

GRAIN AND PRODUCE MARKET

Wheat Advanced After a Steady Opening on Local Market.

SUPPORT FROM BUYING CONSTANT

Corn Opened Steady and Advanced

Steadily Under Bullish Weather

Conditions and Good Cash Demand.

OMAHA, April 27, 1909.

Wheat advanced after a steady opening.

Support from the buying side was constant

throughout the day. Cash wheat

was up with the domestic market and offerings

were not plentiful. Sentiment

is strong for an advance after the late

liquidation.

Corn higher strength with wheat and

workings, showing more activity in

the May contract. Demand is in good

demand and brought prices for all offerings

up.

Wheat started steady but advanced

quickly on good buying and had weather

reports over the wheat belt. Liverpool

closed with good strength, helping the domestic

market at the close. May opened

at 114 and closed at 114 1/2.

Corn opened steady with wheat and advanced

steadily under bullish weather conditions

and good cash demand. Support

was strong throughout the session and the

close was strong. May opened at 64 1/2

and closed at 65 1/2.

Primary receipts were 173,000 bu.

and shipments were 302,000 bu., against

receipts of 262,000 bu. and shipments

of 262,000 bu. of corn, 400 bu.

of oats and wheat and flour equal to 40,000

bu. Liverpool closed 1/2 cent lower on wheat

and 1/4 cent lower on corn.

Local receipts: Open High Low Close Yesterday.

WEATHER IN THE GRAIN BELT

Fair Probably Wednesday, with Temperature on the Rise.

OMAHA, Neb., April 27, 1909.

High temperatures prevailed throughout

the Mississippi and Missouri valleys Monday

day, but a very marked and decided fall

occurred during the night, and freezing

weather prevailed this morning over the

valleys as far south as Nebraska and Iowa.

The weather is very cold for the season

in the upper valley and northwest. A tem-

perature of 5 below zero was recorded

last night in Massachusetts, western

Canada. The weather is fair in the

valleys; rains are general in the lake

region and Ohio valley, and are scattered

throughout the middle states. It is snowing

in Yellowstone park, and raining in

western Montana and west to the coast,

elsewhere throughout the west the weather

is fair. The temperature will rise slowly

in this and other valleys, and will be

fair tonight and probably Wednesday.

Record of temperature and precipitation

at Omaha for the corresponding day of

the last three years:

Minimum temperature... 1907 1908 1909

Precipitation... 1907 1908 1909

Normal temperature for today, 53 degrees.

Deficiency in precipitation since March 1,

2.1 inches.

Deficiency corresponding period in 1907,

2.96 inches.

L. A. WELSH, Local Forecaster.
