MRS. F. H. PUGH IS DEAD

Domestic Science Writer Dies at Her Dundee Home.

HER WORK KNOWN OVER NATION

For Several Years One of Her Activities Was Holding the Chair of Domestic Science at Bellevue College.

Mrs. F. H. Pugh, better known as Mary Moody Pugh, a nationally recognized authority and writer on domestic science and a well known worker in local and national charity, Women's Temperance union and pure food circles, died Thursday night at her home, 423 Webster street, in Dundee. She was 28 years old and had been ill for several months, cancer being the cause of her sickness and death. Omaha had been her home for eighteen years.

She was a charter member of the Omaha Woman's club and the first leader of its domestic science department. For two years she was national chairman of the domestic science work of the Federated Women's clubs and during the St. Louis exposition was a member of the board of lady judges of foods for a month. Several years ago she held the chair of domestic science at Bellevue college, and for many years had been a contributor to national publications on subjects connected with her work. When she was taken ill some time ago she had a half finished manuscript of articles for Harper's Bazaar. Among her other activities, she conducted many cooking schools and did much mission work along that line in connection with the Associated Charities in this city.

Her husband, who has been an invalid for some time, and a step-daughter, Mrs. B. R. Stouffer, Jr., of Bellevue, survive her. The funeral is to be held Saturday at 2 o'clock at the Dundee residence, and interment will be in the family lot at Forest Lawn cemetery. Rev. Dr. Stephen Phelps of Bellevue will conduct the services.

THREE DAYS TO FINISH FUND

Joshua Grants Extension of Time in Which to Get Child Saving Money.

George A. Joshua, who gave \$25,000 to the building fund of the Child Saving Institute on condition that the balance of the \$75,000 needed be raised by May 1, has granted three days of grace, leaving out Sunday, so that the committee has until next Tuesday in which to raise the desired amount. This will give more time to collect many subscriptions and donations which have been delayed. Everybody wishing to subscribe to this worthy charity is urged to send in their subscriptions before that date or phone to the headquarters, Room A 30, Hotel Rome, phone Douglas 3361. Robert Z. Drake swelled the fund with a subscription of \$500 and "A Friend" sent in \$1,000 and the Merchants National bank \$500. The total is now \$62,062.18, leaving \$12,937.82 yet to raise.

Dog Catcher to Start With May

Men with the Copper Hoop Will Be Abroad in the City After Saturday.

The dog catchers will not start on their rounds May 1. Only about one-half of the dogs in the city have been tagged, but the untagged owners will enjoy peace and liberty until the council orders the dog catchers to begin. This the council has not as yet done and when the order is issued, a date several days in advance will be set, so as to give the delinquent owners a chance to procure tags in time.

WOMAN MISTAKES RAGMAN FOR A CARPET CLEANER

Now She is Minus Two Valuable Oriental Rugs as the Price.

A South Sixteenth home is minus two fine rugs, valued by the owner at \$70, a rag picker is enjoying the luxury of oriental elegance thereby and a carpet cleaner has lost a job, all because Mrs. Helene Kroenert, 246 South Sixteenth street, mistook the rag picker for the carpet cleaner when the former called at her house and gave him the two handsome rugs with instructions to take them away and "do a good job."

S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S.S.S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S.S.S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S.S.S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S.S.S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S.S.S. builds up and strengthens the system by its fine vegetable tannic effects. If you are suffering with Contagious Blood Poison S.S.S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one. An Appeal to the Voters of Omaha

We, the undersigned tax payers of the city, being thoroughly familiar with the situation and having the best interests of the City at heart, would advise all voters to vote against the \$6,500,000 Water Bonds, as we do not think they should be voted before the case is finally adjudicated in the Supreme Court of the United States. The voting of the Bonds now would look like a surrender and might have a serious influence against the City's case.
