

and court apparently had been overflowing with refugees before our arrival, but we added to the number more than 100 from our house and about thirty girls and teachers. Our girls and teachers were calmed at all.

Armenian Preacher Shot. Mr. Trowbridge returned from the school to say that the only hope for safety to any American seemed to be to return to the school, staying there alone, separated from the Armenians. He declared that we were powerless to save the Armenians. It seems that after we left the school Miss Walker, Mr. Chambers and a young Armenian preacher attempted to cross the street from Miss Walker's to the school. Just at this time a mob rushed around the corner. The infuriated Turks recognized the preacher as an Armenian and, although Mr. Chambers threw his arms about him and did all in his power to save the man's life, they shot him dead. Not a single Armenian would leave alive, the assassins shouted, as Mr. Chambers dragged the body of the murdered preacher into the building. You can see how powerless we were.

Miss Webb relates how Mr. Trowbridge persuaded four Zambos to go with him to the government house in demand of protection. Two of them deserted him on the way, declaring that they were afraid of being killed by assassins. Everything was confusion at the government house, and after a long delay a detachment of 120 soldiers was dispatched to their relief. In concluding her narrative, Miss Webb says: "I forgot to say that the British consul sent a message to the governor of Italy that if this thing was not stopped he would demand of the government and the commandant of the troops, a satisfactory explanation. Whether or not they were powerless to stop the dreadful work before this I do not know, but anyway, then it was stopped. We hear, it seems quite possible, that because of the disturbance in Constantinople the officials in Athens did not know which side to join, so they simply let things take their course and permitted the Turks and Armenians to fight it out between themselves."

Thief Forgets Where He Works

Harry Nelson Sorry He Cannot Remember Addresses of Homes He "Looks Over."

Five burglaries Saturday, with the arrest of a negro who confesses to one of the jobs and to having committed several others in Omaha recently, kept the police and detectives busy Saturday and Sunday. Harry Nelson, who first gave his address as Detroit and later in a verbal confession said he was from Ogden, is the negro under arrest.

Other burglaries he has committed here are not known, the negro being unable to remember the addresses of the houses visited. One of the hauls that will probably be charged to him is the theft of considerable jewelry, including some wedding and engagement rings, and several dollars of Sunday school money from the residence of M. B. Miller, 1904 Binney street, last Wednesday evening.

The burglary that led to Nelson's arrest was that of the home of Mrs. A. C. Church, 313 Fowler avenue, Saturday. Before the thief was known to the detectives, the goods, including a woman's gold watch with a long silk guard, a pair of shoes and a baby's ring, had been recovered by Detectives Murphy and Ring, who also made the arrest.

Mrs. Church's watch was sold to a man who suspected it was stolen property and notified the police. Nelson's arrest followed, and the silk guard, which had been attached to the timepiece, was found around his neck. He then confessed to the Church case and admitted doing several other jobs. He said he used a skeleton key, which was the way the Miller home was entered.

The biggest of Saturday's five burglaries was at the grocery store of O. J. Wilde, Jr., 903 South Thirteenth street. The thief tore a screen off a rear window and then pried his way into the place. About \$23 in silver was taken.

The drug store of Charles E. Lathrop, 124 North Twenty-fourth street, was another of the places visited by the light-fingered Saturday night. A pane of glass was broken out of a window, which was raised.

While the family was away and the front door was closed but not locked, Saturday evening, the home of Mrs. A. DeLaney, 2330 South Fifteenth street, was looked over by a thief. He succeeded in getting to possess other people's things by taking \$5 in money, a gold watch and a .38-caliber revolver.

If you desire a clear complexion take Pyle's Ointment for constipation and liver trouble, as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. For sale by all druggists.

PERSONAL PARAGRAPHS.

Mayor M. J. McDermott of Sutton is in Omaha, called here by the illness of his father, Bernard McDermott of 328 Franklin street. Mr. McDermott, the elder, has been very ill with the grip, but is now recovering.

Appetite Calls

For food which promotes prompt flow of the digestive juices—in addition to supplying nourishment.

Post Toasties

is a most delicious answer to appetite.

