C. P. Traver, 334 Fowler avenue, frame dwelling, \$2,000; C. P. Traver, 336 Fowler avenue, frame dwelling, \$2,500; C. P. Traver, 338 Fowler avenue, frame dwelling, \$2,500; C. P. Traver, 340 Fowler avenue, frame dwelling, \$2,500.

What Licoicide Is

Licoicide is a tonic-germicide, the virtues of which are derived solely from oxide gases. No alcohol, no narcotic, nothing but gas enters into it.

Germ Diseases

Most of our sickness has, in late years, been traced to germ attacks. Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness.

The Spring Medicine

In thousand of homes, for more than thirty years, Has been Hood's Sarsaparilla taken by every member of the family.

More Revenue A Necessity

Harry B. Zimman Urges Occupation Tax as the Best and Most Equitable Way in Which to Raise It.

"I hope the day will come when the people of Omaha will realize that they are all stockholders in the biggest corporation in the state and that it is their duty to take a little interest in the management of the affairs of that corporation," said Harry B. Zimman, republican candidate for mayor, who was invited to address the Druid Hill Improvement club Monday evening at the Dietz Athletic association park on the subject of "Occupation Tax."

"The people of Omaha should keep in touch with what is going on at the city hall. It is not generally known even by the taxpayers that outside the school fund we annually levy a tax of \$1,000,000 apportioned to the various funds. Of this amount \$200,000 is used to pay interest on our indebtedness, \$140,000 for the fire fund, \$150,000 for the police fund, \$70,000 for lighting, \$75,000 for parks, \$50,000 for street cleaning, \$100,000 for public work and \$100,000 for general purposes. This is entirely inadequate for the needs of the city of Omaha.

Harry Sharp Being Encouraged to Start Such an Enterprise in Omaha.

Taxicabs for Omaha. That is what Harry Sharp, owner of a transfer line, is thinking about, and what the Commercial club of Omaha is encouraging him to do.

RIGHT WAY TO GET REFORMS

Addresses Delivered Before Men's Club of Presbyterian Church.

LOCAL SITUATION ANALYZED

Power of Police Board and of the Various Law Officers—Sunday Base Ball and Other Amusements Taken Up.

"The Right Way to Go About Real Reform, With Particular Reference to Omaha Conditions," was the theme discussed by John L. Kennedy at a meeting of the Men's Club of the First Presbyterian church. In brief, the speaker declared that the right way is to go to the proper officials in the premises.

Sunday Base Ball.

With regard to Sunday base ball, Mr. Kennedy said: "I myself, would not attend a ball game on Sunday nor play golf that day, but we must remember that the best organized church in this city sanctions this and another of the leading churches acquiesces at least. We must remember too that all men are not so fortunate as we are and are cooped up to a greater extent through the week than this much I do say, that no game should be permitted which disturbs a community or a church."

Burlington Route

Offers during the colonist period daily in March and April.

Tickets \$25. Berth \$5.75 (Good for Two.)

Fast train starts 4:10 p. m. Arrives Seattle 8:30 a. m.

TICKETS, 1502 FARNAM STREET.

J. E. REYNOLDS, G. P. A., Omaha.

P. S.—Alaska-Yukon-Pacific Exposition at Seattle this summer. Plan now.

Burlington Route

"I never had a medicine in my store that gave such universal satisfaction as Chamberlain's Cough Remedy," says Mr. F. M. Shore, of Rochester, Ind. "It is the best remedy to-day on the market for coughs, colds and whooping cough. One of my lady customers told me recently that she could not keep her baby from coughing, but that since she have been using it she have had no need of a doctor."

In case of a severe attack of croup a physician will usually call twice, and perhaps half a dozen times in a severe and long protracted case of whooping cough, while in pneumonia it is often necessary that he call once or twice a day for a week or two. All of this trouble and expense may be saved by the judicious use of Chamberlain's Cough Remedy, for it is a certain cure for croup, and when given as soon as the child becomes hoarse, or even after the croupy cough appears it will prevent the attack. Pneumonia can also be prevented. This fact has been fully proven, as during the almost forty years in which this remedy has been in general use, no case of cold or lack of the grip has ever resulted in pneumonia when this remedy was used, so far as we have been able to learn. It will be seen that a little forethought and by doing the right thing at the right time, all danger and expense may be avoided. Bear in mind that every bottle of this remedy is warranted and if not as stated it will not cost you a cent.

Say "Yes"

To This Offer, and See What Licoicide Means to You

That is all—simply ask and we will buy you a bottle to try. Use it and learn what it does. That is better—is it not?—than for us to argue about it.

We Paid \$100,000

For the rights to Licoicide after thousands of tests had been made with it. After its power had been demonstrated for more than two years in the most difficult germ diseases. Conditions which had resisted medicine for years yielded to Licoicide and diseases considered incurable were cured.

What Licoicide Is

Licoicide is a tonic-germicide, the virtues of which are derived solely from oxide gases. No alcohol, no narcotic, nothing but gas enters into it. The process of making requires large apparatus, and consumes 14 days' time. The object is to combine the gases with a liquid so as to carry their virtues into the system.

Germ Diseases

Most of our sickness has, in late years, been traced to germ attacks. Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs as in consumption. Some—like the germ of Catarrh—create inflammation; some cause indigestion. In one of these ways nearly every serious ailment is a germ result.
