

BRIEF CITY NEWS

Calendar for April 1909 showing days of the week and dates.

THE BEE OFFICE

The Counting Room and Business Office of The Bee is temporarily located on Seventeenth street, in the room formerly occupied by Hastings & Hayden.

Have Root Print It. Elk Teeth—Edholm, Jeweler. Vollmers, expert clothes fitters, 107 S. 14.

Woman Wants to Stock Yards—Carrington Bennett of Randolph, Cedar county, has brought suit in the United States circuit court against the Minneapolis & Omaha Railway company.

Good Friday Takes Precedence—On account of Good Friday being the day of the monthly meeting of the board of directors of the Associated Charities and the general conference of all charitable and philanthropic organizations in Omaha and South Omaha has been postponed until next week.

Accidental Death by Gas—Accidental death by gas poisoning was the fate of John H. Irwin, according to the verdict of the jury that investigated the case under the direction of Coroner Healey Tuesday morning.

Burning Grease Causes Fire—Burning grease in the kitchen of the Chinese restaurant on the second floor of the building at 1213 Douglas street started a fire there at 8:30 o'clock Tuesday morning.

Determined to Get Woman Thieves—The police and Judge Crawford of the police court are determined to do their utmost toward getting rid of the woman thieves of the Third ward, who make a specialty of robbing men.

Six More for Fire Counter—Six more candidates for membership on the Board of Fire and Police Commissioners have filed their petitions with the city clerk.

N. H. Loomis on Head of Civic Pride—N. H. Loomis, general solicitor of the Union Pacific, will address the Omaha Real Estate exchange Wednesday noon on the subject of "Civic Pride."

Just Think of It—Children at Large!—John White, 215 Grand street, has the doubtful distinction of being the first man against whom City Prosecutor Daniel has ever filed a complaint on the charge of allowing chickens to run at large.

Thomas Shaw for City Engineer—Thomas Shaw has filed his petition with the city clerk, asking that his name be placed upon the ballot in the spring election as a candidate for city engineer.

At an Attraction for the annual electrical show and as a permanent exhibit for Omaha the Omaha Electric Light and Power company is building one of the most unique illuminated signs ever erected and will place it on one of the buildings along Farnam street.

City It Wasn't Raining Hard—"If it were raining a little harder, I'd let you go and get washed by the shower," remarked Police Judge Crawford Tuesday morning.

Tuesday Morning Musical Club—Officers of the Tuesday Morning Musical club for the coming year were elected Tuesday morning.

Fat and the Directoire

The coming season will be a hard one for fat ladies. The directoire mode endorses already lift scornful eyebrows at such a pebbledom as bulky hips.

When you say Gold Medal Flour be sure it is Washburn-Crosby's Gold Medal Flour. This is important.

The Best Spring Medicine

It is as easy to prove that Hood's Sarsaparilla is the best spring medicine as it is to say it.

Spring ailments are blood ailments and they arise from an impure impoverished, devitalized condition of the blood.

There is a Solid Foundation for this claim, in the more than 40,000 testimonials of radical and permanent cures by this medicine.

Hood's Sarsaparilla

Cures all spring humors, all eruptions, clears the complexion, creates an appetite, aids the digestion, relieves that tired feeling, gives vigor and vim.

Begin taking Hood's Sarsaparilla today. Get it in the usual liquid form or in chocolate tablets known as Sarsatabs.

seventh and Farnam streets. Those chosen as officers are: Mrs. Myron Learned, president; Miss Corinne Paulson, vice president; Mrs. C. M. Wilhelm, secretary.

F. J. Hoel Testifies for Jobbers—F. J. Hoel, secretary of the McCord-Brady company, wholesale house, was the only witness who testified at the interstate commerce hearing Tuesday morning.

Frank Gets in Jail Quick—Within an hour after he was discharged from the county jail, Frank Monroe saw the inside of a jail cell.

Assignment of Federal Cases—The assignment of cases for trial on the federal docket was completed Monday and they are being called as they appear in the printed docket.

Shenandoah, Ia., against Nicholas Liewer has gone over until later in the term on account of illness of the defendant.

Funerals—The funeral of Henry Brown, which was to have been held Tuesday afternoon at 3 o'clock at the First Methodist church, has been postponed to Thursday at the same hour and place.

Petty Burglars Rather Busy—Petty burglars have made a number of small hauls during the last few days. While the family of Fred Nicholson, 227 North Twenty-seventh street, was not at home last Friday, burglars ransacked the place.

