which prohibits the importation of the American tobacco.

The internal revenue law was also amended so that raisers of tobacco will not have to pay a manufacturer's license in order to dispose of their leaf tobacco. There were several technical changes in the steel schedule, principally downward and lace curtain and netting machines were included in the proviso, which permits the entry free of duty of lace machinery prior to May 1, 1910. Hides, hosiery and gloves were left a reported by the committee, hides remaining free and an increased duty being presented for gloves and stockings.

PROCEEDINGS OF THE SENATE

Census Bill is Under Discussion for Five Hours.

WASHINGTON, April 9.—During nearly five hours today the bill to provide for the thirtieth and subsequent census was under discussion in the senate. The measure had been amended since its original passage by congress in its last session, when it was vetoed by President Roosevelt because of provisions allowing senators and representatives practically to select employees of the census for appointment. These features of the bill called forth a general discussion in the senate on the subject of civil service reform and the present operation of the law was denounced by several senators. As amended by the committee the bill placed appointments in the census under the Civil Service commission. The consideration of the bill had not been completed when, 5:08 p. m., the senate adjourned until tomorrow.

NORMAL SCHOOL LAW IS BAD

(Continued from First Page.)

authority to issue a warrant on a voucher signed by the new board for the board has no right to file a voucher, so the law has been interpreted. Should the auditor hold he has no right to issue the warrants then the members of the new board may test the law in so far as the handling of money is concerned, through mandamus proceedings.

Another Legislative Bubble. Owing to the inability of the members of the last legislature properly to draw a bill it is possible, if not probable, that the Wayne Normal school cannot be bought by the state.

The bill which appropriates \$30,000 for this purpose provides that the "Board of Education of the State Normal Schools" shall attend to the buying and have charge of the school after it is purchased.

There is no such board in the state of Nebraska. The legislature abolished the "Board of Education" which heretofore has had charge of the normal schools. It is very evident that this is the board which the law makers meant, but as the board was abolished before it could attend to the job, then of course that leaves no legal body in shape to do the buying.

The legislature created the "Normal Board of Education." If this law is declared unconstitutional because of its many conflicts with the old law then of course the old board of education may have authority to buy the Wayne school.

After all the legislature did pay Judge T. L. Albert \$300 for drafting the banking

bill. It had about forgot the little obligation, and there is no doubt but it hoped the people would forget that it was unable out of all its membership to get one man with sufficient ability to draft a law about which Mr. Bryan and every member talked during the campaign. Of course the committee materially changed the bill after Judge Albert drafted it. Notice has been sent the judge that the money is waiting for him at the state house.

T. B. Hord Seeks Health in Ha wai

Well Known Banker on Way to Honolulu to Recover from Paralysis.

CENTRAL CITY, Neb., April 9.—(Special.)—News comes from California that Mr. and Mrs. T. B. Hord sailed last Saturday for Honolulu, where they intend to make a short sojourn. After his attack of paralysis in the winter Mr. Hord, as such as he had recovered sufficiently to be able to travel, departed for California in company with his wife, and have since then been making their headquarters at Los Angeles, where their son-in-law and daughter, Mr. and Mrs. Will Richardson, reside. Most encouraging reports, showing a marked improvement in Mr. Hord's condition, have been sent back here, and it is expected that upon his return from the Hawaiian islands he will have recovered sufficiently to enable him to return and take charge of his business interests here again.

ARSON CHARGE AGAINST WOMAN

Neighborhood Row Near Valentine Results in Several Conflicts.

VALENTINE, Neb., April 9.—(Special.)—Mrs. Doty and her two sons, who live south of Cody were arrested and brought to town yesterday charged with arson. Their preliminary will be held next Saturday. It is charged that they set fire to a barn on the Rolling Spring ranch, which was totally destroyed and a horse, wagon and harness together with several hundred bushels of grain. A neighborhood quarrel is on in that section, both sides carrying arms. Mrs. Doty's husband had a colored man arrested a short time ago, claiming he shot at her but was turned loose. Later a couple of neighbors had a scrap, one using a hammer. The sheriff left this morning to subpoena witnesses for Mrs. Doty's preliminary, and also to make a few arrests if the hammering contest was serious.

Osceola Plans Park.

OSCEOLA, April 9.—(Special.)—Osceola citizens are weary of being behind other cities and villages of the county in not having a park. This has led J. H. McBeth and S. A. Snyder to secure the necessary amount of land north of the city. An organization has been formed with Dr. A. M. Bell as president; Dr. J. H. McBeth, vice president; S. A. Snyder, treasurer, and R. G. Douglass, secretary.

Polk County Arid Region.

OSCEOLA, Neb., April 9.—(Special.)—Polk county is to be good and dry if not dry and good. Saloons were knocked out at Shelby, Osceola and Stromsburg, and Osceola went the others one better, for pool and billiard halls are banned. The nearest place Osceolans can go to get "wet" goods is Silver Creek, sixteen miles distant.

