16 17 18 19 20 21 22
23 24 25 26 27 28 29

Opera Glasses—Edholm, Jeweler.
Rudolph F. Swoboda, Public Accountant.
Buehler, photographer, 18th & Farnam.
Walkup Real Estate Co., 609 Paxton Bldg.

Joe Cully's Trial Thursday—Joe Cully,
accused of the murder of a woman, will
be tried in district court Wednesday.

Mice and Matches—Mice and matches
are blamed by Chief Sailer of the fire
department for the damage by fire to the
vacant two-story frame building at 420
Sewall street.

Wife's Desertion Causes Him Agony—
Averring that his wife's desertion of him
caused him "unfathomable agony and distress,"
Clarence E. McLean is suing Clara Pearl McLean for divorce.

Loan Shark Restrained—Macrus Tolman,
a German on the Milwaukee, has an
injunction in district court against D. H.
Folman, a loan agent, from filing a salary
assignment or from interfering in any
manner with the plaintiff in the discharge
of his duties as an employee of the road.

Dog Catchers to Start Fifteenth—Members
of the city council say they will probably
order the dog catchers to begin their
rounds about May 15. Dog tags are being
sold every day, though the total is but
1,626. The city clerk has twice as many
tags as official estimates that 2,300 dogs
will be allowed to live a licensed life in
Omaha during the year.

One Man Gets His Liquor—In spite of
the fact that the saloons were closed all
day Tuesday on account of the election,
at least one man managed to gather in
enough liquor to get a free ride in
the city's hurry-up wagon. Thad Beau-
mont, who gives his home as Jefferson-
ville, B. D., was arrested by Officer Brugman,
who charges that Beaumont was
drunk and asleep on the walk.

Commercial Club Membership—John R.
Morris, grain dealer, were elected to membership
in the Commercial club Tuesday,
and simultaneously the executive committee
ordered delinquents posted on the bulletin
boards of the club. More than sixty are
delinquent, some of them prominent business
men of the city. All names must go up,
according to the order of the committee.

Money Burglars Come Around—"Money
burglars" visited the home of A. G. Barrett,
509 North Twenty-third street, Monday
afternoon. Spurning valuable jewelry
and silverware, the burglars made a haul
much richer than that of the lot of the average
daylight prowler, the man or men ransacked
the house while the family was not at home,
but so far as can be learned nothing was
taken. Entrance was gained by raising a window.

Hogland's Brother Administrator—George
Hogland has been appointed administrator
of the estate of Theodore H. Hogland,
who died recently in St. Joseph, Mo.,
leaving a large estate. The distribution
of the property of the late Mr. Hogland
under a will filed for probate in St.
Joseph Monday will require considerable
work, as the total amount ranging from \$50
to \$2,500 to a score of charitable institutions
on various conditions, as well as a
large number of personal bequests.

Railroad Clerks Manufacturers—Some of
the employees of the Burlington have formed
a company for the manufacture of loose
leaf office devices of all kinds. The company
was incorporated Tuesday with a
capital stock of \$10,000. The name of the
firm is the Indestructible Loose Leaf
Refrigerator and the incorporators are C.
E. Canan, Hal Buckingham, H. W. Truel-
son and C. L. Hundey. Mr. Canan is quite
a genius and he has devised some very
handy contrivances for handling the large

number of tariff files in railroad offices,
and these have been adopted by several
roads. The company will begin the manu-
facture of these in Omaha at once.

Biggest Engine in World for U. P.

Monster Weighing Three Hundred Tons Will Work in the Sierra Nevada Mountains.

Union Pacific officials are now awaiting
the arrival in Omaha of the largest and
most powerful locomotive ever built for
any railroad in the world. It is enroute
from Philadelphia to California, where it
will be used by Harriman on the Southern
Pacific to haul heavy freight trains over
the Sierra Nevada mountains between
Roseville and Truckee, Cal.

Without its tender this giant weighs
60,000 pounds, ten tons more than any
other engine in the world. With the addi-
tion of 10,000 pounds of the tender the
total weight of the engine stands ready
for service is 300 tons. The length is
ninety-two feet.

A companion of the same size is being
built to haul the trains up the grade of
the feet to the mile. These and two other
two-tonners more powerful than the heaviest
locomotive now in service on the Southern
Pacific and the two will be able to pull
more than any four engines now in service
on those lines.

LAST CALL ON THAT FUND

Final Day of Grace Granted for Child Saving Institute Building Money.

Today is the last day of grace which the
directors of the Child Saving institute have
granted for the balance of the \$75,000 building
fund. George A. Joslyn gave three days of
grace on his conditional \$25,000 and the com-
mittee is putting in a busy day trying to
bring up the total to the needed amount.

