Council Bluffs
BANQUET GIVEN AT CRECHE
Associated Charities Shows Business Men Scope of Work.

MANY LOOK OVER BUILDING
Women Wage Campaign to Secure Funds with Which to Wipe Out Debt Caused by Buying Building.
A number of the leading business and professional men of the city were given an opportunity Wednesday night to realize something of the scope of the work of the Associated Charities. They were the guests of the association at a banquet served in the dining room of the Creche on East Pierce street.
"Mr. Kerr, do not invite you here," explained Miss Caroline Dodge, president of the association, "for the purpose or with the intent of begging. We want you to see for yourselves the children in our home here and to learn of the work that we are doing. This little affair tonight is in its small way a mark of our appreciation of the assistance and support which you have rendered in the past from the business men of the city."
Among those at the banquet were: Mayor Thomas Maloney, Major George H. Richmond, chief of police; Assistant County Attorney Dillon Ross, Colonel W. F. Baker of the Board of County Supervisors, Rev. W. H. Dudley, pastor of the First Presbyterian church; E. H. Doolittle, chairman of the executive committee of the Commercial club; Adolph Beno, Victor E. Bender, H. W. Binder, C. E. Price, cashier of the Commercial National bank; J. F. Wilcox, A. L. English, manager of the Citizens Gas and Electric company; J. P. Hess, Charles W. McDonald, Lewis Cutler, W. H. Dudley, Dr. Mac Hanchett.
On arriving the guests were shown through the building by Miss Dodge and Mrs. Johnson, the superintendent. After the excellent menu had been disposed of the women very thoughtfully had the cigars handed around and a social hour was enjoyed with a number of short impromptu talks. Miss Dodge as president of the association told of the financial and general condition of the creche and the association in general. She was followed by Mayor Maloney, Colonel W. F. Baker, who assured the members of the association that he would urge and vote for a liberal appropriation from the county board; Victor E. Bender, Dr. Hanchett, Adolph Beno, Major Richmond, Mrs. Lewis Cutler and Mrs. Johnson, the superintendent.
Mrs. Cutler told of the campaign that a special committee was waging to clear off the debt of the association by securing pledges of \$5 a year each from 150 women of the city. This would mean \$1,500 a year and in a few years the indebtedness caused by the purchase of the creche property and improvements to the building would be wiped out.
It is needless to say that every man who was a guest at the creche last night left there with a warm spot in his heart for the noble band of women who are devoting their time, energies and money in caring for so many little children and for others who may be in trouble or in want.
Lottie Fadden Makes Trouble
Woman, Formerly of Nebraska, Source of Woe to Officers.
By order of the commissioners for the insane Lottie Fadden was yesterday discharged from St. Bernard's hospital, where she was last sent in December of last year. Tuesday she decided to leave the institution without waiting for an order from the authorities and got as far as the North-western depot, where she was found by W. A. Gronow and taken to the hospital.
Lottie Fadden for ten years or more has been as great a trouble to the Council Bluffs authorities as has been the notorious Paunting Bertha Libbecke. At one time she was fairly well off, owned a nice home and some real estate in this city, but after the death of her husband, which occurred in St. Bernard's hospital from peritis, she hit the toboggan slide and she rapidly became a mental wreck from alcoholism.
She was first declared insane in August, 1896, and after a short sojourn in St. Bernard's hospital was removed to the state asylum at Clarinda from which place she was discharged as cured in May, 1898. A year later she was again sent to St. Bernard's, where she remained about six months. She then returned to her father's home near Lincoln, Neb., and nothing was heard of her until in December, 1898, when the Omaha authorities brought her over the river and turned her over to the Iowa authorities. The local commissioners decided that the woman's residence was in Nebraska and she was sent back across the river in custody of a deputy sheriff. The Omaha authorities flatly refused to accept the woman and the officer was compelled to bring the unfortunate woman back to Council Bluffs. This was over ten years ago and the woman has been a source of trouble and care to Pottawattamie county ever since. She would be discharged from the hospital or the asylum only after a brief report to be brought back again.

TO FEED IN TRANSIT IS IOWA
Compromise Reached Whereby New Rate Will Apply in State.
RAILROADS MAKE CONCESSION
Zone Rate System Also to Be Established on Live Stock Shipments to Chicago from Entire State.
(From a Staff Correspondent.)
DES MOINES, April 22.—(Special.)—Attorney General Byers returned this morning from Chicago, where he went with President Sykes of the Corn Belt Meat Producers' association and Clifford Thorne, attorney for the association, and while in Chicago he held a conference with Judge Prouty of the Interstate Commerce commission and representatives of the railroads on important matters affecting live stock rates in Iowa.
The Corn Belt Meat Producers' association has been seeking certain concessions on interstate business and has a suit pending before the commission. The conference was to secure an agreement, if possible, without a trial of the case, and this was substantially accomplished.
Under this it is likely that the feeding in transit rate on western stock will be made to apply to Iowa as to other states and on all interstate business. Then it was agreed that the railroads would make a rate on double-deck cars for sheep or Iowa shippers the same as for shipments of cattle, which is done elsewhere, but has not been done in Iowa.
The other matter of great moment was that of the application of the zone system for making rates to Chicago on live stock. At present the Missouri river rate of 25 cents applies to stock over the western half of the state, and on the break it suddenly dropping to the 14 cent rate for the eastern Iowa points. The proposal of the shippers is for a gradual reduction of the rate eastward on the zone plan. While an agreement was not reached on this, it is believed the change will finally be made.
