PHOTOS FOR WAITING GIRLS

Trade Excursionists Able to Supply Demand.

CLARKE COIT ORIGINATES SCHEME

Western Iowa Lassies Begging for Pictures of Omaha Propagandists Can Get Them Just Like to Fit Woman's Watch Case.

Half-tone photographs of the members of the trade excursion going into western Iowa next month, just the size of a woman's watch case, will feature an advertising booklet of the excursion, publishing to exploit Omaha.

This is a new feature introduced by Clarke Coit, an experienced excursionist, who found last year the half-tones in the booklets were a trifle too large to fit the many watches which wanted the pictures. Final arrangements for the excursion, which leaves Omaha May 17, were made by the trade excursion committee of the Commercial club at a meeting Monday evening. It will be a joint excursion of the club, the Omaha Grain exchange and the South Omaha Live Stock exchange.

C. E. Hedwell has arranged the route with his route committee and it is especially designed to meet the requirements of all wholesalers and jobbers, as it takes them to places where all serve the trade.

Air Thick with souvenirs.

Clarke Coit of the advertising committee announced that the train will leave the atmosphere thick with souvenirs, including the bells which "ring for" from Des Moines to the Pacific coast.

F. T. B. Martin of the entertainment committee announced arrangements to make a twenty-piece brass band and a male quartet, besides the moving picture show.

James H. Taylor of the transportation committee announces the following equipment for the train: One sixty-foot baggage car, with electric dynamo and eleven whistles; two dining cars, seating forty each; one sixteen-section standard Pullman; three twelve-section standard Pullmans, and one ten-section observation car. The train will accommodate 139 people. The railroad fare will be \$6, which includes the Pullman accommodations, general advertising matter and other things except the meals.

Taylor of the transportation committee announces the following equipment for the train: One sixty-foot baggage car, with electric dynamo and eleven whistles; two dining cars, seating forty each; one sixteen-section standard Pullman; three twelve-section standard Pullmans, and one ten-section observation car. The train will accommodate 139 people. The railroad fare will be \$6, which includes the Pullman accommodations, general advertising matter and other things except the meals.

Burlington Fast Trains Sure Fast

They Made Some Great Records for Speed Against Windy March.

Burlington officials point with pride to the record made by their fast trains during the last month. The Chicago-Omaha fast mail train, which for a quarter of a century has carried the overland mails in their flight across the continent, reached Omaha exactly on time thirty-one days during the stormy month of March.

This train leaves Chicago at 2:46 a. m. and arrives at the Missouri river at 2:30 p. m., making the 494 miles in twelve hours and five minutes. Another record is that made by the Burlington's fast Chicago-Denver train, No. 1, which has pulled into Denver on time every day this year except two. The delay on these two days were caused by blizzards, the train on January 29 being held for four hours at Pacific Junction by the dispatcher because the wind was blowing seventy-seven miles an hour and the tops were blown off some freight cars which were sent across the bridge ahead of the fast train. No. 1 has missed being on time into Denver but ten times in thirteen consecutive months.

Serious Lacerations

and wounds are healed without danger of blood poisoning by Bucklen's Arnica Salve, the healing wonder. 25c. For sale by Beaton Drug Co.

MANY ELKS AT WINTER FEAST

Twenty Thousand Real Ones Dined in Old Shoshoni Reservation Country by Settlers.

Twenty thousand Elks were banqueted during the winter just closing by the settlers in the Wind River valley.

This is the largest gathering of elks for many years and perhaps the greatest banquet ever served. The attendance would have been larger had the invitations reached their destination in time, as there are 35,000 elks in the Yellowstone Forest reserve.

C. H. King, president of the Omaha Wool and Storage company, is responsible for details of the big banquet. Mr. King has a large merchandise store in Shoshoni, Wyo., and says that during the heavy snows of the past winter the elks came down from the mountains to the low lands and were fed in an involuntary way for several weeks by the settlers. The distribution of hay and grain for the animals costing the homesteaders and farmers thousands of dollars.

Settlers are going into the old Shoshoni reservation country at a rapid rate this spring and the country which was formerly "Warm Nook" to Chief Washakie and his Shoshone Indians is fast becoming a "warm nook" for thousands of American farmers.

A Sure Cure for Fistula And Piles

That sounds interesting doesn't it? Especially if you have a ready tried some of the so-called cures.

—That failed to cure. I mean what I say. My simple scientific treatment is a sure cure. I use no knife or chloroform, neither do I subject you to dangerous operations. But I do have a sure cure. The same is possible for you. No more suffering, no more unpleasantness or annoyance. My treatment is the surest, fastest and quickest set cure in the world. In-ventive I have.

I absolutely and unconditionally guarantee a cure in every case. That I accept for treatment. Better suits, keep your money in your pocket. Deposit it in your own bank. I will treat you. Then when I am through, you are satisfied in every particular, then pay me the small fee I ask. That's fair and square and should induce you to come and see me at once, or at least write for my free book that tells all about it. Address: Dr. E. R. Barry, 925 Bee-Building, Omaha, Neb.