Table listing donors and amounts for the Child Saving Institute building fund. Includes names like A. Friend, E. M. Spier, R. W. Breckenridge, etc.

Complete arrangements for your trip
abroad can be made through the Chicago,
Milwaukee & St. Paul railway. Agency
all Transatlantic steamship lines. Make
your cabin reservation early for summer
travel. Ticket office, 124 Farnam St.,
Omaha.

Building Permits. J. P. Cooke, 111 Farnam street,
attention and returns to store building, \$1,000.
Frank Dominguez, Fourteenth and Brown
streets, frame dwelling, \$1,000. Mrs. S. F.
Miller, Twenty-sixth and Evans streets,
frame dwelling, \$2,500. Charles Kahre, 2820
Arbor street, frame dwelling, \$500.

FLORENCE TO PAVE STREET

Council Adopts Specifications for Improvement of Main to Insure Mail Delivery.

The city council on Florence Monday night
from behind new desks and new chairs
granted license to sell liquor to Henry
Anderson, William Tucker, James Nicholson
and Hans Peterson, after receiving \$35
from each—\$500 for the license and \$35
occupation tax.

Specifications for the paving of Main
street were also adopted. In order to
insure the free delivery of mail an ordinance
requiring the numbering of all houses
within sixty days and providing a penalty
of \$5 for neglect to put up the number was
passed and approved by the mayor, as was
also a resolution directing the city engineer
to make plans for putting up street
signs.

Applications for placing fire hydrants at
Bluff and Washington and Jefferson and
Clay streets, as well as for some new electric
lights, were presented.

The fire department made a request for
a new fire apparatus and house, saying that
the town was practically without fire pro-
tection at the present time. The request
was referred to the committee of the whole
and will come up later for action.

MAY SALE OF WAISTS

Great Annual Event Starts Saturday at Brandeis Store.

The greatest sale of women's high-grade
shirt waists ever held in Omaha begins
Saturday at Brandeis store. Thousands
of linette, linen, lawn, net and silk waists
will be sold at about one-half price.

We have planned this sale for months.
It includes many samples and special
purchasing. It will be the greatest
opportunity of the entire year to buy
spring and summer waists at less than
their value.

Sale begins Saturday, May 8.
BRANDEIS STORES.

NEBRASKANS AT THE N. E. A.

Several from Omaha and Other Cities Will Take Part.

MEETING AT DENVER THIS YEAR

Big Program is Arranged and Endorsers of This State Are Among the Active Participants.

Nebraska will be well represented at the
Forty-seventh annual convention of the
National Education association in Denver
July 2-9. The state directors from Ne-
braska are:

A. A. Reed, University of Nebraska, Lin-
coln, and those city superintendents: George
Burgert, Kearney; D. W. Hayes, Alliance;
C. W. Taylor, McCook; J. M. Matzen, Fremont;
S. H. Thompson, Hastings; Joseph
E. Fulk, Hebron; J. A. Doramus, Madison.

Dr. W. M. Davidson, superintendent of
public instruction in Omaha, will lead the
general discussion July 2 on the subject of
"What Industrial Education Means to Ele-
mentary Schools."

Mrs. Orletta S. Clittenden, supervisor of
public school kindergartens of Omaha, will
lead the discussion on the subject, "To
Accord with Modern Educational Ideas,
What Further Modification or Reorganiza-
tion of the Kindergarten and Kindergarten
and Elementary Grades Should be Made?"

Dr. Davidson will lead the discussion on
"How Can the Curriculum of Elementary
Schools be Enriched?"

Edward C. Bishop, state superintendent
of public instruction of Nebraska, will
discuss the "Ethical Value of the Vocational
in Secondary Education."

Charles Fordyce, dean of the University
of Nebraska, will discuss "How to Develop
Properly the Inner Community Life in Col-
leges." University.

A. O. Thomas, president of the State
Normal school at Kearney, will discuss the
topic, "Who Should Determine Standards
and Courses for the Training of Teachers
and How Should Such Standards be De-
termined?"

Miss Elizabeth Van Zant of Omaha, will
discuss the "Possibility or Desirability of
a National Uniform System of Steno-
graphy."

G. W. A. Luckey, professor of education
at the University of Nebraska, will dis-
cuss "Should School Hygiene Become a
Department of the Public Health System
and Physical Training be made a Sub-de-
partment Under School Hygiene?"

A. O. Thomas, president of the State
Normal school at Kearney, will discuss
"The Proper Balance Between Mental and
Muscular Training in the School Cur-
riculum."

