## CITY TO HAVE A NEW PARK

M F. Rohrer and Leonard Everett Donate the Land.

Only Condition Made by Donors It Be Named Lincoln Park and Thousand Dollars Be Expended in Improvements.

Thorugh the efforts of Mayor Maloney and Councilman Jensen and the public spirit of M. F. Rohrer and Leonard Everett. Council Bluffs is to have an addition to its park system. The new playground Everest, will be known as Lincoln park and the tract, which is to become the property of the city, is located in the "horseshoe" formed by the recently laid out Oakland drive. The new park will contain about

When it was suggested to Mr. Rohrer that he donate the tract contained in the horseshoe formed by the winding of Oakland drive, recently laid out by him, he at once acquiesced and in addition informed Mayor Maleney and Councilman Jensen, who waited upon him, that he would give lots 1, 2 and 3, Lock L. Rohrer's first addition, if Mr. Everett would donate outlot 1 in Mill addition to add to the area of the proposed new park.

Mr. Everett, when waited upon by the city officials, said he was willing to do his part and would gladly give the ground needed in Mill addition to complete the park. Mr. Everett, however, stipulated that the new park should be known as Lincoln park and not as Rohrer park, by which name the property in that section has been known. Recently a number of residents on Oakland avenue started a fund to erect some kind of a monument to Abraham Lincoln on what is known as "Lookout Point" at the head of Oakland and Lafayette avenues, where the new thoroughfare. Oakland drive, starts. As this monument when erected will stand on John J. Spindler, Sam Snyder, F. J. Schnorr. the highest point of the new park, Mr. Everett thought it would be only proper name the park after Lincoln.

Mr. Everett further stipulated that the Board of Park Commissioners should expend at least \$1,000 this year on improving this tract to be known as Lincoln park. Although the matter has not as yet been brought formally before the park board, it s understood that the commissioners are ready to agree to Mr. Everett's terms. Much of the ground included in the tract to be formed into a city park is on the slope on the west of Oakland avenue and

will need to be graded and terraced. There is a magnificent view from Look

and the other three lots in the new addidon recently laid out by him. Mr. Everett was also willing to donate the tract in Mill addition known as outlot No. 1. All he asked return was that the park should be called Lincoln park and that the park commisisoners should expend \$1,000 this year in improving it. Mr. Robrer was perfectly willing that the place should be called scoin park. The thanks of the city are due Mesara. Rohrer and Everett, as we get the park without cost to the citizens. The deeds transferring the property to the city will be signed in a few days."

CRESCENT WOULD INCORPORATE In Early Days Was Place of Much

Importance. The inhabitants of the village of Crescent which lies about eight miles northwest of Council Bluffs, want it incorporated as a A petition for incorporation bearing the signatures of thirty-three electors, which is eight more than the law actually requires, was filed in the district court yesterday. The question of incorporating will have to

be submitted to the voters of the village at a special election. In the petition filed vesterday the court is asked to make an order for the appointment of commissioners who shall be directed to give notice and hold an election as required by law.

When what is now the city of Council Bluffs was known as Kanesville, a western outfitting post, Crescent was almost a city ud was a place of considerable importance. That was in the '50s, and for a few years it experienced a veritable boom. At that time the ferry across the Missouri river was lo-

this section of the state, and they built boom did not last and many of them were moved to Council Bluffs.

from Crescent at the time the boom collapsed are still standing in Council Bluffs and are in fairly good condition today. Notably smong these are the Sapp residence on Cakland avenue and the former home of the Phillips family on Bluff-street, now owned and occipied by Attorney J.

TERMINAL TAX BILL DEAD

meeting will arrange for the drawing of Senator Saunders the Only One to Speak in Its Favor.

AT HEAD OF OAKLAND AVENUE COMMERCIAL CLUB COMMITTEES DECISIVE VOTE AGAINST IT

Controversy Over the Pharmacy Com missioner Goes to Court for a Settlement, Says the

Governor.