St. Peter Thought to Be Insane—As the result of having been arrested the third or fourth time on the charge of disorderly conduct Fred St. Peter, who says he lives at Seventeenth and Jackson streets, is being held in jail until a sane and sane complaint can be filed against him.

Thirty Days for Ole Jensen in the Hope of Making Him Less Irretrievable.

Objections to his former friends using his photograph got O. Jensen into trouble and eventually into jail a few days ago.

Jensen is said to have thrown bricks through the windows at the home of Mrs. Sharpe, 318 North Twenty-fourth street, when he went there one evening.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter.

When you say Gold Medal Flour be sure it is Washburn-Crosby's Gold Medal Flour. This is important.

BEERINE AS A SUBSTITUTE

Temperance Beverage to Follow if Daylight Bill Sticks.

HOW MANY SALOONS WILL QUIT?

Individual Lockers at Cafes is One of the Proposed Schemes for Quenching Thirsts After the Theater.

Brewers may make more temperance of "Lincoln" beer than is commonly known, if the daylight saloon bill is signed by Governor Shallenberger.

Estimates vary as to how many saloons in Omaha will close in the event the bill is signed, but if the governor signs it, saloons must believe about half the saloons will go out of business.

The brewers long ago solved the prohibition problem. They make a beer without sufficient alcohol in it to intoxicate, sort of a beerine. Those who really want to get their fix with a drink which has several inches of foam on each scotchener may be satisfied with a glass of the temperance beer.

But even this right may be curtailed, for a recent decision of the supreme court of Nebraska, was that no malt liquor may be sold nor brewed in this state.

Lincoln's experience was that a large number of saloons went out of business rather than change their business. Over the big mahogany bars, the saloon keepers were serving beerine, pop, ginger ale, lemonade, in fact anything but a drink which has several inches of foam on each scotchener may be satisfied with a glass of the temperance beer.

Another Novel Scheme. Another scheme has dawned on Omahans, and it is in the nature of a drink which is made to get wet goods to serve after the theaters. The question is "can these wet goods be ordered with the dinner before the saloons close and served at 11 or 12 o'clock at night?"

On this point attorneys disagree, unless the man ordering the goods takes them with him.

One hotel keeper thinks this will result in installing a big refrigerator divided into 100 small ice boxes. When a dinner is ordered at 8 o'clock in the evening and the order for wet goods given, the goods will be placed in the individual locker and the one ordering the dinner will take them with him.

The clubs will make some such an arrangement. Even in prohibition North Dakota the clubs were permitted to furnish clubs with big postoffice boxes. In these the members of the "club" keep their wet goods and each one will hold a case of beer and several bottles of golden waser of Irish uiscebaugh, they may serve a number of guests from the ice box.

Restaurant dealer do not believe temperance beer will ever be very popular with their trade. It may be the main drink in the saloons which become billiard parlors with soft drink buffet in connection. It looks like beer and the signs used to advertise it look just like real beer signs. It also costs the same as beer.

FILM MEN WATCH SCREENS IN TRUST FIGHT

Independent Concern Shows What It Can Do to Many Moving Picture Men.

Omaha was one of the cities yesterday in the fight which the independents are carrying on against the so-called movie picture trust.

D. W. McKinney, vice president of the International Projecting and Producing company, the official name of the independents, spent the day in the city and with C. M. Simmons, manager of the Swanee Omaha Film company, met a large number of owners and managers of movie picture shows, not only of Omaha but from various points in the state and from Iowa and Missouri.

The Jewel theater was turned over to them for the day and they gave a continuous exhibition of high grade pictures for the purpose of demonstrating that the independent company is fully able to supply all the films which any show needs and that the trust is not able to carry out its alleged threat to shut off the supply of those theaters which refuse to use their pictures.

Mr. McKinney has already covered the greater part of the United States in his fight and is now on his way west. He states that he is meeting everywhere with a warm reception and that the orders for his goods take the capacity of the company.

Our Letter Box

Contributions on Timely Subjects, Not Exceeding Two Hundred Words, Are Invited from Our Readers.

House Flies and Dirt.

DETROIT, Mich., April 2.—To the Editor of The Bee: I noticed an article in a recent issue of your paper on the "Fight Against the Fly." A great deal has been published on this subject lately and Georgia, Florida and Louisiana are now engaged in an anti-fly campaign.

Much can be done to remedy the evil caused by the house fly and mosquito. These insects breed in filth and dirt and if each householder would see that their own premises are kept clean and free from dirt and refuse of all kinds, these insects would not find a place for breeding.

