

# The New Colors in Spring MILLINERY

The one great feature of the new Spring colors is their exquisite delicacy. In flowers particularly the colors are as subtle and dainty as can be imagined and are best described by likening their tints to the delicate water color effects.

Wisteria colorings are prominent, catwaba is one of the new favorites and beautifully portrays the reddish grape hues.

Closely allied to this are the Old Rose colorings now so popular. Taupe and Smoke are included in the list of colorings, so are champagne tints. The all black hat and the all white hat still retain their popularity. Some of these will have a single bright flower or bouquet of tiny rosebuds. If you want to see a display of fashionable millinery portraying new colors, come Monday to our Millinery Department, second floor.

**Reduced—Great Silk Value—\$1.25 Fine Imported 34 Inch All Silk Pongee, Monday 98c a Yard.**

Free Lessons in art embroidery every day from 3 to 5 p. m.

See Our Win for the Latest Fashions.

Plans of Omaha would give their services free, and liberally of their money. The plan, so far as Mr. Ransom was informed, was to donate the present college building at Twelfth and Pacific streets, for which the state now pays a rent, and to make the hospital a nucleus of a large medical institution. The finance committee did not include the amendment in the bill, but the

that the eastern part of the state would get the benefit and the western section of the state was not ready for such a measure. The Omaha delegation favored the bill, which also helped to kill it.

**Bryan Gets 'Em on Roll Call.**  
Though the house in the committee of the whole killed S. F. 102, Mr. Bryan's school of politics of citizenship, as he prefers to have it called, the house was afraid to go on record against the peroxide boss and the committee report was turned down by a vote of 42 to 30, when the roll was called. In the committee of the whole the vote to indefinitely postpone the bill was 49 to 19.

When the bill came up Taylor of Custer and Taylor of York both spoke against it and not a voice was raised in its defense. Taylor of Custer told how the senate was spending money for the university by reason of the medical college in Omaha and how it had cut down the appropriation for a normal school in western Nebraska. He thought the university could get along without the school of citizenship. Taylor of York said there was enough politics in the university now. So the bill was killed with little trouble.

But when the committee arose Kotouc of Richardson county moved not to concur in the report of the committee, but to recommend the bill for passage. This carried because the members who had voted against Mr. Bryan's pet idea in the committee of the whole where no record was made, were afraid to record themselves against him when there was a chance of the presidential candidate finding it out.

**Another Machine Bill.**  
Within ten days after he signs H. R. 356 Governor Shallenberger will have an opportunity to begin the practical building of his political machine, which this legislature has set out for him. The bill agreed to by the senate amendment to H. R. 256, which was merely a repealing clause, the bill provides the governor shall appoint a state normal board within ten days to take the place of the State Board of Education. With the signing of the bill any new normal school the legislature provides for will move in the direction of O'Neill. Incidentally it is to be noted that Dr. Shellhorn will be among the first let out of the present Board of Education.

**Insurance Bill in Bad Shape.**  
It is evident an explanation is due from the engrossing room of the senate, say members of the house. S. F. 235, by Howell of Douglas, which provides a penalty for insurance companies to do business through other than their agents in Nebraska, came over to the house with one page missing and some amendments gone. The bill has created considerable interest and it has been hard fought, so when it reached the house in such bad shape several of the members began to wonder why. The bill will be amended in the house to include the portions left out.

**ADDING TO APPROPRIATIONS**  
Senate in Committee of the Whole Raises the Amount.

(From a Staff Correspondent.)  
LINCOLN, March 27.—(Special.)—Ninety-seven thousand dollars in appropriations was added to the general maintenance bill by the senate committee of the whole today, the amendments carried an increase of \$22,000 over the bill as it came from the house. The house bill carried an appropriation of \$1,965,125. The senate committee recommended changes, making the figures \$2,385,418, and the senate committee of the whole added enough to make the total \$2,385,418. Consideration of the bill was forced on the amendments of the committee not being printed.

The new items were as follows:  
Site for hospital in connection with medical school in Omaha.....\$20,000  
New building for nurses and attendants at Norfolk.....10,000  
Traveling expenses for district judges, 2,000  
Increase for employes at Millard Soldiers' Home.....1,000  
Wing for State Historical society building.....2,000  
Hot cholera investigations.....5,000  
Overruling the cut to \$50,000 of \$75,000 house appropriation for normal training in high schools.....25,000  
For attorney general prosecution expenses, increase.....2,000  
Total.....\$77,000

Included in the bill as recommended to pass is every item favored by the finance committee and published at length in The Bee today, with the above additions. This includes the \$10,000 for an extension of a sewer for the Grand Island Soldiers' home, \$100,000 for a fine stock coliseum for the state fair grounds at Lincoln and \$50,000 for "physical valuation of railroads." The bill reads in this form and if the legislature seeks to confer any added powers in the physical valuation line it is doubtful whether the bill will cover such expense.

Fuller of Seward made a fight against the \$10,000 item for a sewer at Grand Island and declared the senators had made more trades to vote for this item than they had for any other thing in the bill. Senator today said that the Hall county contingent, which had beaten his Lincoln charter had never come to him about the matter until they had done "their dirty work," but he said he believed it was due to the old soldiers to put in the sewer and notwithstanding what Hall county had done for him, he would favor it. The senate concurred.

A long discussion took place over the appropriation of \$100,000 for a fine stock pavilion at the fair grounds, which Senator King said would be used but six days in the year and would be idle for the remainder of the time. The item was favored by Miller, Gammill, Donohoe and Ransom. The enterprise of the promoters of the corn exposition of Omaha securing subscriptions themselves was referred to as a guide for the State Fair board, but in reply it was said the fine stock in dustry was some.