South Dakota

TWO TOWNS AFTER COLLEGE

Scrap Promised at Coming Conference of South Dakota Lutherans.

SIOUX FALLS, S. D., April 9.—(Special.)—Unusual interest attaches to the annual conference of the Lutheran church synod of North and South Dakota, which will be held at Eureka, S. D., on May 3 and 4, for the reason that before the conference concludes its labors it is expected that a selection will be made of a town in which to locate a new college which the synod has decided to establish.

Thus far Eureka has had a clear field, so far as actively being in the race for the college was concerned. But now a movement has been inaugurated at Parkston having for its purpose the securing, if possible, of the college for that place. It is reported at Parkston that the residents of Eureka, as an inducement for the synod to locate the college at that place, will donate the sum of \$5,000 in cash and four acres of land upon which to erect the college buildings.

NEW JUDGES SIT THIS MONTH

First Attorney Before Supreme Court Will First Address Increased Body.

PIERRE, S. D., April 9.—(Special.)—Judges E. C. Smith and J. H. McCoy will be in this city on April 30 to take up their duties on the supreme bench, and the five judges will sit for the first time on April 30 in the case in which the Dakota Central Telephone company seeks to prevent the city of Huron from interfering with their making extensions of their lines in that city. Judge Smith was a college classmate of Judge Haney, both coming to South Dakota from Iowa. Both were elected to the circuit bench at the same time and Judge Haney came to the supreme bench through appointment from Governor Sheldon. Judge Smith has remained on the circuit bench all this time and now joins his old classmate on the supreme bench through appointment by Governor Vessey.

One peculiar feature of note in regard to the hearing before the court in its first session with five members will be that the first argument presented to them will be by T. H. Null of Huron, and the further fact that when the supreme court of the state was organized in January, 1890, the first argument presented to them was by T. H. Null of Huron.

Denies Being "Peeping Tom."

THEMOPOLIS, Wyo., April 9.—(Special.)—J. L. Fenner, city clerk and secretary of the Commercial club, who a few nights ago appeared at a physician's office with a bad wound in his right arm, a short time after said the suspension of the Birmingham Trust company followed a meeting of the board of directors, at which time it was decided to place the institution in the hands

Maury home at the time. He asserts that while taking a walk he observed the Maury home, which he did not remember to have seen before, and that he stopped out of curiosity to regard it. The light from a window attracted him, he states, but he denies that he peeped through the window.

Mother and Child Victims of Fire

While Carrying Blazing Oil from House Glenwood Woman Enveloped in Flames.

GLENWOOD, Ia., April 9.—(Special.)—Hazel, the 5-year-old child of Mr. and Mrs. Mel Syack, is dead and Mrs. Syack is dying as a result of a horrible accident in which the mother and child were burned when oil which had been spilled over them caught on fire. Oil in a vessel had been placed on the stove by mistake and caught fire. In an effort to carry the blazing fluid from the house and save the building from destruction Mrs. Syack stumbled against her daughter in the excitement of the moment and fell on the floor. The oil was spilled over the clothing of both and the daughter was so badly burned that she lived but a short time. Mrs. Syack was horribly burned and the physicians say her recovery is impossible.

FINDS LOST BROTHER AFTER SEARCH OF MANY YEARS

Kansas City Man Discovered Relative Had Been Neighbor for Years.

KANSAS CITY, Mo., April 9.—Join Alfred Kohler, known to his comrades as Johnny Alfred, a soldier stationed at Jefferson barracks near St. Louis, met his long-sought brother, Kit Kohler, a brewery solicitor, in the latter's home here last night after twenty-four years of searching. Johnny Alfred ran away from home when 4 years old, was taken up and sent to an orphan home. He forgot his name. Recently his comrades urged him to endeavor to find his relatives. Kohler did so, writing a letter to the Kansas City Star detailing his history, and it was read by Kit after the reunion it developed that the lost boy had lived for several years next door to Fred Kohler, another brother, in St. Joseph, Mo., without discovering their relationship.

TRUST COMPANY SUSPENDS

Binghamton Concern Places Itself in Hands of the State Department.

BINGHAMTON, N. Y., April 9.—The Binghamton Trust company, capitalized at \$300,000, and Knapp Bros., private bankers having offices in Deposit and Callicoon, N. Y., suspended today. In a statement President Charles J. Knapp of the Binghamton Trust company said the suspension of the Binghamton company followed a meeting of the board of directors, at which time it was decided to place the institution in the hands

of the state banking department. Chief Examiner W. M. Hutchins took charge of the trust company. Mr. Knapp said this action was due to the prospective suspension of business by the firm of Knapp Bros. in Deposit and Callicoon, in which Mr. Knapp is heavily interested.
