

ROOSEVELT AT PORT SAID

Former President and Party Arrive on Steamer Admiral.

GUEST OF CANAL OFFICIALS

Message Sent to American People About Good Work of Their Fellow Countrymen at Messina.

FORT SAID, April 10.—The steamship, Admiral, bearing ex-President Theodore Roosevelt and party, entered the Suez canal enroute to Mombasa at 7:40 o'clock this morning.

Excellent weather prevailed during the three days' voyage from Messina to the Port and the trip was uneventful. Mr. Roosevelt and all the members of his party are well.

Mr. Roosevelt has given out for publication the following statement regarding the existing situation at Messina, which city he visited Tuesday of this week:

"There is no sadder sight than the dreadful desolation of Messina, and words cannot describe it. It seems that there are still 40,000 bodies buried in the ruins.

The American people do not realize the labors of the relief performed by Lloyd Griscom, the American ambassador; Commander Belknap, the naval attaché at Rome, and the men of the gunboat, Scorpion, under Lieutenant Buchanan and Wilson, as well as by Winthrop Chanler and the other members of the volunteer committee.

"I was especially struck by the efficiency, good humor and all around power shown by the enlisted men."

ROOSEVELT CALLS PARIS FAKER

Ex-President Denies He Gave Widely Circulated Interview.

PARIS, April 10.—Theodore Roosevelt, in a cablegram from Port Said to a Paris newspaper, denies that he gave any interviews to French correspondents at Naples. He says he never saw the correspondent of Le Journal, whose "interview" with Mr. Roosevelt was widely published. Le Journal replies that its correspondent talked for half an hour with Mr. Roosevelt and declares the text of the "interview" as published to be strictly accurate.

Tailor is Held for Toledo Murder

Coroner Accuses Michael Soboleski of Killing Couple Found in Ashes of Home.

TOLEDO, O., April 10.—Coroner C. J. Hender today rendered his verdict in the Krueger murder case, holding Michael Soboleski, a tailor, responsible for the deaths of Ludwig Krueger and his wife, Augusta, whose bodies were found buried in the cellar of their home after it had been destroyed by fire the morning of April 1.

Soboleski says he had purchased the Krueger farm, west of Toledo, and that he visited the Kruegers the evening of March 20. The coroner's verdict is that the farmer and his wife were killed between 5 and 7 o'clock that night. They had been stabbed to death. The bodies were buried beneath the brick floor of the cellar. The house

Skin and Blood Diseases Banished

The Blood Quickly Purified, and the Skin Healed by Stuart's Calcium Wafers.

The importance of the blood to the physical system is apparent to every one. It contains in itself all the elements necessary for the nourishment and reconstruction of the tissues of the body, these elements being absorbed from the food in the stomach.

The blood is the greatest circulating medium in existence. It is the channel of transportation in the body, not only of nutritive supplies to the tissues, but also of the consumed and worthless materials that have fulfilled their purpose, and are to be ejected from the body.

It frequently happens that the blood becomes charged with impurities absorbed from the stomach, intestines and kidneys, and which, if it is unable to eliminate through the usual channels, it sends out through the pores of the skin in the form of pimples, blackheads and various skin eruptions.

The skin is composed of two layers known as the scarf-skin, or cuticle, and the true skin, or derma. The number of pores in the skin is estimated to be 2,300 to the square inch, or a total of about 7,000,000 in the entire system, and if put in one continuous tube, would measure twenty-eight miles in length. About one-fifth of the impurities of the body are eliminated through these pores.

If the scarf-skin, which is constantly being thrown off, should for any reason, collect and block up the pores, skin diseases, such as furuncles or boils, carbuncles, acne, lichen, etc., are certain to occur.

Stuart's Calcium Wafers is the ideal remedy for keeping the blood free from impurities, and the skin devoid of eruptions, no matter what the cause may be, as the wafers cleanse the entire system, and act generally as well as locally. The principal ingredient of this remedy is calcium sulphide, which is a standard U. S. P. preparation, and its powerfully alterative, blood-purifying and skin-healing properties are well-known to all physicians and druggists.

Stuart's Calcium Wafers act mildly upon the liver, kidneys and intestines and powerfully upon the blood and skin, eliminating impurities of every nature, healing all skin diseases, and building up rich, red blood and rendering the complexion rosy and healthy.

Obtain a box of this powerful remedy from your druggist, if you are suffering from such diseases as pimples, blackheads, boils, carbuncles, tetter, herpes, erythema, urticaria, rosacea, nettle rash, hives, ringworm, etc., and you will be surprised at the alacrity with which the system is rid of these troubles. He will send you a package for 50 cents, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

was destroyed by fire Thursday morning, nearly six hours after the time the murder is believed to have been committed.

W. S. Rogers of Cleveland, state fire marshal in Toledo and has taken personal charge in the investigation of this feature of the case.

Tug Crew Lost in Lake Storm

Deck Cabin of the George Floss is Washed Ashore Near Cleveland.

CLEVELAND, O., April 10.—There is no longer doubt that the tug Georgia Floss, with its crew of six and three passengers, sank in Lake Erie during Wednesday's big gale. Wreckage from the boat washed ashore today twelve miles east of Cleveland. The wreckage consisted of part of the cabin with the word "Floss" on it and some bucket racks.

Searching parties are now along the east shore looking for bodies and other wreckage. Those on board the Floss when it left Cleveland were Captain William Barry, Captain John Daly, Engineer Fred Gilbert, Cook Mackintosh, Frank Wesscheier, Henry Anderson, John O'Donnell, Joe Martin and a 16-year-old boy named Campbell.

