S.S.S. HEALS SORES AND ULCERS

S.S.S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the blood is healed because the impurities and morbid matters which have been the cause of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive compound in the blood is weakened or infected, they cannot nourish the fibrous tissue around a place, but instead they constantly discharge into the flesh around it a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S.S.S. has long been recognized as the best of all blood purifiers, possessing the qualities necessary to remove any impurity from the blood. While curing the sore or ulcer S.S.S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

The Real Test of Clothes Value

is not so much their first appearance as the way they look after you've worn them awhile.
Many apparently stylish garments will lose their shape and good looks after the first few days.
Such clothing never has, nor never will, be seen in our store.

"Nebraska" garments are always dependable in quality, style and fit, and afford perfect satisfaction from the time you first put them on until worn out.
The man who wants this kind of clothes at a medium price will do well to see our

Men's Spring Suits \$12-\$15-\$18

At these prices we are offering handsomer and more stylish garments than are usually seen at \$5 more.
They show the finest fabrics, in the authentic styles and new spring colors. The cut of the coat, the "lay" of the collar, the excellent lining and the careful finish, all give conclusive evidence of their expert hand-tailoring.
Is it any wonder that such garments have always given greater service and better satisfaction than any ever offered in comparison?

The Clothes Your Boy Wears

require just as careful choosing as your own. In fact, they will be subjected to a greater amount of hard wear and rough usage. Our many years experience in clothing Omaha boys enables us to know exactly what garments will be most satisfactory. That's why we say our

Boys' Spring Suits at \$4.00 and \$5.00

are the best values in town. These garments are made of strictly all wool materials in the correct styles and new spring colors. AFFAIRS AT SOUTH OMAHA

New Lighting Company Plans to Erect Extensive Plant.

LARGE INVESTMENT IN PROSPECT

Union Pacific Land Deal in Sarpy County Means Extension of Trackage—Country Club Plans.

A. H. Murdoch returned yesterday from a business trip in Iowa and immediately took up the new electric lighting proposition for South Omaha. Referring to the personnel of the company he declared the stock was all subscribed by local men and the company would be financed and under the articles of incorporation will be managed by the citizens of South Omaha, as long as the company exists. He said he was not ready to publish the list of stockholders yet, but would do so shortly.
As to the intent of the company in submitting a bid, the attorney said the company expected to furnish public and private lights and sell power to the full extent of its influence. He maintained that the bid of his company was far better in every way than the old company's. The style of lamp and the power of the current offered, would in each case, prove of better lighting capacity.
To furnish this power the company expects to erect a power plant to cost between \$15,000 and \$16,000. The site for the plant has not been selected, only it was said by the attorney that it must be convenient to the city. The style of lamp and the power of the current offered, would in each case, prove of better lighting capacity.

Light for Boosters' Block—W. D. Williams, the man who suggested the boosters' club of the 500 block on South Sixteenth street, addressed the municipal affairs committee of the Commercial club Friday noon. The 500 block business men are figuring on new street lights on the iron post and bracket style and have received some photographs of cities where they have been installed. Which make some of the metropolitan centers look ill-lighted. Aurora, Ill., is among them and Mr. Williams told of the small expense of securing the lighting effect which Aurora has secured.

Quick Action for Your Money—You get that by using The Bee advertising columns.

Land Sale Fulfills Prophecy.
Events have apparently verified the reports given in the South Omaha columns of The Bee three months ago that the Union Pacific, through the McCague Investment company of Omaha, had bought a large and valuable tract of Sarpy county land along the present right-of-way. The report was vigorously attacked by Edward Dee at that time as an exaggeration. The sale has been verified from many sources and is said to have been admitted by Mr. Dee also.

Take Back Your Woman
Omaha Refuses to Accept Any of Council Bluffs' Undesirable Citizens.

