Nebraska STATE EXPENSE BILL HEAVY

Last Legislature Went Close to the Million Mark in Increase.

DEPUTY AUDITOR'S COMPILATION

Aside from One-Mill Levy for University, Total Amount Appropriated Runs \$531,000 Over Previous Legislature.

(From a Staff Correspondent.)

LINCOLN, Neb., May 6.—(Special.)—The report of Deputy State Auditor Shaban shows that the last legislature appropriated \$531,000 more than the previous legislature. Not taking into account the 1 mill levy for the university, which the legislature appropriated, the total exceeds that of the previous session by \$31,000. The following comparative statement shows the difference between the appropriations of the two sessions:

1937	1939
Adjutant general	\$1,480 \$ 61,853
Auditor	25,000 24,900
Insurance department	10,150 11,800

Attempt to Burn Town of Plainview During High Wind

Incendiary Saturates Methodist Church with Oil and Starts Blaze—Follows Victory of Dry.

NORFOLK, Neb., May 6.—An unknown person early today attempted to burn the entire town of Plainview, Neb., and succeeded in destroying the new \$15,000 Methodist church, the Methodist parsonage and an adjoining dwelling. The incendiary broke into the church, in the northwest part of town, at midnight, saturated the basement floor with gasoline and applied a match. Outside a sixty-mile gale from the northwest raged and threatened to sweep the entire town with flames. Forty small fires started from flying embers. The Norfolk fire department and others from neighboring towns were summoned. For four and a half hours the fire raged. Many men were prostrated and women fainted during the fire, which was conducted against seemingly hopeless odds. It is believed at Plainview that the recent prohibition fight, which was bitter, may have been behind the fire. The town was left a ruin.

Two Boys Burned in Barn Fire

Children Set Fire to Building While Playing with Matches—House Also Destroyed.

LINDSEY, Neb., May 6.—(Special.)—In a fire which started while playing with matches Ben and Joe Heller, 2 1/2 and 2 1/2 years old, respectively, children of Anton Heller, at St. Bernard, were burned to death and Heller's barn and house were completely destroyed. The bodies of the boys were found in the ruins after the fire. It is supposed the lads built a fire in the barn and were unable to get out after the building began to burn. A high wind was blowing and brands were carried to the house, which caught fire and could not be saved. Mr. and Mrs. Heller are almost prostrated with grief.

Broken Bow

Normal school, Kearney, Neb., is preparing to hold a big fair, which is being held this week. The fair, which is being held this week, is providing a big success than any had in the past. The fair is being held in the city of Broken Bow, Ia., and will be held on Friday evening. The fair is being held in the city of Broken Bow, Ia., and will be held on Friday evening. The fair is being held in the city of Broken Bow, Ia., and will be held on Friday evening.

Nebraska

Western Union Own Poles

Threats to Confiscate Untaxed Telegraph Lines Bring Acknowledgment of Ownership.

NEBRASKA CITY, Neb., May 6.—(Special.)—Some time ago it was learned that the telegraph poles and wires running along the right-of-way of the Burlington railway in this county had never been taxed for taxes. The Burlington railway claimed that the property did not belong to it and the Western Union Telegraph company manager stated it did not belong to that company, so the county attorney was instructed to take action to confiscate the same. Yesterday an urgent appeal was received from the Western Union stating that company owned all of the wires and poles and was willing to pay taxes thereon. These lines have escaped taxation ever since they were built many years ago. The county attorney found that the same thing had been done in each of the counties where he made inquiry and that the matter had been overlooked by all of the county assessors, supposing that it was being looked after by the state board when they valued the railroad property. This was true only of the lines that parallel the Burlington road.

Rock Island Promises Subway

Mayor Brown and Park Chairman Bryan were feeling real good this morning over the receipt of a letter from President Winchell of the Rock Island, which settles all controversy over the matter of putting a subway under the railroad company's tracks on Garfield avenue.

Common Sense

Leads the most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle-wrappers and attest its correctness under oath, are daily given in favor. No SECRETS. No DECEPTION.

The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized.

Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead of extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs.

Examine the formula on their bottle-wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hard-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles, it won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials although the latter are received by thousands.

Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. ASK YOUR NEIGHBORS. They must know of many cures made by it during past 40 years, right in your own neighborhood.

