January 12 last, has been found by his brother, H. U. Morton of Chicago. The former base ball official was not in possession of his proper senses and was discovered wandering aimlessly about the streets of Chicago.

Morton had been president of the Ohio and Pennsylvania league for four years and on January 11 was on a train from his home in Akron, bound for Cleveland, to attend the annual meeting of the league. Several of the managements of teams in the league were aligned against him for re-election as president and Morton took it much to heart. Arriving in Cleveland he disappeared, never putting in an appearance at the meeting. Since then nothing was heard of him until last Thursday. Thursday morning H. U. Morton, his brother, was called to the telephone in his office in Chicago. Morton answered the call.

"Hello," was the message. "Is that Harry? This is Chick, Chuck, Charlie Morton."

"What!" responded H. U. Morton, "my brother Charlie? Where are you?"

"Never mind. I'll call you again."

Morton, the base ball veteran, hung up the receiver. His brother immediately consulted Assistant Chief of Police Schuettler and had detectives assigned to the case. Late last night he came face to face with his lost brother on Wabash avenue, near Van Buren street. Charles Morton failed to recognize his brother at first. He was eventually induced to accompany his brother to his home, where he is now under the care of physicians, who pronounce his ailment as acute dementia. His wife has arrived from Akron.

HIGH SCHOOL AT BASKET BALL

Omaha, with Some New Men, Will Meet St. Joseph.

The first of the two most important basket ball games of the season for the high school will be played Saturday night. The quintet from St. Joseph, which has made an enviable record so far this year, will be on hand to take the locals into camp. Two weeks ago the Omaha boys were completely demoralized and had little hope of winning this contest.

The loss of Captain Burdick and the absence of Ray McWhinney at center threw the remainder of the team into confusion. It looked as though the chances of winning more games were very slim. But a this time Coach Cherrington made an important discovery which brightened up the members of the team and brought hope and cheer into the hearts of the students. Captain McKinney of the foot ball team, who has not been playing basket ball because of outside work, was induced to come out for the team. He was tried at forward and made good at once. Last Saturday the team went to Sioux City without the slightest hope of even holding the champion Sioux team down to a close score, but so great a help did the addition of McKinney to the team prove, that the Omaha boys not only held them to a close score, but nearly won the game.

During the last week the boys have been practicing had, with Nagl at center and McKinney at forward. While this combination does not permit of any plays from center, because of Nagl's lack of height, yet the speed and teamwork which the team displays easily makes up for the loss.

AUTREY LOOKS GOOD TO GRIFFITH

Manager of Cincl Reds Writes Pa Rourke About Players.

"Bill, don't look for Autrey. Have only seen him four days, but he looks good. Ragan also looks to have a good chance."

Thus wrote Clark Griffith, manager of the Cincinnati Reds, to Pa Rourke in sizing up the base ball situation between Pa and the Reds. It means that Griffith also likes Autrey as do the newspaper men who are filling the Cincinnati papers with tales of the wonderful work he is doing on the initial sack for the Reds.

Griffith also wrote that he would advise Pa when he had any players to dispose of and would give him a chance to strengthen up the Colts with anything he might have on hand which he might want to send back to a minor league for a season.

Comiskey has also written to Pa that he had a splendid trip across the continent, that he is having good weather and that the crowds which are turning out to see the White Sox in action are phenomenal. Comiskey expects to return to Chicago ahead of his team to arrange for the opening of the league season. He says he will be in Chicago about April 10.

Thursday is the date set by Brother Dave when he expects to wire transportation to all the members of the Rourke family and they will soon be headed for Omaha, being scheduled to arrive March 25 and be ready for a game with Joe Cantillon's Washington aggregation March 30 and April 1.

Durbin Is Cocky.

Blaine Durbin has given out an interview in which he says that all he wants is just one crack at the Cubs. The members of Chance's aggregation read the interview with keen interest and put it right back with the remark that all they want was one crack at Mr. Durbin, so it looks as though there might be something doing when the Reds and the Cubs clash this summer.

Short Bits of Sport

The announcement that "Charley" Jones will manage and play with the Denver team and that Waldron will go to Lincoln means quite a change. Omaha will stand pat on its outfield of Fisher, Welch and either Summa or Belden.

A battle royal at Fort Omaha tonight is something new for these parts, but is a game which is played every winter at Hot Springs for the amusement of the sports who winter there.

Jude has sent his contract to Lincoln, making Green's outfield Judge, Waldron and Davidson.

Gunthorpe, the new half owner of the Denver team, does not seem to be afraid to spend money for the players he wants. Jones and Ritter and some others cost him some dough.

Cincinnati papers quote Ragan and Purchner as to their opinion of some of the other players, but do not say much of their work. They may get a chance to show themselves yet.

Some Sioux City writer suggests that probably the first work of the Omaha team when it reports will be to shovel snow from the diamond at Vinton Street park. He evidently does not know that Forecaster Welsh is handing out his cold weather now and intends to give Omaha a good spring.

George Graham already has a sub in his place at the Smoke House so he may take to the field as soon as the weather moderates. He has, in fact, started to work already. Pa's decision to play him on first at the beginning of the season has met with the hearty approval of Graham.