Not wanted in Council Bluffs, where her home has been for years, and being an equally undesirable citizen from an Omaha viewpoint, Lottie Fadden, formerly an inmate of St. Bernard's hospital in the Bluffs city, was brought to Omaha Thursday morning and was returned almost as quickly to Council Bluffs. Dr. Tilden of the insanity commission, the county authorities and the police refuse to receive her in Omaha.
A similar stand is taken against her in Iowa, where she has lived and been dependent on Pottawattamie county since 1886. It is maintained that she has established no residence in Nebraska and that she is at present insane, on which grounds the local authorities refuse her admittance to a Nebraska or Omaha institution.

Frank Howell Diets for Trip Into Far North

Eats Salt Pork and Drinks Cod Liver Oil Before Starting to Saskatchewan.

What would you eat to get your system into the proper condition to withstand the rigorous climate in the vicinity of the north pole? Possibly you would choose ice cream and corn starch, but not so with Frank S. Howell of the law firm of Jeffers & Howell. He eats salt pork and drinks cod liver oil as a beverage.
Mr. Howell has gone to Prince Albert, Saskatchewan, Canada, 200 miles north and west of Winnipeg, and for two days he dieted in anticipation of the journey towards the land of the midnight sun. He left last night and will arrive at his destination Monday night after four days and four nights of continuous travel, the route being via St. Paul, Portal, N. D.; Moose Jaw and Regina, Saskatchewan.
Mr. Howell has gone to the Canadian province as an expert on Nebraska law and at the call of the deputy attorney general of the province, Frank Ford, a member of the same Greek letter fraternity with Mr. Jeffers. The latter's presence was requested, but as he was unable to go Mr. Howell went in his place.
The exact nature of the case in which the Omaha attorney will testify is not clear. Several telegrams, containing about 400 words, at 9 cents a word, were sent back and forth and from these it is figured out that some man or woman is being tried on a charge of bigamy. Mr. Howell goes as an expert to testify as to the power of a Mennonite minister to perform the marriage ceremony, and it is therefore believed that someone is trying to get clear of a bigamy charge on the ground that a previous marriage performed by a minister of the Mennonite faith is not binding.
In the Canadian provinces the old ecclesiastical law prevails, as in England, and if the marriage was performed in Canada under the old law there might be some question. In the United States, however, the ecclesiastical law is practically null and a marriage ceremony performed by a minister of any faith or by a justice is binding. Further, a marriage ceremony performed by a person who has not the power, but whom the contracting parties believe has the power, is binding. But in this instance the consequences would fall on the person performing the ceremony, not those married.
These points will be explained by Mr. Howell.

AGED PEOPLE REUNITED BY LITTLE ITEM IN THE BEE

Brother and Sister Who Had Not Seen Each Other for Years Now Happy.

Mrs. John Bartlett of Bath, Me., has written a grateful letter to Postmaster Thomas thanking him and The Bee for locating her aged brother for her through an item in The Bee of several weeks ago.
The item was read by a friend of her brother, E. A. Howard, who knew of Howard's whereabouts at Holyoke, Colo., and Mrs. Bartlett was so informed, and has since received a letter from him.
Mrs. Bartlett is 72 years of age and her brother is 77. They were the last of their family and it was her custom to write him on his birthday every June, but the letter of last year was returned unopened, Howard having left Omaha, where he had been living for some years. He was a veteran of the civil war and spent some time in the Soldiers' home at Milford after leaving Omaha and went from there to Colorado.

DRYS START ON CAMPAIGN

Anti-Saloon League Will Have Its Big Meeting at Auditorium Tuesday Night.

The four Anti-Saloon League candidates for the Board of Fire and Police Commissioners will speak on prohibition at a meeting being arranged by the league for Tuesday night in the Auditorium. The four candidates are Lytle I. Abbott, T. B. Norris, Henry E. Maxwell and M. C. Steele. T. J. Mahoney and Rev. B. F. Fellman will also address the meeting.
Six other meetings have been arranged by the Anti-Saloon league for this week. Tonight a meeting will be held in the Grace Baptist church, Friday night meetings will be held in the Episcopal guild hall at Thirty-second and California streets and at the Westminster Presbyterian church and Saturday night meetings will be held in the Omaha Commercial college building, the Olivet Baptist church and the Saratoga Congregational church. All these meetings will be addressed by one or more

Man Disappears, Mother Near Death

Frank Cordes, Young Illinoisan, Last Heard of in Omaha in 1905.

