WHEAT SITUATION IS QUIETER

Opened Stendy, but Grew Wenker on Lower Cables and Less Excited Feeling in Europe.

OMAHA, March 25, 1909. News no the wheat situation was quieter today. Foreign markets were lower, with a more settled political outlook. The domestic and local market proved only a shade easier and was due mainly to a momentary lack of demand.

Com is acting stronger, with receipis lighter and spare table offerings. The demand is fair and values are expected to hold steady, but with little change at the present.

Wheat spened steady, but grew weaker later on lower cables and a less excited feeling in Burepena markets. Profit-tak-ing was general on all advances and the close was decidedly weaker than yester-

May wheat opened at \$1.10% and shaed at \$1.10.

Corn held steady after a strong opening. Receipts were light and cash offerings were readily taken. With fair and warmer weather seeding will cits off any run of grain and lag in value is sinexpected.

May corn opened at size and closed at \$554c.

May corn opened at able and closed at Coc.

Primary wheat receipts were 472,000 bushels and sulpments were 505,000 bushels against receipts last year of 372,000 bushels and shipments were 381,000 bushels and shipments were 535,000 bushels and shipments were 535,000 bushels and shipments of 27,000 bushels and shipments of 27,000 bushels and shipments of 27,000 bushels.

Clearances were 182,000 bushels of corn. 5,000 bushels of cars and wheat and four equal to 72,000 bushels.

Liverpool closed 1,000,00 bushels of cars. Liverpool closed 1,000,00 bushels of cars and wheat and 3,000 bushels of corn. Liverpool closed 1,000,000 bushels of cars. Liverpool closed 1,000,000 bushels of cars. Liverpool closed 1,000,000 bushels of cars.

CHICAGO GRAIN AND PROVISIONS Fentures of the Trading and Closing

Prices on Board of Trade. CHICAGO, March 25.—Reports claiming that seeding has begun in South Dakota and that the fall sown crop is in good condition caused considerable weakness in

condition caused considerable weakness in the wheat market today, closing quotations showing net losses of \$\frac{1}{2}\$C. Corn closed cary, cais weak and provisions steady.

Traders in the wheat pit were inclined to disregard war talk, which has intermittently for the last few months bullishly affected the market here, and to place more bredence in reports bringing a favorable outlook for the winter crop of this country. The beginning of seeding operations in South Dakota, under favorable conditions, also gave promise of a large crop of spring wheat. The only news of a builts character was an estimate on the week's exports of wheat from Argentina. builish character was an estimate on the week's exports of wheat from Argentina, which placed the amount at more than which placed the amount at more than 1,000,000 bu. less than last week's movement. Trade in the pit was rather quiet all day and prices fluctuated over a range of \$1.00 May sold between \$1.17 and \$1.17\$. Sentiment in the pit was beartsh nearly all day and the close was week at almost the lowest point. May being at \$1.17\$\text{sendy}: 17\$. EGGS—Steady: 17\$c, cas lowest point. May being at \$1.17\$\text{sendy}: 17\$c. The feature of trade in corn was the buying of the May delivery and the selling of \$1\$\text{uly} by feating commission houses, which widered the served between the two

Halting Tendency in Rise is Due to Narrowness of Market.

LOW-PRICED ISSUES SUPPORTED

Announcement that Miners Will Not Strike Canses Realizing Sales of Reading-Speculative Undertone Confident.

NEW YORK March 25.—The haiting tendency in the rise of prices today was traceable to narrowness of the market and to the perception of that fact by the professional operators, which made them cautious about running out the movement to undue lengths. With stocks for sale in scanty supply, the professionals find they can advance prices with considerable facility and at cost of comparatively light purchases. The difficulty arises when attempts are made to effect any real sales, the actual demand being as meager as the supplies offering. Attempting of selling, therefore, reveals a hollow condition of the market and serves as a warning to be careful about assuming burdents. The backing and filling of prices today was due to this technical condition of the market as much as to any news bearing on values. The efforts to support the market against the reactionary tendency centered on the low priced railroad stocks and conspicuous advances were made in the group under common control of an interest concerned in the most spectacular of the recent railroad deals. The extension of these deals is rumored from time to time and the return to the financial district after a period of reported illness of the leading figure in the control seemed to give occasion for some of these movements. There was a supplementary movement in the Eric issues caused by the interpretation of the official opinion of the Public Service commission on the application for the bond issue of that company, which was read as leaving a loophole for modifying the requirement for consent to the plan of 90 per cent of the bondholders. The doubt which has been felt whether so large a proportion of assents could be secured has caused fears that the whole plan might miscarry. Today's developments were accepted as promising a way for the carrying out of the plan. In Reading, the news overlable to official opinion of work on April 1, even in the event of a failure of an agreement on the signer movement of consent to the plan of 90 per cent of the confirmed vesterda

