Two Husbandmen from Thurston County Put Problem Up to Judge Munger.

The United States circuit court is being salled upon to decide the right of two farmers to farm one piece of land and which one is the trespasser.

The case comes from Thurston county and involves the much litigated Indian land j of the Omaha reservation. The special litigants in this case are James Q. Keefe against Joseph S. Cenway, with Hiram the plaintiff.

It has become the custom, just betore election, for the chairman of the respective campaign committees to issue a statement. On our side we have conducted a fair and manly campaign in behalf of a ticket composed of gentlemen of business capacity who will not only restore "Omaha's good name," but give the people just what they are looking for-a thorough-going, progressive administration of city affairs, in keeping with our splendld growth.

The republican ticket must appeal to all men imbued with civic pride, regardless of political faith. The real issue cannot be hid or be covered up by attempting to stir up passions by misrepresentations. If John P. Breen for mayor and his associates on

issue at tomorrow's election? It is now up to the people. Omaha has a good, safe republican majority, and this year a united party behind it which is going to be reinforced, I am told, by at least 1,500 democratic votes as a protest against existing onditions. So while we have every confidence in a splendid majority if the voters will now do their duty, we will not claim it as wholly a republican victory, but as the united effort of both republicans and democrats to place in the city hall men who are truly representative of and will keep step with the march of events now at hand which will give us a Greater Omaha. These were not considered practicable, and Saturday the com-

has been done by many other women's clubs. Still another plan is the purchase of a lot and the erection of a building that may be added to as the club can and as the

demands increase. Some of the membership favor leasing a floor of some downtown building that could be converted into an auditorium and class rooms. Whatever is done will necessitate a special meeting of the club. The matter so far has not come before the entire body, having been authorized by the directory.
