## DUN'S REVIEW OF TRADE

Most Tests by Which Activity is Measured Make Favorable Records.

## REPORTS FROM CITIES HOPEFUL

Situation Lacks buoyancy and Readiness to Make Long Commitments, Which is Feature of Best Times.

NEW YORK, March 19.—G. Dun & Co.'s Weekly Review of Trade tomorrow will say: Most of the tests by which trade activity is measured make favorable records. Reports from the principal cities are of a generally hopeful character, but the fact remains that there is still lacking that buoyancy and readiness to make long commitments ahead, which are features of a trade situation entirely free from unsettling uncertainties.

The week has witnessed the introduction of a tariff bill making large cuts in duties on iron and steel and other products, but apparently less is apprehended from that than from a possible failure of congress to heed the words of President Taft and get through with the tariff business as soon as possible. The iron trade continues with a labor crisis. The iron trade continues in the process of price readjustment, though a slow revival in structural lines is a reflection of increased activity in building. Copper has experienced further depression.

## CONVINCED

### Woman's Interesting Experience

A Md. woman tells how she was convinced in regard to a matter of vital importance. She says: "Before I used Grape-Nuts I was almost a physical wreck. I gradually grew better as I continued to eat the food and my life vanished."

"I can now sleep soundly every night, going to sleep as soon as I retire. I never have dyspepsia any more."

"Too much cannot be said in favor of Grape-Nuts as a brain food for school children—makes them rosy and active."

"It is just the kind of food one needs for that tired feeling, and produces a reserve force and energy which last."

"There's a Reason." Name given by Postum Co. Battle Creek, Mich. Read "The Road to Wellville," in pkg.

Read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## BRADSTREET'S REVIEW OF TRADE

Introduction of Tariff Bill Makes for Quieter Spring Season.

NEW YORK, March 19.—Bradstreet's tomorrow will say: The introduction of the new tariff bill in congress and the advance of the spring jobbing season toward its close have made a rather quiet tone in trade this week. A fair business is doing in nearly all lines and the turnover is in excess of a year ago at this date, but conservatism delays necessities, the result of Easter trade at retail are awaited with interest, collections are only fair and the volume of business done this spring so far is, in some respects, disappointing. Jobbing trade seems to have quieted down at a number of markets against the end of the spring run.

Price reductions in iron and steel have brought out some new business, but uncertainties in the iron trade are accumulating and prices are weak. The same is largely true of other metals. Additional reports of price reductions in demand, partly explainable by the advance of the season and the return of buyers to their homes.

## HOUSE AND SENATE AT LOGGERHEADS

(Continued from First Page.)

nately postponed. Howell joined Tanner in the house and both got after the members to recommend it for passage. They got after Taylor and they got after Graf and other leaders of the house. Taylor put it up to Tanner to pass the physical valuation bill and the bill providing for the initiative and referendum, but Tanner declined to agree to vote for either.

## Threats from Senate.

Then came the message from the senate that unless the charter bill passed the house, "the Omaha senators will turn loose hell."

"Let 'em turn loose hell," Graf said to Howard in reply. Never has there been such a fight on the floor of the house this session and the denunciation of the senate and the Omaha senators by Taylor was greeted with applause.

## When the South Omaha charter bill comes up, Howard of Douglas moved to amend the title by striking out several sections.

He called particular attention to his statement to the fact that under the Tanner charter the street railway company would not be required to pave between its tracks. He accused those who drew the charter to be in the employ of the corporations. He was answered by Kraus and then the Howard motion was lost. Clark of Richardson moved that the bill be recommended for passage as it came from the senate, saying in support of his motion that the Douglas delegation, save Howard, was for it and that it had the unanimous endorsement of the Douglas county senators. This was the inspiration for Howard to tell all he knew about corporation domination in South Omaha and he pleaded with the house not to send him home with such a charter.

## TARIFF FACTIONS ARE LINING UP

(Continued from First Page.)

Later Mr. Sims rose and declared that as it was evident that the bill was not to be read by paragraph for amendment the bill should be passed now. It is also perfectly evident," he said, "that every member in the house is going to vote for it if no opportunity is given to vote for the democratic substitute. Therefore, if we are not to be permitted to amend this bill, I ask unanimous consent, in order to save time, that the committee rise and report the bill back to the house with the recommendation that it do pass."