E. C. Bishop will discuss "How Should
the Athletics of Both Men's and Boys'
Departments of the Young Men's Christian
association Supplement That of the Public
Schools?"

Miss Edith Tobitt, librarian of the Public
library in Omaha, will discuss "A Plan of
a Course of Instruction in the Use of Li-
braries and Results Accomplished."

E. C. Bishop of Lincoln will discuss the
"Present Status of Agricultural Education
in the Public Schools."

The Value of Proprietary Medicines
is proven by the very large percentage
of physicians' prescriptions for the same
remedies found in every drug store in America,
but as they are written in Latin, few pa-
tients realize this fact.

The old standard proprietary medicines
like Lydia E. Pinkham's Vegetable Com-
pound, that have stood the test of time, de-
serve a place in every family medicine
chest, and it is most certain they would
not be prescribed by physicians if they were
able to devise a formula equally as effi-
cacious.

Get Your Bathing Suits in Readiness

Courtland Beach Will Open Decoration Day and Manawa One Day Before.

Get out your bathing suits.
Courtland Beach will open Decoration
day and Manawa will open the day before
to give the large force of concessionaires
a chance to get their hands in before the
big rush comes.

Manager Byrne of Manawa says he will
conduct the same style of high-class pleas-
ure resort that he has in years past and
that a large sum of money is being spent
in improvements.

The Courtland Beach Amusement com-
pany has secured the lease to most of the
lots outside the enclosure at the beach and
the Omaha Rod and Gun club has secured
the other park in that vicinity and these
two will unite in an effort to keep the tone
of this bathing resort on a high plane.

A Cereal Mistake. Dr. King's
New Discovery cures them and prevents
consumption. 50c and \$1.00. For sale by
Beason Drug Co.

Memory of an Expert Cook Biases a Juror

Edward Porter Gets Excused from Case in District Court on Novel Ground.

If being assumed that a good cook is a
rare article and Edward Porter a grateful
man, who shall say that he acted wrongly
in district court Tuesday morning?

Porter was accepted Monday afternoon
as a juror in the suit of Mrs. Bedella Ward
against the Actna Life Insurance com-
pany. Mrs. Ward's son, Frank Ward, held
an accident policy for \$1,000. Prior to his
death he was hurt in a railroad accident,
and the plaintiff claims that the accident
caused his death, the defense asserting
that it was due to illness.

Mrs. Ward did not appear in court until
after Porter had sworn that he did not
know either the plaintiff or anybody on the
other side. But when he saw Mrs. Ward
he became troubled in mind.

"I've seen her somewhere," he said to
himself, but that was as far as memory
would assert itself. All night he thought
it over and conviction grew stronger that
he had known the plaintiff some time.

The breakfast table furnished the clue.
"These cakes aren't as good as Clara
used to bake," said Mrs. Porter with a
sigh.

"I have it," said Porter.
"Have what?" asked his wife.
Porter explained to her and then went
down town. When court convened he went
up and whispered in Judge Sears' ear:
"A daughter of the plaintiff used to be a
domestic in our household," he explained,
"and, as she was the best cook that ever
was, I guess I would be prejudiced."

He was excused.

Impostor is Landed in Jail

James Henderson, Who Solicits Funds for Salvation Army, is Arrested.

Fifteen days in jail was the thanks given
James Henderson for earnestly soliciting
funds for the Salvation Army Saturday in
the neighborhood of Tenth and Hickory
streets.

Officer Laney arrested him on complaint
of several women who said he represented
himself to be a member of the "Army" and
was collecting funds for them.

The captain in charge of the Salvation
Army work declared that Henderson was
an impostor. The man had already served
time for the same offense committed last
winter, has spent two terms in jail for
another variety of charity swindling, and
is said to have been in the clutches of
the law for drawing on a fictitious bank
account.

HOLMES MUSIC COMPANY SELL TO HAYDEN BROS.

Well Known Mankato Music Dealers Sell Us Entire Stock at a Big Bargain.

On account of various other interests
which demanded the attention of the
members of this well-known Mankato,
Minn., music firm they decided to close
out their business.

On every lot cash offer was accepted
and we secured this high-class stock of
musical merchandise at a price which en-
ables us to offer some of the most sen-
sational bargains in pianos, organs, small
instruments, supplies and sheet music ever
known in Omaha.

Their music company have for
many years been well known throughout
the west and north as thoroughly reliable
dealers of high-class musical merchandise
and the stock will be found fully up to
Hayden's high standard of quality.

Mr. Holmes, the senior member of the
firm, is now in the city on a business de-
partment and will be in personal attendance
during the sale.

Stock will be placed on sale Saturday.
Watch daily papers for further announce-
ments and prices. HAYDEN BROS.