overnight confirmed yesterday's rumors, that the anthractics miners' representatives were moving towards a plan to avoid a cessation of work on April 1, even in the event of a failure of an agreement on wages by that time. Reading, therefore, was affected by profit-taking.

There were reports in circulation that another luil had come in the demand for copper, indicating a temporary character for the improvement for the last few days. The views of the accepted organs of the steel and from trades gave nothing to encourage enthusiasm over present conditions, the demand induced by the cut in prices being pronounced unimportant thus far. Some of the buying of stocks of the last few days is reported to be due to confidential information of plans for the ultimate shaping of the tariff bill, the nature and source of which are disclosed only by innuendo. Reports of steps towards framing an income tax and of intended administration of the anti-trust law were not of stimulating effect on the speculation. The anxiety abroad over the situation in the Baikans underwent another relief and that and the easing money outlook made foreign securities markets firm. The resistance offered to the reaction by the local stock market kept the speculative undertone confident.

money exceeded the supply on the market today and discounts were easy. Although the Balkan situation and the approaching settlement caused fresh commitments on the Stock exchange, the tone was rather better, with slight improvements in for-eigners and Kaiffirs under Parls support. while the improving bank reserve strength-ened gilt-adged securities. The continued influx of gold and prospects of monetary ease at the end of the quarter raised the hope of a reduction in the Bank of England's rate of discount in the near future. American securities after temporary weak-ness, improved steadily on bear covering. Bultimore especially, the Harriman issues, the United States Steel issues being in the lead. But New York offered stock later and the market closed dull below the best for the day.

CATTLE-Receipts of catte tula morning numbered 162 cars, as against eighty cars to Thursday of last week and isl cars two weeks ago. The market as a whole did not slow any very noteworthy changes as compared with vesterday Buyers started out, in the morning with the evident intention of bearing prices on the evident intention of bearing prices on the fact that their first bids were generally quite a little lower than yesterday. The fact that receipts were quite liberal gave them some advantage and they succeeded in buying a few cattle that looked a little lower than yesterday. As it became apparent that there was really a pretty apparent that there was really a pretty fair demand the trade livened up somewhat

and the market became fully steady with yesterday.

The market on cows and heifers followed the lead of beef steers very closely. Buyers in their case also started out with the evident intention of forcing a decline, but in the end paid about steady prices.

There was no material change in the stocker and feeder trade, prices as a rule being quoted about steady with yesterday.

Quotations on cattle: Good to choice corned fed steers, \$1.5005.50; fair to good cornfed steers, \$1.5005.50; fair to good cornfed steers, \$1.5005.50; fair to good cows and heifers, \$1.5005.60; good to choice cows and heifers, \$1.5005.60; good to choice cows and heifers, \$1.5005.60; stock heifers, \$2.0004.00; yeal calves, \$3.5007.50; bulls, stags, etc., ke ers, \$4.5005.40; fair to good stockers and feeders, \$3.5005.40; common to fair stockers and feeders, \$3.5005.50; common to fair sto and the market became fully steady with

ers and feeders, \$3.2604.00. BEEF STEERS,

THEIR RECORD Omaha's Democratic City Council

Our citizens have every reason to be have made as "THE BEST CITY COUNCIL OMAHA HAS EVER HAD." You ought to help re-elect them if you believe in keeping in office men who have been tried and found to be true representatives of the people.

