THE OMAHA DAILY BEE: MONDAY, MARCH 29, 1909.

Number of Injunction Suits Pending, and Report in Anti-Saloon League Will Insist on the Extreme

Penalty.

Strict technical compliance with all the provisions of the mulet law by the saloonmen of Council Bluffs is to be demanded by the lowa Anti-Saloon league, is the statement of M. S. Odle, attorney for that organization. There are to be no half measures and any saloonman violating in the slightest degree the provisions of the mulet law is to be put out of business, is the slogan of the anti-saloon forces.

There are listed for hearing before Judge Wheeler in the district court Monday twenty-eight saloon injunction suits brought by the Iowa Anti-Saloon league, in which Joseph Leader, a resident of the town of Oakland, appears as plaintiff and M. S. Odle as attorney. Leader is a leading member of the Pottawattamie County Anti-Saloon league and at the general election last November was a candidate for member of the board of supervisors on the prohibition ticket.

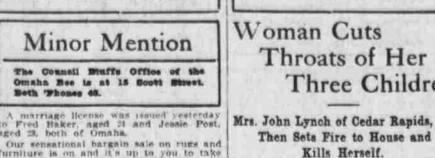

Incidentally it may be noted that the successful prosecution of these saloon injunction suits nets the attorney for the plaintiff a fee of \$25 in each case as provided by law. This fee is taxed against the defendant saloonkeeper. Until a few years ago the fee in such cases was \$100 and at one term of court in Council Bluffs a local attorney who made a practice and incidentally a handsome income by bringing such suits against saloonmen, netted \$3,000.

It is the intention, it is stated, in the cases which are to come up for a hearing Monday before Judge Wheeler, to ask injunctions, not only against the saloonkeepers, but against the property also, and keepers, but against the property also, and to ask orders of abatement. Such an order if carried into effect would result in the issuance of a writ of abatement, the selz-ure and destruction of all liquor found in the place, the selzure of the saloon fix-tures and the closing of the building for a period of one year against use for saloon

a period of one year against use for saloon purposes. The saloonmen regard the situation as most serious and they are now endeavoring to devise some means whereby they can stave off the impending descent of the sword now hanging over their heads. Dur-ing the last few days a petition has been circulated among them asking that the prosecution of the cases brought under the circulated among them asking that the prosecution of the cases brought under the direction of the lowa Anti-Saloon league be suspended, except in those cases where flagrant violations of the law are known to have been committed. The signers of the petition agree that in the future they will comply strictly with the terms of the law. The saloonmen, however, are not over confident that Attorney Odle will pay any attention to this petition even if guar-anteed that he shall receive the full amount of his fee in each case filed. of his fee in each case filed.

New Drug Law in Effect.

WEBSTER CITY. Is., March 28 .- (Speial.)-Druggists throughout Iowa are greatly interested in the Newberry pure drug law, which will go into full effect April 1. This law was passed two years ago, but an appropriation for its enforcement was overlooked. It has been partially enforced, however, by the Pharmacy commission and the appropriation to be made by the present legislature will put the

entire bill into effect April 1. The Newburry law is strict and will re juire drug stores to keep their supply of drugs fresh and up to a uniform strength. Every drug handled in the state must come up to the strength prescribed by the United States Pharmacy board of 1900 and the National Formulatory. The per cent of alcohol used in all concoctions must

also be shown upon the label. After April all goods displayed or kept for sale must RUNAWAY ACCIDENT IS FATAL be properly labeled and the possession of drugs not properly labeled will be deemed Fred J. Watts of Bentley Victim of prima facle evidence of intent to sell, Also

the use of wood alcohol in colognes, perfumes and massage preparations and the like is absolutely prohibited.

Dr. Pierce's Health Talks

The miracle of motherhood is often overshadowed by the misery of motherhood. The great functional changes which are incident to child bearing leave their mark for life on many a mother. Some women offer up their lives as a sacrifice on the altar of motherhood. A far greater number live on in ceaseless misery. Their strength fails, their beauty fades, they have no ambition and no enjoyment in life. To every woman

Dr. Pierce's Favorite Prescription

Offers escape from the pains and perils of motherhood. Taken during the period of waiting and anticipation this medicine strengthens the body, nourishes the nerves, and prepares the whole womanly system for the coming of baby. It also insures an abundant supply of nourishment for the child.

The mind feels bright and buoyant. There is no anxiety, no dread, but in its place a happy anticipation of the baby's coming, which counts for the future happiness of the child unborn. The use of "Favorite Prescription" makes the baby's advent easy, and gives abundant vitality to nursing mothers.

There is no alcohol or habit-forming drugs in "Favorite Prescription." It is a purely vegetable medicine.

Accept no substitute for "Favorite Prescription." There is nothing "just as good" for weak and sickly women. All its ingredients printed on its bottle-wrapper.

The larger success of doctor or druggist is never won by putting love for the dollar above duty to the sick. Protecting the sick, giving them what they ask for when Dr. Pierce's Favorite Prescription is called for, will enrich him in respect, if it does not swell to the utmost his profits.

Dr. Pierce's Favorite Prescription MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Hotel St. Francis SAN FRANCISCO

The center of entertainment in the city that entertains

HE GREAT PORTOLA FIESTA to be held in San Francisco next October will center in Union Square, the plaza that faces the St. Francis in the heart of the city, surrounded by the fashionable clubs, shops and theaters. Around this park the feast of flowers, processions of cavaliers and bull fighters, the crowds of the girls with flowers in their hair and men with sombreros, the gorgeous Japanese and Chinese Illuminations at night, combine with countless other features to create the most brilliant spectacle to be seen in the New World.

The three-winged Hotel St. Francis represents the largest hotel investment in the West and the farthest advance of science in hotel service. Upon completion of the Post Street annex, it will become the largest hotel in the world.

Under the Management of James Woods