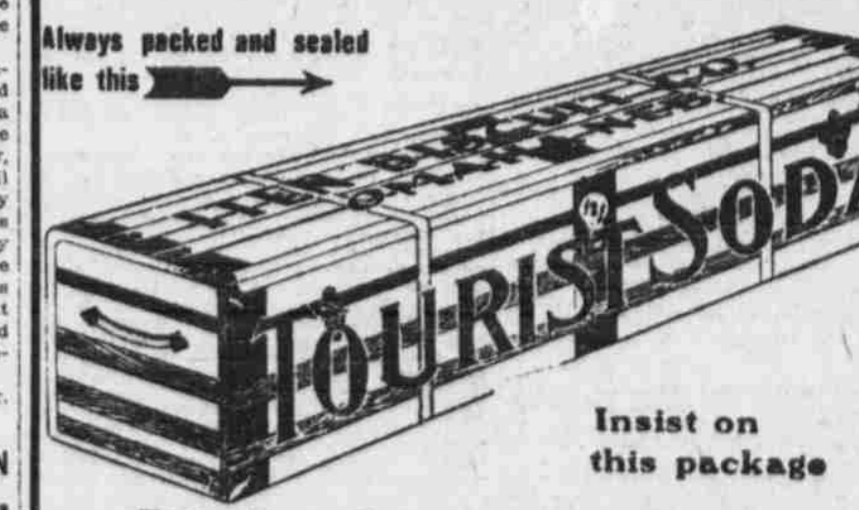

The mother of a missing young man is seriously ill and on the verge of a complete breakdown as the result of her son's unaccountable disappearance from Omaha in 1905 and his failure to correspond with her since.
Frank Cordes is the missing man and the police have been asked to help find him. Newspapers in various parts of the country, particularly the west, are publishing articles about the case in hope of bringing him back to his mother and relieving her from the strain under which she has lived for three years.
Her home is at Ashkum, Ill., where Clinton C. Comstock, a manufacturer and grain dealer, has taken up the case with the determination to remove the anxiety prevailing on the mother's mind.
Cordes came to Omaha to collect on a note due him, and is said to have had between \$2,000 and \$3,000 when he disappeared. His mother thinks he is dead, has met foul play or is an inmate of a hospital or insane asylum.
Should be covered with clean bandages secured with Bucklen's Arnica Salve. Heals burns, wounds, sores, piles, etc. For sale by Beaton Drug Co.

Elks' Fair Lasts Two Days Longer

Many Fine Bargains to Be Had at Auction Block at Auditorium Show.

With only two more days to go, the Elk's fair folk, which includes not only the members of the order, but hundreds of their friends are making the most of the time and the ten days' event promises to wind up with a whirlwind finish.
The floor of the Auditorium was packed again last night and even the galleries were well filled especially early in the evening, while the vaudeville show was being given on the stage.
The last two days are going to be bargain days, and many of the 3-cent pieces which have been invested during the last week are going to bring in big returns on the investment. Many of the valuables which were donated to the fair are being sold at auction. In fact some of the chances looked so good that a local dealer has been at the auction block looking for opportunities to pick up a snap, but thus far the patrons of the fair have kept the price of things just above his reach.
One of the sights of the fair is to see Sheriff Bralley shaking dice. He shakes three delicate little cubes about a foot in diameter and the paper mache dice box is about the size of a barrel, but he handles it as gracefully as if it were a child's toy and as the game he conducts does not conflict with the law he is doing a flourishing business.
Friday afternoon one of the interesting events will be a ladies' bridge whist tournament in the Japanese garden, beginning at 2 o'clock.
