

Nebraska BRUTAL CRIME TOLD ON STAND

Coroner Holds Inquest Over Barton Victim. TUCKER FIGHTS HARD FOR LIFE

Old Man Is Finally Overcome and Beaten to Death After Being Riddled With Shot.

HOT SPRINGS, R. D., March 31.—(Special Telegram)—States Attorney Wilson and Sheriff Jensen returned this morning from Edgemont, where they held an inquest over the bodies of Mr. and Mrs. Douglas Tucker, who were brutally murdered Monday afternoon by their son-in-law, James A. Barton, at the home of the Tuckers on a ranch near Provo.

The evidence showed that Barton shot Mrs. Tucker in the house, blowing her head nearly off with a shotgun. Mr. Tucker was away at the time, but upon his return at 5 o'clock in the afternoon Barton laid in wait for him and fired upon him when he was within about twenty-five yards of the house. Seventy-five shots entered his body from his knees to his head.

Tucker was able to go into the house, where he had a desperate battle with Barton, the latter finally getting the best of it. He beat Tucker over the head with a shotgun until Tucker was unconscious and as he supposed, dead. Barton put him upon the bed by the side of his dead wife and a few hours afterward took a dagger and cut Tucker's throat.

Barton then threatened his wife with death if she told of the crime and forced her to aid him in preparing to leave the country. He went to Edgemont early in the morning, taking along clothing and a watch belonging to the dead man. He had but a few dollars in money, but expected to sell the team and with the money start for Ireland. The wife notified the neighbors of the tragedy at once after Barton left and he was arrested almost as soon as he reached Edgemont.

He was started for Hot Springs at once in order to avoid possible lynching as an angry mob was rapidly gathering as news of the tragedy became known. Barton's parents live in Missouri and are said to be prominent and respectable people. Although young Barton had had something of a checkered record, he was never in any way connected with any crime. He has been living with his wife's parents since January and says that he killed Mrs. Tucker because she tried to have his wife leave him, but that he at first did not intend to kill Tucker.

The preliminary examination of Barton will not be held for several days.

SERBIA ACCEPTS FORMULA

Ultimatum of Powers is Presented by Five Ministers. FEAR THAT KARAGEOROVICH DYNASTY MAY NOT BE ABLE TO DISPERSE BANDS AND REVOLUTION MAY FOLLOW.

BELGRADE, March 31.—The formula agreed upon by the powers of Europe and Austria-Hungary for the settlement of the dispute between the dual monarchy and Serbia was accepted by the Serbian government today. The formula was presented at the foreign office by the British, French, German, Russian and Italian ministers, and Serbia will, through its minister, deliver to the Austrian government tomorrow a note to the following effect:

"First, Serbia declares that its rights have not been violated by the annexation by Austria-Hungary of Bosnia and Herzegovina, and accepts the powers' decision to annul paragraph 5 of the treaty of Berlin; second, Serbia will not protest against the annexation of Bosnia and Herzegovina; third, Serbia will maintain peaceful relations with Austria-Hungary; fourth, Serbia will return its military forces to normal conditions by discharging the reservists and volunteers, and it will not permit the formation of irregular military units."

"This note has been prepared at the suggestion of the powers and will be sent with the object of terminating all misunderstandings between Austria-Hungary and Serbia. First, however, it, together with the former note to Austria, will be submitted to the national assembly for approval."

King Peter issued a ukase today changing the names of his sons. The step is taken to provide for the name of George as the head of the house of Karageorovich. The former Crown Prince George, who renounced his rights to the throne, will henceforth be known as Alexander, while Alexander, George's younger brother, who has been recognized as crown prince, will be known as George.

German-Austrian Alliance. BUDAPEST, March 31.—In the Hungarian Parliament today Premier Wekerle alluded in his warmest terms to the alliance with Germany, which had shown the greatest self sacrifice and devotion to Austria-Hungary. This country must be faithful to that alliance, he said, as it protected its interests and formed the bulwark of peace in Europe.

Replying to interpellations concerning the economic relations between Serbia and Austria-Hungary, the minister said that negotiations were proceeding which it was hoped would bring about an agreement on the most favorable conditions. With regard to Montenegro, he added, the limitation of the sovereignty, which is provided for in article 29 of the treaty of Berlin, this limitation would be removed if it could be arranged.

Serbian May Not Disarm. VIENNA, March 31.—The internal situation in Serbia is being watched here with anxiety. It is feared that the position of the Karageorovich dynasty is by no means serious and it is doubtful whether the Serbian bands will disarm without disturbance. Consequently Austria will maintain a strong force on the frontier for the present.

Russian Securities Rise. ST. PETERSBURG, March 31.—The settlement of the Balkan conflict has had a gratifying influence on Russian credit. Government securities of all classes have experienced a real boom, rising to figures not equaled since the convocation of the first Duma. Russian imperial 4% closed yesterday at 79. Today they went to 80 and closed at 80 1/2 in spite of heavy realizations.

gents are not living up to the letter of the verbal agreement they made with him at the time of the fight on the house rules at that time the "insurgents" are said to have pledged themselves not to oppose the tariff bill if the president would agree to keep his hands off the tariff in return for the arrangement was agreeable to Mr. Taft. Now the house leaders claim the "insurgents" are not only opposing the bill, but are making combinations with the democrats to the extent of threatening the effectiveness of the measure. They say they cannot get the bill through in legislative shape until the "insurgents" are wiped out of line.

It is said that President Taft has been urged to use his influence with the republicans who are helping to endanger the bill, of abandoning their attitude. It is declared that only in this way can a definite arrangement be made or a limitation be placed upon debate and amendments. The president is considering the matter.

According to opinions expressed at the White House today the president will find conditions more favorable in the senate than in the house. He is said to have received the assurance of the leaders there that they are in sympathy with him and will uphold his policy to the best of their ability. The president himself stated a day or two ago that he had been assured that the senate was agreed upon the maximum and minimum principal of the Payne bill.

SISTER'S TRICK

But it All Comes Out Right.

How a sister played a trick that brought rosy health to a coffee fiend is an interesting tale:

"I was a coffee fiend—a trembling, nervous, physical wreck, yet clinging to the poison that stole away my strength and mocked at Postum and would have none of it."

"One day my sister substituted a cup of piping hot Postum for my morning cup of coffee but did not tell me what it was. I noticed the richness of it and remarked that the coffee tasted fine, but my sister did not tell me I was drinking Postum for fear I might not like any more."

"She kept the secret and kept giving me Postum instead of coffee until I grew stronger, more tireless, got a better color in my shallow cheeks and a clearness to my eyes. She also told me of the health-giving, nerve-strengthening life-giving coffee had given me in place of my morning coffee. From that time I became a devotee of Postum and no words can do justice in telling the good this cereal drink did me. I will not try to tell it, for only after having used it can one be convinced of its merits."

Ten days trial shows Postum's power to rebuild what coffee has destroyed. "There's a Reason."

Oil Well Found Near Cody. Flow is Said to Be 150 Barrels of High Grade Product. CODY, Wyo., March 31.—(Special).—Oil was struck on Cottonwood creek near Cody, while prospectors were boring for gas. It was learned yesterday after piping off the artesian water which was struck first that the flow is 150 barrels of high grade oil. The stock of the Walters Gas and Oil company, which sold for 19 cents a share prior to the strike, has been withdrawn. The borings for gas will be continued, as Philip Miner, who found the large natural gas well at Grayhill, is confident it will also be found near Cody. Considerable excitement prevails because of the oil strike here and the bonding of large tracts as byron by eastern and western oil men.