The chairman actually put the question and the committee unquestionably would have risen, but for an objection by Mr. Mann (R.) neither Chairman Payne nor any other member of the ways and means being present at that time. Mr. Mann said that while Mr. Sims doubtless had been in the confidence of the committee in making up the bill and hence knew what it contained, there were a few who had not the opportunity of reading the bill or knowing what was in it except as they followed the clerk.

Replying to Mr. Johnson (S. C.) Mr. Mann said he would vote to amend various paragraphs in the bill, should the opportunity be offered. Mr. Sims began to complain, but was further when Mr. Bartlett (Ga.) demanded the regular order, the effect of which was to cause the reading to continue.

The reading of the bill was concluded and the house adjourned.

## RUSSIA READY TO INTERVENE

Troops Already on Move Toward Persian Frontier and Supplies Are Collected.

ST. PETERSBURG, March 19.—All preparations are now complete for Russian military intervention in Persia should such a step be found necessary. The Third Rifle battalion, with its field equipment, arrived at Julia, on the Persian frontier, today, coming from Tiflis. The men are under canvas in the expectation of orders to proceed to Tabriz. The Sallansk regiment also is in readiness to move at a moment's notice. Supplies and equipments are now being sent forward from Reasi. Another regiment, stationed at Yelizavetpol, has been ordered to prepare for field service.

## BARELY SAVES DONOHUE BILL.

To save the Donohue nonpartisan judicial bill from defeat, its friends succeeded in getting it reported back to the general file and it will again have to go through the sifting committee before it comes up in the committee of the whole. When the measure was reached this morning in the committee of the whole in the house Neys of Case, republican, objected to it as being a dangerous piece of legislation.

Wilson of Polk, democrat, delivered a lengthy argument against it. He argued that it would be a case of weeding out undesirable candidates at the general election instead of at the primary. He argued that it would be easier for the special interests

## WOMEN SUFFER NEEDLESS PAIN

Many Mysterious Aches May be Cured by Curing the Kidneys

Every woman has so much pain, work and worry in life that any needless daily suffering from backache, headache, dizziness, languor or other kidney ills is unfortunate, indeed.

Doan's Kidney Pills have brought new life, health and strength to thousands of women afflicted in this way, by curing the kidneys. If you don't just understand your condition don't forget that it may be the kidneys.

Women easily fall victim to kidney ills. The confining work a woman does, the tight, heavy clothing she wears, the constant bending, reaching and lifting of household work, the care of bringing up children, are all trying. Any fever, cold, chill or strain may weaken the kidneys, and set up congestion, with backache and disturbances of the urine.

Too many women have come to think that backache, pain through the hips, headache, "blues," dizzy spells, sick headache, nervousness and swelling of the ankles, wrists or limbs, are troubles peculiar to the sex. Don't make that mistake, suspect your kidneys first. Men have similar aches when the kidneys are sick.

It is a woman's duty to herself and to her family to detect the first signs of kidney weakness, and to give the kidneys prompt help. A special remedy for weak-

ness or diseased kidneys, for backache and urinary disorders, is Doan's Kidney Pills, a composition of vegetable ingredients that may be taken by strong or weak, or young or old, for the action is gentle, and only on the kidneys. Doan's Kidney Pills restore normal action of the kidneys, regulate the urine, drive out backache and languor, and cure kidney troubles permanently.

OMAHA PROOF  
Mrs. H. D. Plak, 223 South Fifty-third street, Omaha, Neb., says:  
"My back often pained me so severely that I could scarcely stand and I was at a loss to know how to find relief. After a member of my family had used Doan's Kidney Pills with great benefit, I decided to give them a trial. I procured a supply and soon after I began their use, the pain was relieved and I felt better in every way. I can certainly recommend Doan's Kidney Pills." (Statement given August 18, 1906.)

On February 3, 1909, Mrs. Fisk added to the above: "I recommend Doan's Kidney Pills as highly today as I did three years ago. I know this remedy can be relied upon to bring relief from kidney complaint."