It may be impossible to exterminate flies and mosquitoes, a great deal may be done to lessen this danger and annoyance by the proper use of screen doors and window screens. In this day of inexpensive screens and fly traps there is no excuse for any householder of even moderate means being without screens, which add much to the comfort, health and security of the home.

If we will get rid of the flies, we must first get rid of their breeding places and in the meantime, for the sake of health, comfort and cleanliness, we should keep these insects out of our home by proper screening. Very truly yours,

W. D. BIGGERS.

Brandt Not a Candidate.

OMAHA, April 5.—To the Editor of The Bee: In your paper you published a news item giving the names of a number of candidates who are circulating petitions for the excise board. In this article you have connected another person's name with my occupation, viz John G. Brandt, secretary Nebraska Savings and Loan association, thereby creating the impression that I am a candidate for membership on the Board of Fire and Police Commissioners.

I desire to say that I am not circulating the petition referred to and have no intention of doing so, and therefore ask that you give this correction space in your valuable paper. Yours truly,

JOHN G. BRANDT, Secretary Nebraska Savings and Loan Association.

Thanks, Anyway.

OMAHA, April 5.—To the Editor of The Bee: Please let me address through your columns the republican voters. I wish to thank you all most heartily for your support for me as candidate for councilman at the primaries. I am your republican friend.

JOHN YIRAK.

Passover Opens with Services

Rabbi Cohn Tells What World Owes to Great Event Which Freed Jewish People.

The beginning of the Feast of the Passover was celebrated Monday at Temple Israel with a service and sermon, Rabbi Frederick Cohn preaching on "The Significance of the Passover." He used for his text, "Thou shalt tell to thy children on that day all that the Lord did for thee," taken from Exodus xii. The musical part of the service consisted of a trio, "May the Words of My Mouth," by Ward, sung by Miss Myrtle Moses, Mr. Swartz and Mr. Gray; and "Oh, How Amiable Are Thy Sweetings," by West, sung by the quartet choir.

The Feast of the Passover began at sundown Friday night and will continue for eight days, commemorative of the deliverance of the Jews from Egypt, as given in the book of Exodus. It is commonly known as the feast of unleavened bread and during that period matzo is eaten for eight days.

"The Feast of the Passover is first of great significance to the Jews because it brought them their freedom," said Rabbi Cohn. "It also brought them independence, nationality and further development, and it was their beginning as a nation. It is of significance not only to the people of Israel, but also to all the world, because of the influence of Israel on the world. Had there been no passover there would have been no Christianity, as Christianity is directly and historically a product of Judaism."

On Wednesday morning beginning promptly at 8 o'clock we will open the greatest sale of silk dresses that has ever been held in Omaha. See page 3 for our advertisement. B. KIN BROS., 529 Douglas St.

GROUND FOR NEW SCHOOL

Board of Education Selects Site in North Omaha.

ADDITIONS TO OTHER SITES

Board Believes Posters Near Buildings Are Objectionable and Will Try to Abate Nuisance.

The purchase of additional ground for two school sites was authorized Monday by the Board of Education, together with the selection of a site in a new school district created on the north by the city.

Three lots will be bought adjacent to the Forrest school on the south for \$1,500. The Forrest school will be erected this summer and the additional ground will not only facilitate the work of construction, but will give the children more room for play when the new building is occupied.

The new school district formed Monday in the extreme northern part of the city and is bounded on the north by the city limits, on the east by Florence boulevard, on the south by the Northwestern railway tracks and on the west by Thirtieth street. The committee on buildings and grounds was instructed to select a site as near the center of this district as possible, conducive to price.

Architect F. W. Clark presented the plans for the new Forrest school and they were looked over by the board, but were referred back to the architect and the committee on buildings and grounds for some minor alterations. Friday night the board will meet again and go over them more thoroughly and if they are accepted at that time bids for construction of the building will be advertised for at once.

Board and Contractor. Creditors of William Matz, the contractor of the Lothrop school addition, presented claims aggregating \$4,000 and asking that the \$1,000 balance due the contractor from the board be pro-rated to them. The board felt that it could not become a party to a collection scheme and the request of the creditors was referred to the judiciary committee for recommendation.

The action three weeks ago whereby the purchase of 300 chairs for Franklin school for the use of children and patrons during evening entertainments was ordered, was reconsidered, and upon motion the matter was referred to the teachers' committee. This committee will not only investigate the chair proposition, but is instructed to thoroughly investigate the schemes for raising money to buy pianos, pictures and other articles used for interior decoration of the school rooms and report to the board the advisability of the board countenancing this procedure, or otherwise.

