Number Two Hard Wheat Not Present Would Have Brought \$1.20 Had It Been on the Local Market.

Grain dealers would have paid more than \$1.20 for No. 2 hard wheat had any been offered on the Omaha market Wednesday. But no No. 2 appeared and they paid \$1.17 1/2 for No. 3 hard—the highest price ever paid on the Omaha market for the grade.

The market is more interesting to dealers each morning as scarcely a day goes by without a change in the price. The No. 2 hard has brought prices up to \$1.16, but the price Wednesday unlearned those who had the grain for sale. They were surprised that such a price should be offered.

Wheat receipts are slightly low, the country dealers evidently having confidence that the price will advance.

Sturdy oaks from little acorns grow—advertising in The Bee will do wonders for your business.

NAVY NOT PLACE FOR BOYS OF DEFICIENT CHARACTER Recruiting Officer Defends the Service Against Such an Impatation.

"My attention has been called to a Des Moines dispatch in The Bee stating that a boy has been indicted for forgery in that city and sentenced to enlist in the navy or go to the reformatory. This action on the part of the Des Moines authorities is a gross and unjustified insult to the men who wear the uniform of the United States service," said Lieutenant P. B. Dungan, in charge of the local navy recruiting station.

"The greatest possible care is exercised in enlisting recruits for the navy and where any doubt exists as to a man's character and moral qualifications he is rejected.

"Of course, no matter how strict the examination, in any large body of men a few undesirables are bound to creep in, but they are not wanted in the navy and as soon as their deficiencies are observed they are eliminated without delay.

"A boy with the record of this one would not be enlisted, or the question even considered for an instant.

Breen Talks to Fontanelles—All in Trim to Win

Harmony and Victory the Sentiments Urged at Meeting of Republicans—Candidates Attend.

LOVE REPUBLICAN SAVES MONEY Proposed Purchase of Engine House Site in Third Ward and Building of a Storm Water Sewer.

Twice during last night's session of the council the democrats attempted to fritter away the taxpayers' money to the extent of several thousand dollars.

The regular meeting of the Fontanelle club, which was held Sunday at the club rooms, was in the nature of a ratification meeting following the nomination of John P. Breen, who was endorsed by the club, for mayor, and the other candidates on the republican ticket.

Harmony and victory were the predominant sentiments of the speeches and the fact was emphasized that the republicans of the city are now united as they have not been in several years and that the prospects for a republican victory at the approaching city election are brighter than they have been in a long time.

Health Officer Sends Out His Mosquito Brigade

Dr. Connell Serves Notice that Refuse Must Be Kept Off Street.

Haulers of refuse have incurred the enmity of Health Commissioner Connell, and if they do not desist in dumping manure, tin cans, old shoes and other disease-breeding refuse on vacant lots they will be placed in jail under orders from the guardian of the city's health.

This ultimatum has been issued and Dr. Connell has secured a special detail of policemen, known as the "mosquito brigade," to carry out his orders. He could not secure enough policemen to watch every vacant lot in the city, but strict surveillance will be kept of nine large blocks of ground, and we bet the refuse hauler who attempts to dump his load on these special places which have fallen under the commissioner's ban.

All patrolmen on regular duty are also instructed to keep a sharp lookout for refuse haulers and if any are found dumping on vacant lots anywhere in the city, and other than those under the special protection of the commissioner, they, too, will go to jail.

Here are the nine locations which Health Commissioner Connell has taken under his protecting wing: West side of Thirty-third street, between Pine and Center streets; Twenty-seventh and Twenty-eighth streets, between Mason and Pacific streets; Thirty-third street, between Mason and Pacific streets.

North side of Bancroft street, between Eighteenth and Nineteenth streets; Twenty-third and Twenty-fourth streets, south of Bancroft street; Southwest corner of Twenty-second and Bancroft streets; Southeast corner of Twenty-second and Pierce streets; Thirty-seventh and Leavenworth streets, North Thirty-fifth avenue, between Dodge and Davenport streets.

A Clean Man Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Clean health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and set it. He will work with energy and think clear, clear, healthy thoughts. He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and cleans, healthy flesh. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.