CAN'T LET WELL ENOUGH BE

Resort Keepers Call Police, Who Arrest Them for Having Minor There.

Calling a policeman to their resort to
settle some trouble caused by the loss of
some money by a visitor, the woman who
was in charge of the place at 1011 Capitol
avenue Saturday night was herself ar-
rested with two other women and the trio
were fined \$10 and costs each in police
court Tuesday morning.

Officers Bell and Boyle were called to
the house and found that the person who
complained of having lost money was a
boy of 16 years who lived on a farm near
the city limits. Because of the age of the
lad the officers arrested the inmates of the
place. The boy was a witness in the
case and was incidentally given a ticket
against frequenting such places. The
women fined were Thelma Wilson, Mary
Dillon and Marguerite White.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may
have been undermined and broken-down by over-
work, exacting social duties, the too frequent bur-
den of children, or other causes, will find in Dr.
Pierce's Favorite Prescription the most potent, in-
vigorating restorative strength-giver ever devised
for their special benefit. Nursing mothers will find
it especially valuable in sustaining their strength and
promoting an abundant nourishment for the child.

Expectant mothers too will find it a priceless boon
to prepare the system for baby's coming and rendering the ordeal compar-
atively painless. It can do no harm in any state, or condition of the female
system.

Delicate, nervous, weak women, who suffer from frequent
headache, backache, dragging-down distress or from pain-
ful irregularities, gnawing or distressed sensation in stomach,
dizziness or faint spells, see Imaginary spots or spots floating
before eyes, have disagreeable, catarrhal drains, profligate
antiversion or retroversion or other displacements of wom-
anly organs from weakness of parts will, whether they ex-
perience many or only a few of the above symptoms, find
relief and a permanent cure by using faithfully and fairly
persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is
a pure glyceric extract of the choicest native medicinal roots without a drop
of alcohol in its make-up. All its ingredients are printed in plain English on its
bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest
investigation of his formula knowing that it will be found to contain only the
best agents known to the most advanced medical science of all the different
schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional en-
dorsement of the "Favorite Prescription," send postal card request to Dr.
R. V. Pierce, Buffalo, N. Y., for his free booklet, "The Female System," or, better
still, send 31 one-cent stamps for cloth-bound copy of Dr. Pierce's Common
Sense Medical Adviser, new, revised up-to-date Edition, 1008 pages.

You can't afford to accept as a substitute for this remedy of known com-
pounds, secret nostrums of unknown composition. Don't do it. It is not only
foolish but often dangerous to do so.

NO DREDGING OF THE LAKE

Improvement at Cut-Off Postponed, as Machinery is Costly.

BIDS RECEIVED FOR WORK HIGH

Lowest is Fifteen Cents a Yard and Board Thinks It Could Remove Silt for Four Cents.

On account of the great cost of dredging
machinery it is probable that little work
will be done in the new Levi Carter park
this year. The park commissioners believe
the first work to be done should be the
dredging of the lake. Dredging machinery
will cost \$20,000 or more and with this ex-
penditure no money would be left for op-
erations for the year.

Bids have been received for dredging, but
the lowest bid is at 15 cents a yard. With
a machine owned by the board, work
could be done for about 4 cents a yard.
This would be a big saving in the long run
and the board therefore believes it would
be more than justified in buying a dredge
instead of having the work done under con-
tract.

"We propose dredging the entire lake and
piling the silt on the lowlands, bringing
the whole park above the high water
mark," said Park Commissioner Cornish.

"There is no fertilizer as nutritious as silt,
and with this spread thickly over the land
trees and other vegetation would grow far
better than in tropical countries. We will
probably plant a few trees on the higher
ground where silt will not be spread, but
aside from this but little work will prob-
ably be done in the park this year."

Cottagers in the park will be allowed to
remain there another season, paying rent
to the Park board instead of to private
ownership, as heretofore.

Peculiar Facts in Welsh's Data

Analysis of Work of Weather Man for Month of April is Interesting.

Colonel L. A. Welsh, who mixes the
weather for Omaha and vicinity, got his
nerve thruster Monday and issued a re-
port of his weather doings for the month
of April. The report comes out without
apology or regret, but it tells a number of
facts which are anything but complimen-
tary to the man who would dish out such
weather to a hapless public.

According to the confessions of the fore-
caster, there were but six clear days dur-
ing the entire month, while the percentage
of sunshine, whatever that is, runs as low
as zero many days and is 100 for only one
day of the entire month. The highest tem-
perature was 83, on April 18, and the low-
est was 26, on the 8th of the month. The
greatest daily range during the month was
on April 28, when the mercury tumbled 37
degrees without half trying.

