HIGH SCHOOL SCHOLARSHIP PRIZE

Joint Certificates Issued by Nebraska Association of Colleges—Dotings in Educational Field Here and Elsewhere.

Hereafter the Nebraska university will not have to go to the legislature to get that body to appropriate the money given by the general government to the institution.

Under a recent decision of the supreme court it was held that this money should be available for the use of the school upon its receipt by the state treasurer.

Heretofore the money from the general government has been appropriated by the state before it could be taken out of the treasury by the regents.

Judge W. E. Rose filed a vigorous dissenting opinion in the case, holding that no money should be taken out of the treasury unless it had been appropriated by the legislature in accordance with the provisions of the constitution.

Several members of the late legislature expressed themselves in favor of a direct appropriation for the university itself.

The Nebraska Association of Colleges, consisting of Bellevue, Colver, Doane, Grand Island, Hastings, Nebraska Wesleyan and York, continues to send out a joint certificate of scholarship to all high schools of Nebraska.
