

SENATE TARIFF BILL READY

Committee on Finance Will Report the Payne Bill Tuesday Morning.

CERTAIN SCHEDULES RESERVED

Among Them Are Hides, Steel Rails and Crude Oil.

IMPORTANT CHANGES ARE MADE

House Basic Rates Extended to Related Articles.

GLOVES, HOSIERY AND WOOLENS

Committee Will Recommend That Dingley Rates on These Articles Be Retained—Work on Proposed Tariff Bureau.

WASHINGTON, April 10.—The senate tariff bill, so far as rates are concerned, was completed tonight, but it was noted that in making a report Chairman Aldrich will announce a reservation on certain important schedules for future action. These reservations will include hides, steel rails, wood pulp and crude petroleum.

Hides and Steel Rails.

In the report which will be made to the senate, hides will go on the free list as provided by the Payne bill, but the question of fixing a rate in accordance with the settlement of the senate, as expressed through a canvass taken by western senators, will be taken up in the near future.

Wood Pulp and Crude Oil.

No decision has been reached on the subject of wood pulp and this fact will be announced by Senator Aldrich when he reports the bill. The same is true of crude petroleum, which the house put on the free list against the protest of the leaders in that body.

Gloves and Hosiery.

Protests made by hosiery exporters of gloves and hosiery against the increase made by the Payne bill over the existing Dingley rates, which protests were added to by the position taken by hundreds of women throughout the country, induced the senate committee to agree to recommend the continuance of the Dingley rates.

BAILEY DENOUNCES PRESIDENT

Texas Senator Says Mr. Taft Is Trying to Dictate to Congress.

SPIRITED REPLY BY MR. LODGE

Man From Bay State Says Classified Service Is Regarded as Improvement Everywhere Outside of Congress.

WASHINGTON, April 10.—The bill to provide for the taking of the next census was passed by the senate today in a form which, it is understood, will meet the views of the president regarding appointments for census work under regulations by the Civil Service commission.

The interesting feature was a speech by Mr. Bailey, who said it was reported that if the bill as passed did not provide for appointments under the civil service the president would veto it and added that if any such "threat" were made it would stir up severe criticism of the president.

NO SUSPENSION OF MINING

President Lewis Issues Statement for Mine Workers.

CHARGES COMBINE OF OWNERS

Says Operators Are Fixing Price of Coal Without Any Objection Being Offered to Action.

PHILADELPHIA, April 10.—The officials of the United Mine Workers of the anthracite districts of Pennsylvania today appointed a committee to draw up a policy to be pursued by the miners.

These remarks followed a general denunciation by Senator Bailey of the civil service law, which he declared, he had opposed for twenty years as "a humbug and a pretense."

Senator Lodge, in reply, said the civil service was superior to the spoils system. Mr. Lodge said no attempt had been made by congress to pass the census bill over President Roosevelt's veto.

Mr. Lodge said he did not assume to speak for President Taft and that any member of congress could judge for himself what the president would be likely to do in the event the bill was passed with the spoils system included.

Taggart's Resort at French Lick is Under Fire

Governor Marshall of Indiana Orders Investigation of Report that Gambling is Carried On.

INDIANAPOLIS, Ind., April 10.—Governor Marshall, before leaving for a trip to New York, has instructed the prosecuting attorney for Orange and Washington counties to investigate the reports of gambling at French Lick, and if he finds them true, to proceed against the proprietors of the games.

The gambling rooms, it is reported to the governor, are in a small hotel just outside the land limits described in the charter of French Lick were raided. It is alleged they have been re-opened in elaborate gambling rooms, which are crowded every evening by fashionably dressed men and women, who play roulette, faro and stud poker.

DAYLIGHT BILL HITS WORKERS

Fifteen Hundred Men Employed in Nebraska Saloons Will Lose Jobs July 1.

Review of the Business in Nebraska that Will Practically Have to Be Rearranged to Meet New Conditions.

Saloons in Nebraska, estimated, 1,800. Investment in same, including licenses, \$200,000.

Saloon licenses issued in Omaha, 851, including brewers and wholesalers. Investment aside from license, \$375,000.

Breweries in the state, ten; investment, \$10,000,000.

People engaged about saloons, 5,500; to be let out, 1,500.

"You voted for Shallenberger, didn't you?" was the half inquiry and half assertion directed at a bald-headed bartender by a person in a mood to have some fun at the expense of a back-bar chemist.

"No, sir, I did not; I give you my word of honor on that. I'm from Missouri, all right; but the brains of the country is in the republican party, and the business of the country trusts that party and no other. I vote the straight republican ticket."

After the inquirer had caught his breath, he said heartily: "Blessed if I don't admire your nerve. Most of these kickers claim they voted for Shally, just to get even with Sholden."

"Well, I didn't," said the bald-headed one, "for I always thought that Sholden was right in insisting that the Stocumb law was the best of its kind in the United States, and if his advice had been taken the Shallenberger shysters in this business wouldn't have been giving such a kick in the shin as they got. At that, the only kick I have coming is that I will probably be thrown out of work and have to go somewhere else and hunt a job, in the meantime leaving the family here until I find one."

This is a gist of an actual conversation, and the bartender hit off the thought that is worrying many a man in his line in Nebraska today. "What to do after the first of July, next?"

Large Number of Jobs Vanish. There are close to 1,500 saloons in the state, at this time, and the number was not reduced by recent town elections. Each of these places has an average of three employees, even in Lincoln, has been the daily rule, "standing a watch" or not, because the hours from seven in the morning to eight at night are not extreme for one watch, with an hour or two off at noon.

Wages of bartenders average \$60 to \$75 a month, some getting more than \$75 and
