TURNED DOWN AS BAD RISK FOR INSURANCE

"There is an old saying that wise men sometimes change their minds, but fools never do," remarked Guido Bionio, in a conversation on Tuesday. Mr. Bionio is Vice President of the Bionio Pireproofing Company, manufacturers of fireproofing liquids and paints, with offices at 64-69 West Twenty-second street, and is recognized as an expert chemist.

"I am convinced that in changing my opinion regarding the Cooper medicine, I acted most wisely. When these preparations were first brought to my attention, I believed them to be a big humbug, and no doubt many persons entertain this belief."

"Several months ago, however, a friend assured me that my opinion was wrong; that he knew positively that the Cooper medicine passes great merit, and that I was doing myself an injustice in not giving them a trial. I had been suffering for three years with acute stomach trouble. My stomach was extremely weak, and I found it difficult to retain food. Every morning I had a spell of vomiting. I also suffered with diabetes, and my condition was such that the life insurance companies refused to accept me as a risk. I was badly run down, became despondent, and lost all ambition."

"On the strength of my friend's advice I procured a treatment of Cooper's New Discovery and began taking it. I had only expected to get relief from my stomach misery, but to my surprise the diabetes also disappeared. As proof that this man Cooper's medicine has a remarkable curative effect upon the human system, I need only say that since taking the treatment I have successfully passed a rigid medical examination for life insurance with one of the best companies, which has issued to me a policy for five thousand dollars."

"I deeply appreciate the benefit I have derived from Cooper's New Discovery and will be pleased to give additional information regarding my case to anyone who may be interested."

Cooper's New Discovery is now on sale at leading druggists everywhere. A sample bottle sent free upon request by addressing the Cooper Medicine Co., Dayton, Ohio.

FREE Flowers and Seeds That Grew and Bloom. In no other way can home surroundings be made as beautiful as with a variety and abundance of flowers. To those interested, we want to assist in making their gardens the most beautiful in the greatest profusion, are superb in form, through the growing season, and the greatest care has been used in selecting the most desirable varieties.

Madame Cochet. This beautiful rose heads the list for beauty and productiveness. It is extremely hardy and a sturdy, healthy grower, quickly forming a graceful and slightly drooping bush. The buds which are produced in the greatest profusion, are superb in form, being long and elegantly pointed, made up of heavy thick petals, which unfold into immense flowers of a rich coral pink, elegantly shaded. The champion in its sweet deliciousness and noted for its enormous blossoms.

Madame Welchs. This charmingly beautiful rose has captured everyone's fancy. It is extremely easy of cultivation, having no equal for open ground culture. The immense flowers of fine, conical shape and color, are produced in great abundance. In color, it is a deepening toward the center to orange or copper yellow, delicately clouded with delicate red and noted for its enormous blossoms.

Queen Societ. Without doubt one of the best of all red roses for general planting. It can be planted in any soil, being entirely hardy, growing vigorously and rapidly. The flowers which are a fiery scarlet, of a solid sallow red, are produced in splendid masses all during the season. For color, this rose has no equal, making a brilliant display and attracting universal attention.

The Bride. This lovely, pure white rose should grace all gardens with its singular beauty. The plant is a strong, rapid grower, distinct in form and growth, thriving under very adverse conditions, producing great quantities of flowers all through the summer. The buds are of grand size, borne on long, erect stems and develop into immense flowers of purest ivory white, highly fragrant and perfect in formation.

Clematis Panicolata. One of the most desirable hardy climbing vines under cultivation, as it is noted for its grace, daintiness and luxuriant growth. It climbs higher and is more useful than lower growing sorts, giving a superb effect when allowed to cover porches, lattice or trellis. The flowers are of a pure white color, and are produced in abundance, maintaining the most delightful fragrance all during the blooming season.

Matrimony Vine. This vine is especially adapted for covering fences and low walls, as it does not climb so high, but masses its graceful drooping growth quickly over its support. Its pale rose and buff flowers continue in profusion from June until September, and the National Home Journal one year, and will send free of charge, your choice of two of the above collections.