Member McCague said he believed under this program the poorer children felt that they were not as good as those in better circumstances and that class prejudices would arise, while Dr. Davidson maintained that everything legitimate ought to be done to beautify the school rooms, believing that the children without exception enjoyed the work.

Cole Objects to Posters. Former President Cole of the board sent in a communication objecting to the posting on bill boards in close proximity to the public schools of flaming posters advertising "The Lady and the Burglar," "The She Wolf of the Prairies" and kindred "blood and thunder" theatrical productions. The board agreed with the former president that the posters are harmful to the youthful eye and referred the communication to Attorney Baird with the recommendation that he take it up with the owners of the bill boards on the city council and see what can be done to alleviate the evil.

City Boiler Inspector Wolfe reported that he had inspected the boilers in the New Vinton school and in the additions to the Franklin, Farnam and Lothrop schools and found them to be perfectly safe.

A Life Sentence of suffering with throat and lung trouble is quickly commuted by Dr. King's New Discovery. See and \$1.00. For sale by Beaton Drug Co.

GENUINE BUCK BEER on draught and in bottles on and after April 9. Ask for it. Order a case sent to your home.

Building Permits. L. B. Woods, thirty-second street and Leppel avenue, frame dwelling, \$2,500; H. W. Bump, eighth street and Potrait avenue, frame dwelling, \$2,500; Metal Concrete Chimney company, Twenty-eighth and G. streets, chimney, \$250; John Klack, Florence boulevard and Laird streets, frame dwelling, \$2,300.

The West has never seen the equal of our \$3.00 Hat Display. The extent of the variety we show at this popular price cannot be too strongly emphasized—certainly Omaha has never known anything like it. We feature in particular Crofut & Knapp at this price. This line contains more and snappier styles than most stores show in their entire assortments. Be sure to see our novelty soft hats in the new grey semi-tones and our very rich and highly finished black and brown derbies at—

Oranges for Health. Physicians state that an orange eaten before each meal will so regulate the system as to make the call of a doctor a rare occurrence. Oranges promote the action of the gastric juices—aid digestion—act mildly on the liver and are wonderfully cooling in cases of fever. The choicest, ripest and most luscious oranges that reach the market are "Sunkist." Ask Your Dealer for "Sunkist" The California Fruit Growers' Exchange label the choicest oranges from their 5,000 groves "Sunkist." The delicious flavor of this perfect seedless fruit makes you keen for more of its kind. Ask your dealer for "Sunkist" Brand. Hot lemonade made from large juicy California lemons (sweetened with honey preferred) will break up a cold. Served hot it opens the pores of the skin. A severe cold may be broken up in one night if given this attention.

To Chicago

THE CHICAGO SPECIAL—Is made up of as fine equipment for general travel as can be assembled in one train. The brilliant electric lighting of the entire train is generated from the dynamo, and is in charge of a special electrical engineer enroute. The chair cars are as handsome and as comfortable as modern car building can make them. They are in charge of disciplined porters. The standard sleepers, the library observation cars are of the latest patterns. There are no handsomer dining cars than those on trains Twelve and Five, nor is there anywhere better dining car service. The departure is 6:30 P. M. Sleepers and dining car service available at 6:00 P. M. Number Five is the opposite train, Chicago to Omaha; leave Chicago at 6:00 P. M. TICKET OFFICE, 1502 FARNAM STREET Telephone Douglas 3580.

PILES CURED Without Cutting, Tying or Burning. All Kinds of Piles Cured—Blind, Bleeding, Internal, External and Itching Piles Cured by DR. WILLIAM CREIGHTON MAXWELL. A Graduate of Bellevue Hospital Medical College of New York City. Dr. Maxwell has resided in Omaha for 23 years and has had 28 years of experience in treating diseases of the rectum. Hundreds of the most recent people of Omaha, Nebraska, and from all parts of the United States have been cured by Dr. Maxwell. A written guarantee is given in every case taken under treatment by Dr. Maxwell. No Money Paid Until Cured. 524 Bee Building. OMAHA, NEBRASKA. All patients must come to the office for treatment.

Have ROOT print it. Extravagance is not necessary to good printing. The best work depends upon the good taste and capability of your printer. A. L. Root, Incorporated, 1210-1212 Howard Street

A SQUARE-DEAL

is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless—even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as Catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
