CAMES TODAY. Retire and His Successor Was Hit Hard, but Wichita Also Got to Hollenbeck Lively.

WICHPTA, Kan., May 5.-In a game that was characterized by heavy hitting, lucky scratch hits and some good and some bad base ball Omaha succeeded in breaking Wichita's winning streak today by a score of 10 to 9. Both eldes had a lot of luck. which helped to pile up runs and make the game drag. Omnha's batters started after Shaner errly in the game and forced him to retire with two down in the fifth, after Harry Welch's hit to center field had run up a brace and hounded over the fence. McGill stopped the scoring for the rest of the inning, but was hit hard in the sixth and seventh. The home team came back in the eighth and drove Hollenbeck off the pire: Dugan. Attendance, 900. slab. Pennell's homer, followed by twobase hits by Hughes and Westerzil and a single by Holland, came within one of tying the score in the ninth, but Middelton died on an easy grounder to Sanders

CLAUSE FOUND THAT FAVORS HIM

Conference Rule that Would Have Shut Out Cornhusker Star Found Not to Be Retronctive, and His Case is Not Covered.

LINCOLN, May 5 .- (Special.) -- A startling rumor was circulated on the campus at the State university this morning to the effect that William Chaloupka, left tackle on the Cornhuskers' foot ball team for the last three years, would be eligible to play intercollegiate foot ball next season. Chaloupka's three years of participation, ending last fall, had been considered as closing ST. PAUL, May 5.—Geyer held St. Paul safe today while Columbus bunched hits off Leroy, with errors by Nes, and won the game, 5 to 2. Score: hits his gridiron career, for the Missouri valley conference rules permit athletes to represent their colleges only three years. But yesterday the university correspondent for The Bee after reviewing Chaloupka's record on the Nebraska files, looked up the Missouri valley conference eligibility rules and found a clause which will allow the big all-western tackle to play with the Cornhuskers next fall.

The conference rules state that "No stu dent shall participate in intercollegiate athletics for more than three years in the Two-base hits: Flynn, Kruger, Larue, Friel. Stolen bases: Flynn, Cockman, Od-well, James, Kruger, Larue, Friel, Clarke, Double play: Armbruster to Flynn, Base aggregate, the years to begin in the first semester of participation in the game." Double play: Armbruster to Flynn. Base on balls: Off Leroy, 2; off Geyer, 2. Struck out: By Leroy, 4; by Geyer, 4. Sacrifice hit: Davis. Left on bases: St. Paul, 3; Columbus, 9. Time: 2:10. Umpire: Hayes. When this rule was adopted by the con ference, however, it was not made retro active for students who had participated in intercollegiate athletics prior to Sep tember 1, 1906. It is this nonretroactive GAMES IN THE AMERICAN LEAGUE clause that permits Chaloupka to play with the Cornhuskers another season on the White Sox Win from Napa by Score gridiron, it being put in the rules to allow students who were playing before that time to have four years of the game.

#### How Chaloupka Stands.

CLEVELAND, May 5.—Chicago turned the tables on Cleveland today and won, 6 to 5. Errors allowed Chicago to score most of the runs, the squeeze play and Stoval's error allowing Chicago to score three runs in the eighth inning. Cleveland got its first three runs on a pass, a single, a double and a triple after two were out in the first inning, and two more were made on a ninth-inning rally. Score:

CHICAGO. CLEVELAND. Chaloupka's case is this: In the spring of 1906 he won an "N" in track, this being before the cligibility rules were adopted. In the fall of 1906 and in each of the two succeeding years he won an "N" in foot ball. This year makes his seventh semester in Nebraska athletics. New York Shuts Out Boston.

NEW YORK, May 5.—In a quick and almost perfectly played game. New York defeated Boston. 2 to 0. Brockett pitching his second shutout of the season. Arrellanes, for Boston, twirled great ball, but a pass to Cree in the first, two steals and Chase's single gave the locals one run. They made another in the eighth on hits by Blair and Brockett. Cree's sacrifice bunt and Keeler's fly to right. The visitors were unable to bunch their hits on Brockett, who fielded his position finely. Score:

# Base Ball War

Abrogation of Revised Agreement Said to Mean Attempt of Association to Enter Chicago.

CHICAGO. May 5.—That another base ball war is scented by close followers of the politics of the national pastime in the announcement of the national commission that the revised national agreement as framed up to suit the American association and the Eastern league has been abro
lice today. A prosperous year for harness racing is in slight according to the members. It is estimated about \$1,000,000 will be distributed on the various classes this year, despite the stringent anti-betting laws now in effect throughout the country. In the grand class alone nearly \$700-100 will be distributed, as the announced stakes, handicaps and futurities figure up to \$10,000. tion and the Eastern league has been abrogated through the failure of these two leagues to sign the instrument within the time limit set, is asserted by the Daily

News today. This paper says: "That the American association is still actively but secretly trying to arrange for an invasion of Chicago, thus bringing about another base ball war, is the opinion of many leaders of the two major leagues." The Daily News recites the action of last winter which gave these two leagues a special rating that the privileges of drafting from class A and other minor leagues, and continues:

DES MOINES, In., May 5 .- Dr. B. F. Relier, the Scattle surgeon-wrestler, just before leaving for Chicago tonight stated that he would re-enter the puglistic arena shortly.

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous fiesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of akin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause.
