army officer did a number of years ago," said another. "His name was Borden. He was a captain and quartermaster and had been sent out with a company of men to get the correct measurements between Fort Leavenworth and Fort Union, N. M. They had to walk all the way. The odometer was attached to the hind wheel of the baggage wagon. Everything went along all right until they got into the Raccoon mountains in New Mexico, when they had to lock the hind wheel. The officer forgot all about the odometer until he got back and tried to compile his record, when he found that he was about 1,000 miles short. The whole trip, occupying several months, was taken for that special reason and was a big expense to the government. The officer narrowly escaped being cashiered. But he had influence enough to save him. The work had all to be done over aguin."

Distinctive New Spring Garments for Men and Boys

It's quite an undertaking to exactly suit every man's taste in clothing. We've made this our aim for years, and the increasing number of Omaha men who wear "Nebraska" clothes show how well we have succeeded. There's not a new style, color, or pattern that isn't included in our great variety of up-to-date Suits, Overcoats and Top Coats.

The foundation of these superior garments is the very highest grade materials that are made; added to this is the fact that we pay more attention to the making than most any store in America. Little details like seams, buttons, stitching, etc., must be just right or we refuse the garment. Of course, most men overlook these little points when buying clothes, but they're very import-

ant in determining the style, fit and wearing qualities. When clothes of this sort cost no more and generally less than ordinary

garments, isn't it to your advantage to wear the best?

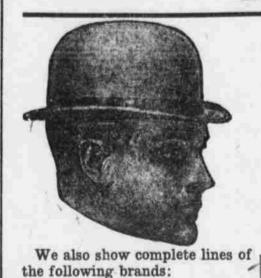

Inspect them Saturday. Men's Suits for \$7.50 to \$32.50 Men's Overcoats \$8.50 to \$25.00

MOST ANY BOY

Will eventually "go through" his clothes. The way to keep him in them the longest is to let him select a "Nebraska" suit or topcoat. it's because they're made of extra good materials, and are very strongly lined and trimmed, that these garments will resist such a great amount of wear.

The new spring styles and colors for boys are shown in a very attractive variety of new patterns and weaves. It would be hard to find anything better than these new garments, even at a great deal more than our prices. You'll be pleased and your boy will be delighted with most any of the new suits