ANDY HANSEN, Councilman First Ward. LEE BRIDGES, Council Second Ward. L. B. JOHNSON, Councilman Fourth Ward. GOODLEY F. BRUCKER, Councilman Fifth Ward. W. S. SHELDON, Councilman Sixth Ward. ALMA JACKSON, Councilman Seventh Ward. DR. JOHN C. DAVIS, Councilman Eighth Ward. THOMAS McGOVERN, Councilman Ninth Ward. PETER E. ELSASSER, Councilman Tenth Ward. M. F. FUNKHOUSER, Councilman Eleventh Ward. M. L. ENDRES, Councilman Twelfth Ward.

They have given a business-like administration of city affairs. They have paid off more old debts than all other Omaha City Councils, having paid \$275,000 of old bonded debt and \$110,000 of old warrant They have reduced taxes an aggregate of \$15.60 on each thousand dollars

of Omaha property during their term of office, as compared with the former three years of Republican rule, and have issued no bonds to pay ruining expenses as did the preceding administration. Under this administration, more miles of new pavement and more blocks new sewers and new sidewalks have been placed than under any council Le-

They have placed and have kept the city on a cash basis. They have permitted no over-laps in city funds, thus no deficits. All transactions of the City Council are held in open meeting. No star

hamber work. No corporation lobby at this Conneil's meetings. They have been free rom corporation domination. Fairness of treatment to all has been their

watchword, the humblest citizen receiving the same courteous treatment as the largest corporation lawyers. This Council has been free from prejudice and fanaticism. They have en-

forced the laws and made many better ones. They have granted more police and given better fire protection. They have installed in the city more than 340 new electric street lights; this with less taxes.

They secured a contract whereby garbage is removed free to all citizens. They have secured the opening of Twenty-fourth street. Several other Councils failed.

They have secured a viaduct to cross the railway tracks at Bancroft street. They have secured a reduction of Telephone and Electric light rates. Among its most notable acts has been that of acquiring the Levi Carter

Park—Omaha's future greatest park.

They have secured universal street railway transfers.

They have secured the removal of unused street car tracks. They have secured the removal of electric light and telephone poles from the down town streets.

They have secured the removal of unsightly street signs from sidewalks. They have redeemed all platform pledges. They are not politicians, only three of them were ever candidates for any public office other than the one they now hold, and only two of these ever

held public office before. By giving to the city a business administration of its affairs, they have re-established confidence, thereby increasing real estate values and encouraging all-building operations.

You ought to vote for them. They need your support. Polls open from 12 m. to 9 o'clock p. m.

Democratic voters in any of the wards can vote for all of them at the primaries, March 30. They are to be nominated by the city at large,-ADV.

SHEEP heceipts of sneep and lambs this morning were very light. At the same time there was a good demand and packers, havvices from Chicago indicated a weak mar-ket at that point, went after the offerings in a hurry. The result was that prices ad-vanced 1921bc and some operators on the market were pointing here and there to sales which, compared with the weak time yesterday, looked to them as much as 159 5c higher. Still, to call the general mar-ket 1021bc higher would be sufficient. The trade was very active at the advance and everything in sight changed hands in a very everything in sight changed hands in a very few initiates after the opening of the mar-ket. Pretty decent Mexican and western iambs sold as high as \$7.75. The Mexicans were the same man's feeding as those which sold at \$7.66 on Tuesday. There were which sold at \$7.66 on Tuesday. There were a few old wethers good enough to sell up to \$6.10, but there was nothing very choice along that line, nor were there any yearlings of any consequence. Ewes sold up as high as \$5.75.

All in all, it was a very satisfactory market and entirely to the liking of sellers.

Quotations on sheep and lambs: Good to choice lambs, \$7.50@7.85; fair to good lambs, \$7.50@7.85; fair to good lambs, \$7.50@7.85; choice light vessilings.

choice lambs, \$7.50g7.8s; fair to good lambs, \$7.00g7.50; Good to choice light yearlings, \$8.75@7.35; good to choice heavy yearlings, \$6.50g7.00; good to choice wethers, \$6.00g6.25; fair to good wethers, \$5.75@6.00; good to choice ewes, \$5.50g6.8s; fair to good ewes, \$4.75@6.50; cuils and bucks, \$2.00g4.00.

Representative sales:

No. Av. Pr.
