Short Talks on Long Subjects for Those Who Like Good Things.

Up to date Jeff hasn't said anything to Mr. Johnson. Mark it down: Washington opened the season by winning. Comiskey gives it out cold the Sox will win the American league flag.

In Cadman, Pa. has a heady catcher, a sure batter and a fine man. Mider Brown will pitch the opening game for the Cardinals. The American league season opened Monday, the National will open Wednesday.

After all the talk those Highlanders on "Cravath is a star" and a "good fielder," said Comiskey: "He lined one against the right-fielder in Cincinnati yesterday that did me heart good. Cravath, of course, will miss Jones in Boston, but Cravath is a great ball player. Jakey Schulte has the regular second base position for the start of the season at least. Parent will play at short, Laddell will play at first and Hannell at third."

"Billy" Sullivan has been star catcher for the Sox since 1901. He was purchased by Comiskey from the Boston National league club. Boston got him from Columbus, Ohio. He is a fine ball player at Dubuque, Ia. Sullivan has been regarded generally by base ball experts as one of the greatest backstops in the business. Last year he led the American league catchers with a fielding average of .985. In his batting, however, he fell short of his previous records. His average for the season was only .191. He has, however, always been a good pinch hitter.

Match for World's Championship on Chicago Nat.

Frank Gotch, champion wrestler of the world, will give Youself Mahmut, the Bulgarian Turk, a chance to take back to the sick man of Europe the title all Turkey craves. The two big fellows meet at Dexter hall, Chicago, tonight.

On this same mat Gotch became champion of the world a little over one year ago when he humbled the vaunted Russian, Leno, George Hackenschmidt, with whom the fans said Gotch didn't have the ghost of a show. Yet Gotch made a monkey of Hack.

Now, many fans believe the Turk will beat the low champion. Many others do not. The Turk is a great man, no question about it. He is a great fighter, and a winner, but the odds are with Gotch. The two men will weigh about alike, probably much larger than the other two to the point Farmer Burns wants him. Gotch is admittedly the more scientific and may be a little stronger than the Turk, though not much. The Turk's peculiar build is greatly in his favor. He ought to be able to make it difficult for Gotch to slip his toe hold on him. His feet are short and very thick and muscular and his legs are massive of build. He has a head like a horse and a leg bigger than that of any other wrestler. His neck is practically a cannon. He has a head like a horse and a head almost out of the question. The man's back is a wonder.

Those who are contemplating the possibility of Gotch losing are probably wrong. He would be before America would recover the title. Safe to say a very long time. The crowd will be immense, probably much larger than the one that saw Gotch beat Hack.

Farmer Burns has had Gotch in tow, training him for the fight with Hack. He has every other big match. He admits Gotch has a hard job on his hands.

SCHURMAN ON TAXATION

President of Cornell University Addresses St. Nicholas Society. DEFENDS INHERITANCE LEVIES

This Form He Thinks Should Be Reserved for the States and Nation Should Assess Incomes.

NEW YORK, April 13.—Two hundred members of the St. Nicholas society, which is made up of descendants of the Dutch, German and English families who lived in the New York City of colonial times, gathered tonight at Delmonico's around the gilded workbench of the New Amsterdam city hall, which was presented to the society in 1886 by Washington Irving. The dinner and the banquet room was decorated in the Dutch colors, orange and blue.

The write of habeas corpus secured in behalf of S. R. Carvalho, Bradford Merrill and Edward H. Clark, officers of the Star company, publishers of the New York American and Evening Journal, in the action brought against them for criminal libel on a complaint of John D. Rockefeller, Jr. was upheld by Justice Gerard in the supreme court today and the defendants ordered discharged. Mr. Rockefeller had complained of the publication in the New York American of December 17, 1908, of an article wrongly accusing him of having originated a pecuniary system to which the employees of Illinois were alleged to have been subjected.

In his opinion Justice Gerard characterized the article as a gross and vicious libel, the writers and publishers of which should be brought to trial, but finds that no evidence exists to show that Messrs. Carvalho, Merrill and Clark had anything whatever to do with its writing or publication. The decision affirms the principle that the officers of a corporation which publishes a newspaper are not liable to criminal prosecution for libels printed in the newspaper simply because they are such officers and without any further proof to connect them with the management of the newspaper.