For the last thirty-nine years the govern-
ment has kept a record of the behavior of
the month of April in this locality, and
the average for that time is a mean tem-
perature of 51.3 degrees. This year, however,
in spite of all that could be done, the mean
temperature for the month was only 46,
and it came very near not being that.

The report also shows that we are shy
on rainfall, and that since the first of
the year the deficiency is more than an inch
and a half. Whether or not Colonel Welsh
has taken steps to have this remedied the
report does not state.

The prevailing direction of the wind for
the month is stated to have been north,
which is no news to anybody. The total
movement of the wind is given as 8,700
miles, or about the same as the diameter
of the earth, although whether there is
any connection in these facts is not stated.

As miscellaneous phenomena of the month
it is noted that there were no aurora bore-
alis, but in place thereof were supplied five
sun halos and one moon halo, two hail-
storms, two fogs, six thunderstorms and
two frosts, which ought to do equally as
well.

The report fails to state that there were
no earthquakes, that there were no sun-
strokes and no epidemic of Asiatic cholera.
Otherwise it seems to be fairly complete.

DO CLOTHES MAKE A MAN?

Maybe Not, but They Saved This One from Some Serious Embarrassment.

A suit of paint-spattered and work-worn
clothes, in which Chris Hansen, a painter,
has daubed many a house, won the man
his liberty in police court Tuesday morn-
ing. He had been arrested for drunkenness
and was later released on bond. Appearing
in court before Judge Crawford at the ap-
pointed time he wore his working clothes
to prove his statement that he had a job
to go to as soon as the judge would let
him. The judge decided that it would be
a shame to keep a thing man from his
work, so discharged Hansen. He lives at
Seventh and Leavenworth streets.

If you desire a clear complexion take
Poley's Orino Laxative for constipation and
Liver trouble, as it will stimulate these
organs and thoroughly cleanse your sys-
tem, which is what everyone needs in the
spring in order to feel well. For sale by all
druggists.

Spring Oxfords For Men and Women. The Best \$2.50 Oxford in Town. We say best, because we've repeatedly proven that they will give better and longer wear, snappier styles and more comfort than any oxfords ever offered at this price. We've proven that their styles are always the newest, their shapes the noblest, and their lasts the neatest. We've proven that their materials are equal to, and often better than is found in \$3.00 and \$3.50 Oxfords, and that the making is done by only the most expert workmen. Isn't it worth your while to try a pair of these excellent oxfords? Once tried, you'll always call for them. Shown in patent, gun metal, vici kid or tan leathers, lace or blucher styles and all sizes, at— \$2.50 Nebraska Clothing Co. "The House of High Merit."

Sincerity Clothes. This label in a coat means more than money's worth. Sincerity Clothes are built with special models for young men. You'll find them in the best shop in town. When you match the price, you won't match the worth. A book about men's fashions free for the asking. Kuh, Nathan & Fischer Co. CHICAGO

No. 6 at Six O'Clock. Leaves Union Station, Omaha, 6 P. M., arrives Union Station, Chicago, 8:30 A. M., via the Chicago Milwaukee & St. Paul Railway. This is the preferred train of Omaha business men. The schedule is convenient. The meals in the dining cars are excellent and all the comforts of the club will be found in the buffet library car. Two other daily trains to Chicago at 7:25 A. M. and 9:58 P. M. TICKETS: 1524 Farnam Street. F. A. Nash, Gen. Western Agent OMAHA, NEB.

Have ROOT print it. Extravagance is not necessary to good printing. The best work depends upon the good taste and capability of your printer. A. I. Root, Incorporated, 1210-1212 Howard Street. When you buy Gold Medal Flour be sure it is Washburn-Crosby's Gold Medal Flour. This is important. TWENTIETH CENTURY FARMER: One Dollar a Year

If you could see your dishes through a microscope, you would never again wash them with SOAP

Soapy dish-water leaves a film of grease behind it; smell of your dishes after they are dry, and see. GOLD DUST is the greatest product yet discovered for washing dishes. It does the work more thoroughly than soap or any other cleanser, and does it, too, with scarcely any help from you. GOLD DUST also sterilizes, as well as cleans—leaves your dishes beautifully sweet and clean, wholesome and sanitary.

GOLD DUST will enable you to wash your dishes in half the ordinary time. The GOLD DUST TWINS do the work without your assistance.

Why not call them to your aid today by buying a package of GOLD DUST of your grocer? "Let the GOLD DUST Twins do your work."

Made by THE N. K. FAIRBANK COMPANY Makers of FAIRY SOAP, the oval cake.