The last three named were passengers on the Floss and had gone fishing with the crew the day of the gale. All of the men but Wesscheier were residents of Cleveland. He lived in Erie, Pa.

Shock is Felt for Thirty Miles

Fifty Thousand Pounds of Black Powder Explodes in Plant at Wayne, N. J.

WAYNE, N. J., April 10.—More than 50,000 pounds of government powder exploded today at the Dupont black powder mills here, instantly killing one workman, Jerome Marsh; seriously injuring two other men and slightly injuring about seventy-five other employees. The eight buildings of the plant were destroyed and houses of the town were wrecked even in the surrounding country. The shock was felt in villages thirty miles away. The cause of the disaster is unknown.

The explosion hurled an eleven-ton grinding wheel nearly 600 feet through the air and buried it twelve feet deep in a swamp. The loss will reach \$100,000.

ROME, April 9.—A serious explosion occurred this morning in a four-story house on Borgo Pio street, near St. Peter's. Twenty persons were wounded, some severely and a portion of the building was destroyed. All four floors collapsed. It is thought dynamite stored in the house by fishermen for illegal fishing exploded accidentally.

Takes Revenge on Enemy's Brother

Unable to Find Man that He Hated Italian Kills the Next of Kin.

ST. LOUIS, April 9.—Unable to find Louis Macaluso, against whom he cherished a bitter hatred, Salvatore Ferlosa wreaked his vengeance upon the next of kin in true Sicilian style last night, waylaying and shooting Sam Macaluso in the hallway of their home at 508 Daggett avenue. The victim received three bullet wounds and died early today. Ferlosa is a fugitive. All their acquaintances had thought Ferlosa and Sam Macaluso to be friends. The former had been wounded by Louis Macaluso five weeks ago after a quarrel but when he had recovered from the hurt he vindicated no resentment against Sam. The men lived in the same boarding house and last evening ate and drank together. But when Macaluso climbed the stairs to his room, Ferlosa's door was thrown open and the shots rang out.

"I take my revenge," exclaimed the slayer, as he dashed past the other members of the household.

UNCLE SAM ASKED TO HELP MISSISSIPPI FLOOD VICTIMS

Representative Wallace Asks Appropriation of \$50,000 for Construction of Highlands.

WASHINGTON, April 10.—The construction of fifty experimental grounds on which the people living along the banks of the Mississippi river may take refuge together with their live stock during seasons of flood is the proposal that Representative Wallace is preparing to urge upon congress. He has introduced a bill for the appropriation of \$50,000 for this purpose.

"The government has constructed levees along the Mississippi river," explained Mr. Wallace today, "from the mouth of the Ohio to the head of the passes, sometimes fifteen miles back from the river. Between the levees and the river are more than 1,000,000 acres of valuable farming land. As a result of the levee building policy of the government the lives and property of the inhabitants on the 1,000,000 acres of land are threatened every time there is a flood. The levees tend to back the water up over the land. The aborigines constructed mounds along the river on which they might take refuge and, I believe, that owing to the policy of the government, long since adopted, it ought to construct new mounds for the present inhabitants."

FINDS LOST BROTHER AFTER SEARCH OF MANY YEARS

Kansas City Man Discovered Relative Had Been Neighbor for Years.

KANSAS CITY, Mo., April 10.—John Alfred Kohler, known to his comrades as Johnny Alfred, a soldier stationed at Jefferson barracks near St. Louis, met his long-sought brother, Kit Kohler, a brewery solicitor, in the latter's home here last night after twenty-four years of searching. Johnny Alfred ran away from home when 4 years old, was taken up and sent to an orphan's home. He forgot his full name. Recently his comrades urged him to endeavor to find his relatives. Kohler did so, writing a letter to the Kansas City Star detailing his history, and it was read by Kit. After the reunion it developed that the lost boy had lived for several years next door to Fred Kohler, another brother, in St. Joseph, Mo., without discovering their relationship.

Most Food is Polona to the dyspeptic. Electric Bitters cure dyspepsia, liver and kidney complaints and debility. Price 25c. For sale by Beaton Drug Co.

Colorado Prison Claims Omahan

Frank Dunlop, Stellar Performer Here a Short Time Ago, Turns Out Forger.

Frank Dunlop, citizen man, "good fellow" and erstwhile club of Omaha, landed in the Colorado state penitentiary at Canon City yesterday as the result of a persistent tendency to sign other men's names to checks.

Dunlop was brought into court and admitted his guilt. He pleaded that he would make the checks good and was let go on this condition. But he resumed his forgeries and when before the court again a plea for mercy availed not. Incidentally he had broken his parole and this did not help him much. A sentence of from three to five years was imposed.

Mrs. Sampson is Acquitted

Jury Finds Woman Not Guilty of Murder of Husband After Brief Deliberation.

LYONS, N. Y., April 10.—Mrs. Georgia Allyn Sampson, who has been on trial since Monday on the charge that she had shot and killed her husband, Harry Sampson, was acquitted shortly after 10 o'clock tonight.

Mrs. Sampson was trembling when the jury announced its verdict, but she recovered her composure and smilingly received the embraces of her father and other relatives and the congratulations of her friends. She thanked and shook hands with her lawyers, the jurors and reporters, but declined to make any statement for publication.

SUTTON ON CRIMINAL BENCH

He Will Preside During the May Term of District Court, Succeding Sears.

Judge A. L. Sutton will preside over the criminal branch of district court during the May Term. Judge Sears stated Saturday that an agreement to this effect had been reached in January at a meeting of all the judges of the district court. The calling of a grand jury will accordingly be largely up to Judge Sutton, who will place on the law side will be taken by Judge Sears. The latter has presided over criminal cases for a year and one term.
