REIGN OF HOLT COUNTY MAN ENDS

Railway Commission Finds it Cannot Use Its Ballway Motor Cycle on Account of the Expense of Operating It.

(From a Staff Correspondent.) LINCOLN, May 1 .- (Special,)-it has come at last. Governor "Mullenberger" has declared his independence and the Mutter will be stricken from his name and the "Shallen" will be restored. All of which, however, depends upon what happens when Sir Arthur returns to Lincoln. Anshow, Gavernor Shallenberger announced this morning that Mrs. Hannah Kelley of Omaha had been appointed by Superintendent Woodard of the Lincoln asylum to take the place made vacant by the discharge of Miss Beatrice McGinnis, who secured her place upon the recommendation of Overload Mulien. Miss McGinnis is distantly related to Mr. Mullen.

The action of the governor in uphelding the edict of the superintendent has all the appearance of the beginning of the end of the house of Mulien so far as the overlord business is concerned around the executive office. And the overthrow of Mullen would be in keeping with the official acts of the executive. First there came the throwdown of the democrts of Omaha who elected him by the signing of the 5 o'clock losing law; now comes the loy mit for one of Arthur Mullen's relatives, when Mullen brains and the inspiration for most of the work of the late legislature and is the chief advisor of the executive. But even before the house of Mullen began to crumble, the governor permitted Chris Gruenther's recemmendation regarding a legislative act to go unheeded. And Gruenther is the one man who stood by Shallenberger when Tom-Allen and Mullen had no idea he could be elected and when both were breaking their backs for Bryan and permitting the Shallenberger fight to go by default.

In the meantime, out at the Lincoln asy lum, vouchers are coming in to the score tary of state endorsed by the assistant superintendent without the signature of the superintendent, which in time, if allowed to stand, will cause another nice scrap be-

Motorcycle is Expensive, When the State Railway commission contracted to pay \$3.000 for a motorcycle to galivant around over the various callroad tracks of the state, the commission bought white elephant. The machine is here all right and it can be had by anyone at bargain. In fact, if the company insists on the purchase price the state will be out just that much, for the commission cannot run the machine nearly as cheaply as it can travel in tirst class Pullman cars. The commission received a letter from

General Manager Holdrege of the Burlington this morning, stating that the charge for running the car on the company tracks to be equipped with a train crew of five

So the commission has decided to chuck the car. It will offer the company a nice of Scott's Biuff, A. M. Morrissey of Vaibonus to take it back and this bonus will be paid out of the pockets of the members of the commission, even though Dr. Winnett opposed the purchase. So the state will not suffer financially at this little indiscretion of the commission.

Wolf Bounty Fund Exhausted. The last warrant for the payment of wolf bounty claims has been mailed out from the office of the auditor. The total amount of the warrants was \$29,980.50, leaving a balance of \$6.50. The next claim on list was for \$7.50 and was filed by W. R LeFever of Benkelman. The auditor has written Mr. LeFever that if he desires | Privy of Lincoln, Mrs. A. J. Washington dispatches to the contrary notwithstanding, the Interstate Commerce commission will not value the railroads of Netraska. Commissioner Clarke received a letter from Chairman Martin A. Knapp in answer to an inquiry, saying the report was not true, that the commission had no intention of placing a value on the Nebraska railroads. The story, he said, probably had its foundation in a request made by one of the lawyers in the Pacific coast lumber cases that the commission do this work and settle the case on the information obtained.

OUR GREAT

Demonstration Sale

is remarkable in more ways than one and is demonstrating to hundreds that this store really "does things" when it claims to. Perhaps the most remarkable point made in this sale is the fact that

NEVER BEFORE HAS AN OMAHA STORE SOLD STRICTLY HAND. TAILORED SUITS OF UNQUES-TIONABLE STYLE IN BLUE SERGE AND FANCY MIXTURES, AT.....

simply because it was impossible until this store, with its progressive policy, was organized. It takes careful planning to enable one store to sell clothes at considerable less than other stores pay for them.