(From a Staff Correspondent.) DES MOINES, March 27 .- (Special.) The senate emphatically refused to endorse the terminal tax plan, which has been strenuously advocated in behalf of Council Bluffa, Senator Saunders had spent a large part of his time working for a bill to secure a change in the manper of assessing and taxing railroad property so that the portion which lies within city shall be assessed locally and this valuation be deducted from the general assessment of the railroad, so that there would be less of taxation in the country districts and correspondingly more in the cities where the terminals are located The bill came up for passage and Saunders spoke earnestly in its favor. There was no other discussion. The bill was lost, 15 te 24,

The senate also considered briefly, but did not finish, a bill which looks to the appointment of visiting committees to go o the various state institutions and make report at the opening of the legislative session each two years. Senstor Bruce offered an amendment to create another committee especially to audit the books and accounts of the state officials and state house. This was supported by Entertainment—H. H. Van Brunt, chairman; J. F. Wilcox, W. E. McConnell, Gus Louie, William Coppock, E. W. Hart, George 8. Wright. Gillilland and both of the men argued that there was great need of a probe out action on the amendment

> Debate on Public Utilities The senate spent considerable time in de bating the various measures to create a state board of utilities. Several of these measures were brought before the senate, also a bill to give city councils greater power in the matter of securing information as to the public utilities of the state. The day was largely spent in discussion of these matters. It was found that in fact the telephone, interurban and other companies desire that all of this matter shall be placed under a state board.

Controversy Goes to Court. The governor made a public statemen today as to the status of the controversy between himself and B. F. Keltz, one of the state pharmacy commission. He states the state pharmacy commission. He states that in view of the discovery he cannot remove a state official at will, he has turned the whole matter over to the attorney general for his action in court. He recites that a week ago Monday he called up Keltz over the 'phone and asked his resignation, and he says that Keitz agreed to resign. The matter in controversy relates to four days per dieem at the time of lates to four days per dicem at the time of the republican national convention, and the governor has information that Keltz attended the convention and did no work for the state at that time, though he charged the state his expenses for the time. It is because of this that the resignation is demanded. The governor states that the incident as it relates to J. S. Goss of Atlantic, is closed, since the removal of Goss was accomplished.

City to Build Market House. The city of Des Moines will begin in a short time the erection of two market houses. An ordinance authorizing the sale of \$25,000 bonds was passed today. These

Free Men on Texas Land Beal. Charges against G. W. Shope, a local land dealer, and his associates, have been dropped in the district court. The men were charged with fraud in a Texas land deal. The court dismissed the indictments, but said that although they were within the law the law itself was "a rotton deal.

# An Appeal to Republican Voters.

Mr. John P. Breen, who, as City Attorney of this city in 1905-6, made an admirable record both as lawyer for the city and as a man who possessed rare qualifications of firmness and fitness in public office, became a candidate for Mayor this year at the solicitation of Republican Clubs, and Republican citizens who earnestly desired and hoped to secure a nominee who could not only win a victory for the party, but who, as our Mayor, would reflect a much needed credit upon the city. He is a man thoroughly learned in municipal law and city government; a gifted lawyer of commanding personality and a fine public speaker. He would represent us as we ought to be represented among the great and growing cities of the country.

Now, good citizen, as well as republican voter, we did not in endorsing Mr. Breen, and do not now desire to arrogate to ourselves the right to decide who shall be the republican nominee for Mayor, for the privilege must be exercised as it ought to be, by each voter for himself; but it seemed to us that republican sentiment, as it found expression in all Republican Clubs, and organizations throughout the city, as well as that conveyed to us by republican citizens outside of any Club organization, and, indeed, coming to us from good citizens outside our own party, might be safely heeded in recommending a nominee for Mayor.

We appeal to you not so much in behalf of Mr. Breen as we do in behalf of good government, of better government in this city, when we ask that you do not forget to go to the primary polling places in your respective wards on Tuesday, March 30th, and vote for Mr. Breen's nomination, for, as it seems to us, he is the republican candidate certain of election after the nominations; and remember, that it is at the primaries that the struggle for better government in the city for the next three years will be practically determined. Don't throw your vote away there.

FONTANELLE REPUBLICAN CLUB. By W. H. Hatteroth, Secy.