**LESS MEAT**  
Advice of Family Physician.

Formerly people thought meat necessary for strength and muscular vigor. The man who worked hard was supposed to require meat two or three times a day. Science has found out differently.

It is now a common thing for the family physician to order less meat, as in the following letter from a N. Y. man: "I had suffered for years with dyspepsia and nervousness. My physician advised me to eat less meat and greasy foods generally. I tried several things to take the place of my usual breakfast of chops, fried potatoes, etc., but got no relief until I tried Grape-Nuts food. After using Grape-Nuts for the several part of my meals for two years, I am now a well man. Grape-Nuts benefited my health far more than the \$500 worth of medicine I had taken before."

"My wife and children are healthier than they had been for years, and we are a very happy family, largely due to Grape-Nuts."

"We have been so much benefited by Grape-Nuts that it would be ungrateful not to acknowledge it."  
Name given by Postum Co., Battle Creek, Mich. Read "The Road to Well-being" in plain English. Reason's.  
Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

# FIRE SALE OF COAL

3000 TONS of coal at our north yard will be sold at very low prices. See our advertisement in Monday evening papers. The low prices will save hundreds of dollars for buyers and will make us scores of new friends. The coal offered is but slightly damaged. Its original fuel value is not materially decreased but our fire sale prices will be cut to the core.

Hard Coal, Cherokee, Economy, Ohio, Hanna, Rock Springs, Walnut Block, Ozark, Spadra, Sunshine and other kinds.

**TEST:** Go to our north yard at 24th and see the coal yourself. Take north 24th St. car to the gate. Do this Monday so you can know what to order when the sale begins Tuesday.

Read the bargains in Monday evening papers. Prepare to buy your next winter's supply of coal at this sale. Quick action will be necessary if you want "in" on the deal.

## SUNDERLAND 1614 Harney

### Harriman on the Way East

Union Pacific Magnate Leaves Burlingame, Cal., in Special Train for New York.

BURLINGAME, Cal., March 27.—If Edward H. Harriman contemplates retirement in the near future he does not intend the fact shall be known prior to his return to New York. The improvement in his physical condition to which he calls the attention of each new visitor has shortened the period of his stay on the Pacific coast and tonight his special train was headed eastward, carrying Mr. Harriman and the members of the original party, which includes his daughter, his physician and Mr. and Mrs. Groot.

Railroad officials who have been in close touch with the magnate since his arrival in California expressed confidence that there would be no early announcement of a plan whereby Mr. Harriman is to transfer to the shoulders of trusted lieutenants a share in the direction of his complex business affairs.

With the inspection of the lines in Mexico finished and his desire to observe other matters of minor importance gratified it is said that he has lingered in this state solely because he felt himself able to spare the time. Occasionally twinges of rheumatism are said to have caused him more inconvenience than has developed from any nervous disease and it is the general belief that he was able to convince Dr. Dixon, his physician, that there was no actual necessity for a more protracted stay at Paso Robles.

### YORK DEFEATS UNIVERSITY

Good Base Running in the Eleventh Turns the Trick.

YORK, Neb., March 27.—(Special Telegram.)—Business college 4, State university 2, was the score in a fast game of ball today between York business college and the State university. York won out in the eleventh inning by a great piece of base running by Loudinlager, running for M. Hockinberry, when he scored from second on a short grounder to the pitcher. Manager Fox of the Lincoln league was so well pleased with the star work of Marvin Hockinberry, York's popular pitcher, that he declared that Hockinberry, who is signed by Lincoln and will have a tryout this spring, should make good.

York business college scored three in the fourth and one in the eleventh. The State university scored one in the first and two in the sixth.

Struck out: By Hefty, 2; by Hockinberry.

### LINCOLN HIGH THE VICTOR

Omaha Boys Almost Pull Out Victory

Lincoln High school won from Omaha High school five here tonight, the score being 32 to 28. The match was one of the fastest and most exciting ever witnessed on a local floor and ended in a whirlwind finish for the Omaha team. The latter was sixteen points behind at the end of the first half, but made 22 to Lincoln's 10 in the second almost winning the game.

### SECOND SON SPURNS THRONE

Alexander Refuses to Become Crown Prince of Serbia, but Sticks to Brother.

BELGRADE, March 27.—Prince Alexander, the second son of King Peter, is taking an active part in smoothing over the difficulties that have surrounded the crown prince, his brother, George, since the latter's statement that he renounced all claim to the Serbian throne. Alexander said:

"I shall, under no circumstances, agree to take my brother's place. If he cannot be a good king, neither can I. I will stick to my brother through thick and thin. George must remain crown prince."

### DEATH RECORD.

Dr. P. S. Connor. CINCINNATI, March 27.—Dr. P. S. Connor, a physician and surgeon known to the medical profession throughout the United States, died suddenly from heart disease late yesterday.

He was born at West Chester, Pa., in 1838. He had served as president of the American Surgical Association and American Academy of Medicine and also was professor of surgery in the Dartmouth Medical school at Hanover, N. H.

only in the executive government, but in the congress, toward such consideration and study of the government expenditure as will bring about a responsible relationship between the expenditures and the revenues.

### STUDENTS SHAVE PROFESSOR

Instructor of Fort Worth School Rescues a Cut Head and Fapils Do it for Him.  
FORT WORTH, Tex., March 27.—Because Prof. L. A. Wiltsey, a new instructor in the University of Fort Worth, declined to shave off his long side whiskers at the request of 200 students, he lost them late last night in the dark on the campus grounds. While walking home from prayer meeting he was approached by twenty young men, supposedly students, who threw him on the grass and clipped his whiskers. Several expulsions are expected.

Slashed with a Razor wounded with a gun, or pierced by a rusty nail, Bucklen's Arnica Salve heals the wound. Guaranteed, 2c. For sale by Beaton Drug Co.
