Close is Strong in Wheat Pit

Prices Depressed Early in Day, but Rally at Close—Patten Reported Buying.

CHICAGO, April 16.—While the wheat market was active today it lacked the sensational features of yesterday. Prices were depressed early, July touching \$1.19 1/2 and May \$1.25 1/2, but the close was strong, with July the box of contention, 1/4c over the previous close, at \$1.17.
May closed 1/4c lower at \$1.27 1/4.
Following yesterday's sensational market wheat was nervous at the opening. Patten was said to be a buyer. July opened 1/4c to 1/2c lower to 1/2c higher at \$1.15 to \$1.19 1/2. May unchanged to 1/2c lower at \$1.27 1/4 to \$1.29, and September 1/4c to 1/2c higher at \$1.06 1/2 to \$1.09 1/2.
The story that Mr. Patten has employed a bodyguard has no proper foundation. The colored man, alleged to occupy this position, has been at the same door receiving visitors' calls for a generation. He was there before the name of Patten had become one to conjure with.
WASHINGTON, April 16.—"The only successful corner I ever heard of was the one Joseph had in Biblical days," declared Secretary of Agriculture Wilson, when asked for an opinion as to the Patten operations on the Chicago Board of Trade. The secretary was about to enter the usual Friday meeting of President Taft's cabinet when he made this statement.
"To successfully corner the wheat market," continued the secretary, "you have got to keep buying and buying and buying. Finally the time comes when you can't buy any more and then there is a smash."