It is, at the same time, full of the food goodness of White Corn, and toasted to a crisp delicious brown.

"The Taste Lingers"

STATE BOARD OF ASSESSMENT

First Session of the New Body Will Be Held Today.

IT HAS BIG PROBLEMS TO SOLVE

Difficulty of Keeping Campaign Pledges as to Assessments and Securing Sufficient Revenue Are Now Apparent.

(From a Staff Correspondent.) LINCOLN, May 2.—(Special.)—The State Board of Assessment will meet tomorrow to begin the valuation of railroad property for taxation purposes. It is likely it will take some time for them to get into the ropes. The new members are Governor Shallenberger, Land Commissioner Cowles and Auditor Barton. Mr. Barton is now in Chicago looking after some insurance company and will not be here when the board organizes tomorrow. The board will re-elect Chris Schavland for its secretary, and by virtue of his position the governor is ex-officio chairman. Considerable interest attaches to this particular board and its final action, in the matter of the assessment of railroad property. During the campaign the democratic state committee got out thousands of circulars to show the farmers the land was assessed too high compared with the assessment of railroad property, and the promise was made to increase railroad values and decrease land values. In view of this promise on the part of the democrats, State Treasurer Brian and Secretary of State Junkin announced right after election they would endorse any raise the governor saw fit to make to the valuation of railroad property and that they intended to permit him to go ahead unimpeded in an effort to keep his promise. These two officers know that if railroad values are increased very much freight rates are liable to go up accordingly, and if either the railroad or land values are decreased then comes a deficiency in the state government's finances, because the state cannot get along with any less revenue as it is managed at present.

Status of Supreme Court Case.

Democrats who come to Lincoln do not seem to be worried about candidates for supreme judge. They are of the opinion that Tom Allen is strong enough to eliminate all but three candidates. In fact, the democratic vote will not be divided. Others who are looking on, however, are of the opinion that Mr. Allen will not be able to handle the situation. Judge Dean and Judge Oldham (by virtue of Governor Shallenberger) will both run, and if the Shallenberger judges are knocked out in the court the Judge Sullivan may be a candidate. That is three and there is a mighty bunch in the bushes which Mr. Allen will have to larriat to keep out of the running. Judge Francis G. Hamer of Kearney is the latest to get in the game. The judge was here last week and he has started out his petition, and he expects to secure his 5,000 signatures in a little while. Judge Hamer served two terms as district judge in the Buffalo county district. Supreme court meets tomorrow, and it is probable before the adjournment for the week the case wherein Judge Shallenberger's judges are trying to oust Governor Sheldon's judges. The case was argued some weeks ago.

No-License Advocates Busy.

The no license advocates in Lincoln are another big day today. Former Governor Hoch of Kansas spoke both in the afternoon and night at the Auditorium. In the afternoon to men only, and on both occasions the house was full. He will also remain and speak tomorrow night, which will wind up the campaign. For several nights the no license advocates have been holding street meetings, and last night a number of wagons were out suitably decorated with banners, each holding a number of men and women singers and talkers. The advocates of 6:30 closing have been taking things very calmly and are making no outward demonstration, but they expect to win, while the no license people say they are certain to win. Mayor Brown returned yesterday from Illinois, where he has been to attend the funeral of a relative, and he has jumped into the game for Bob Malone, the democratic candidate for mayor. More interest attaches to the excise rules than to the fight for city offices.

Notes from McCook.

McCOOK, Neb., May 2.—(Special.)—Final eighth grade examinations for Red Willow county will be held on May 13 and 14 in McCook, Indianola, Bartley, Danbury and Lebanon.

ARMY LIFE TOO Big a Snap Now

Uncle Sam is Taking Few of Omahans Who Apply at Recruiting Stations.

Recruiting for the regular army is practically at a standstill. Not from any lack of applicants, but the United States army is not just now in serious need of new recruits. The regular organizations of all branches of the service are now virtually full, and only preferred re-enlistments are considered.

New Church at Peru.