James Jeffries is now famous. He has had some playing cards named after him, with the ten of spades designated as Jack Johnson.

As soon as the snow leaves the corner lots the small boys and the future stars of the great national game will begin to choose up. It liks as though "mig" season would be passed over in a hurry to make room for base ball.

Members of the Omaha Rod and Gun club are making frequent trips to the lake to look over the new site and also to patch up their boats for the coming of spring.

Ex-collegians are all worked up over the announcement made by The Bee of the chance for Nebraska to play the Gophers on an Omaha gridiron next fall. The Ames-Cornhusker game last fall has made them all eager for more good games.

"My 5-year-old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. For sale by all druggists.

RESTAURANT IN NAVY YARD

Daughter of J. Pierpont Morgan in Charge of Venture Welfare Work.

CHEAPER FOOD FOR WORKERS

Government Gives Use of Warehouse for Experiment Which It is Hoped to Make Self-Supporting.

NEW YORK, March 16.—Miss Anna Morgan, daughter of J. Pierpont Morgan, will open a restaurant in the Brooklyn navy yard about May 1. As chairman of a committee appointed by the New York section of the National Civic federation, Miss Morgan has just received her authorization from the government to carry out this plan, which aims to provide for the men who work in the navy yards better food at less money than they can now obtain.

In a statement today, Miss Morgan said: "We have been working for a long time on this plan. The restaurant is vastly needed. Most of the men now have to go to the saloons for their lunches. We hope to show the Navy department that the restaurant can be run on a self-supporting basis so that the government will take it off our hands and perhaps establish others like it in other yards where they are actually needed."

The government has granted the use of a warehouse, sixty-five feet wide and 240 feet long and 700 men can be fed without difficulty at one time.

Miss Morgan's younger sister, the wife of Herbert L. Satterlee, former assistant secretary of war, is also interested in the scheme. Mrs. Albert H. Gary, wife of the chairman of the United States Steel corporation is a member of the committee. Other women who have assisted are Mrs. Carnegie, Mrs. J. Burton Harrison and Mrs. Frances Higgonson Cabot.

Miss Morgan, who has been prominent for a long time in what she calls "welfare work" was present in Washington last May when President Roosevelt addressed the representatives of the welfare department of the woman's branch of the federation. The suggestion of a restaurant for the navy yard was made and President Roosevelt, it is said, gave his hearty endorsement.

"I'm sure I deserve no more credit than the others," she said today. "But that's not the issue. To make good is the thing."

Search for Petrosino's Slayers.

The four Italians arrested yesterday in Brooklyn in connection with the assassination of Detective Joseph Petrosino in Palermo, Sicily, were arraigned in court today and held in $1,000 bail each, on the charge of carrying concealed weapons. No other evidence against them was obtained. The sentiment aroused over the killing of the detective is expected to result in bringing together of the police of New York and the government in the work of running down his slayers.

Mayor McClellan and Police Commissioner Bingham today decided to ask the co-operation of the federal secret service in this task. It is also likely that an appropriation of $50,000 for the establishment of a secret service bureau to deal exclusively with black hand problems, will be passed by the Board of Aldermen at its meeting tomorrow.

The aldermen will be asked to sanction a special reward for the arrest of the murderers of Petrosino and the granting of a special pension to the detective's widow.

JOHNSON GOES TO SEE JEFF

Champion Changes Plan to Visit Galveston and Starts for East.

CHICAGO, March 16.—Champion Jack Johnson stated this afternoon that he had abandoned his plan of visiting Galveston, his home, at this time, having just received a telegram calling him to New York, where he expects to meet Jeffries for a talk.

Johnson's plans shifted with great rapidity today. At noon he was undecided as to a trip to his old home. At 1 o'clock he suddenly concluded to make the trip, and so telegraphed his mother. At 2:30 he received a telegram from New York, the contents of which he did not divulge, but which seemed to please him. His plans promptly changed again.

"I have got a chance to meet Jeffries in New York, and I'm on my way," he said to an Associated Press reporter who met him in the telegraph office.

Johnson says he will leave for New York tomorrow afternoon.

"I am surely going to visit Galveston, but I may have to wait two or three weeks," he concluded.

Magoon to Go to Central America

Report that Nebraska Man Will Be Sent to Investigate Diplomatic Tangle.

WASHINGTON, March 16.—Nicaragua through its minister here, Senor Espinoza, protested to Secretary Knox today that the military and naval activity now in progress in that country is destined entirely for defensive purposes, that it does not contemplate making any attacks on its sister republics and that conditions are quiet within its borders.

The minister went to the State department armed with a bundle of dispatches from his government and spent a half hour with the secretary, during which he discussed also the Emery claim, which has been the source of dispute between the two countries for years.

An impression exists that the State department may find it desirable to dispatch a commissioner to Central America for the purpose of making a complete investigation of the situation and endeavor to bring about an understanding between the conflicting elements with a view to putting to an end, if possible, the danger of future complications.

Secretary Knox was asked today as to the probability of former Governor Magoon of Cuba being asked to undertake such a mission and his evasive reply lends belief to the view that such a step is being considered. Names mentioned in this connection besides Governor Magoon, include W. I. Buchanan of Venezuela and Francis B. Loomis.
