Populists Want Initiative. The delay over the physical valuation bill has caused some of the populists who demand the enactment of the initiative and referendum to demand that the legislature pass their platform measure. They are trying for a deal whereby the price of the initiative shall be the defeat of physical valuation in view of the deadline that still exists over the latter measure.

Surprised at Douglas "Senator." Superintendent of Schools Conn of Columbus had an interview with a Douglas county man whom he mistook for a senator and he is busy buying the cigars for everybody who heard of the incident. Little Denny Lynch, who forged the democratic name from Douglas county to appoint him to job this winter, was sitting on aavenport in the senate chamber one afternoon recently when Mr. Conn approached. Lynch was introduced as a senator from Douglas and played the part to perfection, while Mr. Conn conversed with him about some pending school matters, meanwhile smoking a cigar the Columbus schoolmaster handed him. Finally Lynch managed to dodge away without revealing his identity, when Mr. Conn turned to a friend and remarked: "I have heard and read a good deal about the men Douglas county sent to Lincoln, but I never supposed it was all true."

Treatment of Consumptives. The senate has passed Speaker Pool's bill, providing for the treatment of curable consumptives at the public expense where the patients are unable to care for themselves. The measure is the result of the efforts of a number of members—five, it is said—who have undergone the treatment provided in the bill at the hands of Nebraska physicians and have overcome the effects of the disease. The bill, H. R. 22, specifies that a patient, to receive treatment at the expense of the county in which he resides, must have lived there at least a year, must be indigent, and must satisfy the county judge this is the case. Admission to a hospital for treatment, which must be by the modern vaccine therapy method in conjunction with open air and other sanitary methods, must also be on a certificate of a responsible physician that the patient is curable.

State Board of Health Shall Certify. The State Board of Health shall certify a list of hospitals that will carry out the provisions of the act on their application and shall prescribe the system of treatment. The bill specifies treatment shall cost not more than \$10 a week, including board and lodging for the patient.

Dr. J. H. Tyndale of Lincoln has been greatly interested in securing the adoption of a measure that will reduce the spread of tuberculosis and influenza, and in the statement that this is the first measure to be passed by a legislature that prescribes a system of treatment which has been proved to be of great efficacy in numerous cases in Nebraska.

The senate recommended to pass the measure H. R. 44, indefinitely postponing the provision for \$1,500 for Captain E. J. Murfin, an attorney for Land Commissioner Fallmer, while fighting the Boyd county land cases. The deficiencies bill was favorably recommended with the \$50,000 wolf bounty item stricken out.

BRYAN'S PET HAS A CLOSE CALL. Declared Carried by Recording an Absent Member in Favor. (From a Staff Correspondent.) LINCOLN, March 29.—(Special.)—By voting an absent member in the affirmative, and after three calls of the house, Mr. Bryan's request to the regents of the university to establish a school of citizenship at the university "whenever the Board of Regents deemed the same advisable," was finally passed in the house.

The bill received fifty-one votes, though Mr. Bryan had lobbied for the measure from the first of the session both in public addresses and in private. Humphrey of Lancaster proposed that the roll call be verified and this carried.

When Haddell's name was called again to verify his vote no one answered or objected, but at the critical moment Mr. Evans of Hamilton changed his vote from no to yes and thus passed the bill by the exact number it required.

The Douglas county delegation voted for the bill, save Thomas, who first voted no and then when it looked like the bill was lost he changed to yes. Boyd of Hamilton first voted yes, changed to no and then again changed back to yes.

Seldon have the proceedings been as lively and never has there been such an exhibition of rullings and holdings by the speaker. Speaker Cannon could have got

ten pointers that would have made him famous had he been on hand. When the bill had received forty-seven votes, a call of the house was made. When this call was raised, it was found the bill still lacked the necessary fifty-one votes. Then another call was had. This call brought the number in the affirmative up to fifty, by Thomas changing from no to yes. Then came a third call of the house, when, by the change of Boyd of Hamilton to yes from no and by voting the absent Haddell, the required number was secured.

While under the call a motion was made for the house to take a recess, but this was lost. When it was found the bill lacked one vote after the second call had been raised, and the speaker still failed to announce the result, Raines of Webster moved that the speaker be requested to announce the result of the vote, as enough time had been wasted over the matter. While the speaker delayed putting this motion, Charles Dyer moved to adjourn until 9 o'clock tomorrow morning. This was lost.

When the house was under the call and a motion was made to raise the call, the speaker ruled it out of order because he held no business had been transacted since going under the call. Then the usual procedure was for some member to move a recess until 4 o'clock, which the speaker held was the transacting of business, and then the motion to raise the call would be put.

ROUTINE PROCEEDINGS OF HOUSE

Action Taken on a Number of Senate Files. (From a Staff Correspondent.) LINCOLN, March 29.—(Special.)—The house spent the entire morning in committees of the whole recommending for passage the following bills:

S. F. 143, by Bartos, to compel railroad companies to install in their offices, grounds and buildings telephones. The railroad committee of the house refused the measure to provide this should be done upon orders from the Railway commission, but the amendment was taken out by the committee of the whole.

S. F. 115, by Naves of Cass, to prevent the lowering of stock on a member of the Soldiers' Home.

S. F. 24, by Randall of Madison, interested party shall designate paper in which legal notices or orders shall be printed.

S. F. 202, by Banning of Cass, providing that dealers in dairy products may stamp their cans with their own mark and file the mark in the office of the secretary of state.