PERU, Neb., May 2.—(Special.)—The building committee of the Methodist church has let the contract for the new building to William Song of Clinton, Neb. His bid of about \$12,000 being by far the lowest received. Mr. Song will start work on the new Methodist church of Humboldt. The new building will be erected just across the street and east of the Baptist church and will be 26x77 feet. It will be constructed of brick, a dark color being used for the basement and a light gray colored brick for the main structure. The style of the architecture will be Grecian. The auditorium will have a seating capacity of 250, while at the east end will be a twenty-foot room which by rolling partitions can be converted into Sunday school rooms. This will be opened up will seat about 150 more, making the main floor seat 400. At the center of the west end will be the main entrance and a vestibule here, with a choir room opening onto the choir platform and stairs leading to the basement and to the balcony, which will occupy the whole of that end of the building. Above this vestibule and choir room will be a balcony seating 100 people and above the class rooms at the east end will be a balcony seating 150 people. This will make the seating capacity of the church 550, and if the south end corner there will be a second entrance way and stairs leading to the east balcony. There will also be a pastor's study back of the pulpit, this being a 12x20 addition to the north side of the building. The basement will contain, besides a furnace room, a primary department 30x30 feet, which can be cut up into rooms by means of rolling partitions, and another good sized class room, and a few other rooms which will be used for the use of the young men's Christian association building just completed at Fort Slocum, Davis island, New York harbor. The building was donated by Mrs. Russell Sage and is a replica of the army Young Men's Christian association building given to Fort Leavenworth by Helen Gould. On account of the early departure of Colonel Evans for the Philippines he will not be able to attend the dedication, which will take place May 8.

Attempt to Narrow Platte.

KEARNEY, Neb., May 2.—(Special.)—An attempt to narrow the channel of the Platte river at this point will no doubt be made by the board of supervisors of Buffalo county. Superintendent Bignell of Burlington was in the county seat to hold a consulting meeting with the board of Buffalo and Kearney counties, but the Kearney county board did not show up, hence no definite action was taken. Kearney county has refused to stand its share of the money expended on the maintenance of the one-mile bridge across the river. A decision rendered by the supreme court compelled it to do so. Nevertheless, a steel cable 4,000 feet long has been ordered for the purpose of forming the first strength of the dam, which will run diagonally into the river. The steel cable will be attached to the river banks, and by pulling it tight will create a deposit of sand, which ultimately will create land, and by forcing the water to the center of the stream the channel will thus grow deeper and narrower. It is the purpose to maintain a bridge 1,000 feet long instead of one mile.

Nebraska News Notes.

COLUMBUS—Mrs. J. E. North is very sick and her recovery is doubtful.

KEARNEY—Judge Hallock is expected to be married to George Brodine of Elm Creek and Miss Ella Luddington of Kearney, Saturday afternoon.

KEARNEY—Mrs. F. G. Kearney's alopecia has been cured by the use of Dr. J. C. Baker of this city, who has taken very sick last evening and for a time his life was despaired of. At present his condition is better, but he is not out of danger.

COLUMBUS—Mrs. Bauer, one of the old residents of this city, died yesterday as the result of a stroke of apoplexy. She came to this city thirty-five years ago. Her daughter is Mrs. Rusche, at whose home she died.

PERU—Rev. William Edwin Darrow, Mrs. Darrow and their two children, Grace and Roder, arrived here yesterday evening. Mr. Darrow is the new pastor of the Baptist church here, and preached his first sermon Sunday morning.

REPUBLICAN CITY—The severe wind that has prevailed here for the last two days let up last night and the thermometer rose to 70. The wind is said to be damaged to a great extent. Winter wheat and alfalfa are looking fairly well, and the farmers are busy planting corn.

WYOMORE—Three petitions for saloon licenses were filed with the city clerk yesterday. They are from M. R. McCook, C. C. Collier and J. W. Prater. It is said that one of the three objects of the petitioners was to obtain a license, and that they have had been in the city for some time. It is said that one of the petitioners had been in the city for some time, and that he had been in the city for some time.

KEARNEY—The severe wind that has prevailed here for the last two days let up last night and the thermometer rose to 70. The wind is said to be damaged to a great extent. Winter wheat and alfalfa are looking fairly well, and the farmers are busy planting corn.