S. F. 123, by Volpp of Valley, allows mutual insurance companies to pay annuities to members over 70 years old.

S. F. 104, by Bodine of Buffalo, to provide for the removal of sand and gravel from school lands.

S. F. 10, by King of Polk, providing for the payment of an occupation tax by corporations. Exempts banks, insurance companies and building and loan associations and scientific and other corporations not organized for profit.

S. F. 316, by Barton of Saline, limiting the liability of hotelkeepers.

The house indefinitely postponed all house bills which are not on third reading. This has happened several times before under a different motion, however, so house bills may yet be raised if fifty-one members decide to do so.

ROUTINE PROCEEDINGS OF SENATE

House Bill Passes Fixing Rates for Official Bonds. (From a Staff Correspondent.) LINCOLN, Neb., March 29.—(Special.)—The senate today passed H. R. 512, by the house committee on claims giving the auditor, attorney general and treasurer the right to fix the maximum rates on surety bonds in the state. The measure was championed in the senate by Randall of Madison, who opposed a final effort to recommit it today, which was made by Senator Howell of Douglas. Randall said the movement was merely to kill the measure.

During debate on the bill it had been shown that some of the bonding companies had raised rates on the bonds of state officers 25 per cent. This was the case with the bond of the state auditor, who handles no money whatever. The bond of the state superintendent had been raised 25 per cent. It was shown that one company, with an income of \$40,000 a year, had losses of only \$1,140 in the same time.

The bill will now go to the governor. The senate passed H. R. 96, by Butt of Douglas, that no country road once established can be vacated without a majority vote of those who use it.

Senator Bartos' bill, H. R. 311, providing that no insurance company of the stock life kind may pay stockholders to exceed 8 per cent interest on the investment, failed of passage on third reading by a vote of fourteen to sixteen.

In committee of the whole, on motion of Laverty of Saunders, the senate knifed the house roll bill, H. R. 44, indefinitely in the attack, declaring the measure had been fixed up by a disappointed bridge man from Gage county, and that it absolutely took away the power of the county boards to engage in emergency bridge work and was not a road bill but a bridge bill. He declared the house members had since said they did not know what they were passing when they passed it. Klein of Gage made a fight for the measure on the score of home rule, but for the second time during the day home rule was lost out.

BIG FIRE SALE OF COAL

Tuesday morning the big coal sale begins and from present indications it will last but a very short time. Of course the sale will cease when the North Yard stock of coal is sold and 3,000 tons won't last very long.

This is a CASH BARGAIN sale, the money to be paid when order is placed. All coal is to be delivered at once, because we cannot begin construction of our new buildings until the stock is moved. All this coal will be thoroughly screened before delivery.

If we should happen to oversell, we reserve the right to refund the money, for these prices are far below original cost and we cannot supply additional coal to fill fire sale orders.

Take a Car Ride The North 24th Street car takes you to the gate of our North Yard. Examine the coal and depend on your own eyesight and judgment. WE think it is not seriously damaged. If you come to the same conclusion select the coal you want and that particular coal will be delivered. Order next winter's coal now.

Where to Order We prefer to have orders placed at our North Yard, where the coal can be seen. Will also take orders at our main office. No fire sale orders will be taken at our South Yard. Order early Tuesday or you may be too late.

Kind	Special	Regular
Hard Coal, all sizes	\$8.50	\$10.50
Ozark, semi-anthracite	\$7.00	\$9.00
Economy Nut	\$4.50	\$6.50
Economy Lump	\$4.50	\$6.50
Cherokee Nut	\$3.50	\$5.50
Cherokee Lump	\$3.50	\$5.50
Rock Springs	\$7.00	\$8.50
Hanna	\$6.00	\$8.00
Ohio, best	\$6.75	\$9.00
Iowa Nut	\$3.00	\$4.50
Walnut Block	\$3.25	\$5.50
Something	\$6.00	\$8.00

Quick Action Important The fire is our EXCUSE for selling the north yard coal so cheap. The REASON is that we must move the stock before we can rebuild. Sale begins Tuesday morning and ends as soon as the coal is sold.

The Coal Quality Every dollar reduction is a clear gain for our patrons. Every ton of fire sale coal was bought for our regular retail trade—the best trade in Omaha. The quality is high and such bargains have never before been offered. The building was burned from over the coal, but the coal itself was not burned, and its fuel value is as good as ever.

Special Values

Note particularly the prices quoted on hard coal and Ohio. Never have we owned better quality Pennsylvania Anthracite coal than that in our North Yard. A reduction of \$2.00 a ton is big interest on the investment for any person who is willing to put in next winter's supply NOW. All sizes—Nut, No. 4, Range, Egg and Grate. The most perfect soft coal is from the best Jackson county, Ohio, mines. This coal has been selling for \$9.00 a ton. Fill up your bin with our Ohio Lump coal. Will keep fresh and good for a year or two, but we must move it now. Look at the reduction of \$2.25 a ton. The insurance has been adjusted and we must at once commence work on our new North Yard buildings. That is why we are selling the coal at a sacrifice at this time.

Sale Begins Tuesday Morning SUNDERLAND BROS. CO.

Hamburg is in Port of Azores Roosevelt Party Taken Ashore at Horta and Driven About the City.

HORTA, Fayal, Azores, March 29.—The steamer Hamburg, with Theodore Roosevelt and the members of his party on board, put in here today to leave the mails. The stay in port was short.

A. De Freitas, the governor of Horta, came out to the Hamburg and welcomed Mr. Roosevelt, after which the members of the Roosevelt party were taken ashore by the governor and driven through the town. There was no official reception.

Mr. Roosevelt attended a dance on board the Hamburg Saturday evening. He did not dance, but his son Kermit took part in the entertainment and danced with several of the young women on board.

All the members of the Roosevelt party are well.