World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

Nebraska News Notes

PLATTSMOUTH—Mr. Barclay is removing his saloon fixtures from this city to Omaha since the election of Mayor Dahlman.

NEBRASKA CITY—The Modern Woodmen lodge of Dunbar is holding a two-day fair and a large delegation went out to that place today to attend it.

LINDSEY—John Sodorny was appointed marshal and street commissioner of the town board of the new board's first regular meeting. He replaces J. J. Ducey.

BEATRICE—Horace Fensling, a 4-year-old boy living near Clinton, suffered a fractured skull the other day by being kicked by a horse. His condition is serious.

BEATRICE—Bert Palmer, the boy who recently disappeared from his home near Lincoln, has been found and turned over to his parents. He was working on a farm east of Beatrice.

BEATRICE—Charles E. Harder of Baltimore, Md., and Miss Maude Hauer of Diller, Neb., were married here yesterday by Rev. U. G. Brown. The couple will make their home in Maine.

BEATRICE—Yesterday the trouble between the local painters' union and the firm of Randall & Co. was settled when the firm signed up with the union and agreed to employ none other than union men.

BEATRICE—Mrs. Susannah Essam, a pioneer resident of Gage county, died yesterday at her home, four miles east of the city.

She Quit

But it was a Hard Pull.

It is hard to believe that coffee will put a person in such a condition as it did an Ohio woman. She tells her own story: "I did not believe coffee caused my trouble, and frequently said I liked it so well I would not, nor could not quit drinking it, even if it took my life, but I was a miserable sufferer from heart trouble and nervous prostration for four years. I was scarcely able to be around at all. I had no energy and did not care for anything. I was frequently getting some Postum, and I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum, which I like better than I like the old coffee. One by one the old troubles left, still now I am in splendid health, nerves steady, heart all right and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my household work and have done a great deal besides. My sister-in-law, who visited me this summer, had been an invalid for some time much as I was. I got her to quit coffee and drink Postum. She gained five pounds in three weeks, and I never saw such a change in anyone's health."

So I thought I would see if I could quit drinking coffee and get some Postum. I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum, which I like better than I like the old coffee.

Inspect the Utility Plants

Des Moines Officials Come to Omaha to Look Over Different Concerns.

Officials from Des Moines spent Thursday in Omaha inspecting the gas and water inspecting plants, the asphalt repair plant and the macadamized country roads. Des Moines intends to install gas and water testing plants and to do its own street repaving in the future and the officials were sent to Omaha for information for the reason that this city has the reputation of having the best plants of the kind anywhere in the west.

The two Des Moines officials sent to Omaha are J. M. Burrows, assistant city engineer, and Monroe Fetzler, city chemist.

Nebraska

Malone is Hesitating

No steps of any sort have yet been taken to secure a recount of the vote cast for mayor at the late election. The reason of it lies in the fact that the returns are all sealed up in the city clerk's office and cannot be reopened until Monday night, when the council meets to canvass and declares the result.

Mr. Malone says that all he wants is that the man who receives the most votes receives the certificates and the place. He says that he doesn't want to be mayor so much as he wants to see that the will of the people as to who shall be mayor is properly recorded in the returns. So many stories of difference between the count and the actual vote cast have reached him that he thinks the fair thing to do is to have them all counted over again. These stories are not authenticated in any convincing way, but are sufficient, he thinks, to justify the belief that he did not get all counted for him that were cast for him.

Mayor Brown suggested today that the candidates agree on three men to do the counting, and then let the candidates abide by the result. He thought that in this way a long fight in the courts over the office could be avoided, and good feeling maintained. This plan has been suggested to friends of Mr. Lane.

Cold Wave and Dust at Norfolk

NORFOLK, Neb., May 6.—(Special Telegram.)—During one of the worst dust storms north Nebraska ever experienced the temperature dropped 27 degrees in twelve hours here. Yesterday afternoon thermometer registered 96 degrees, the hottest of the year. This morning the mercury had dropped to 29 degrees.

The wind blew at the rate of sixty miles an hour last night and carried clouds of dust with it. The air was filled with the dust, and old residents pronounce it one of the worst they ever saw.

Nebraska

Cow and White Rabbit Pals

Queer Case of Animal Companionship Discovered in Nebraska City.

NEBRASKA CITY, Neb., May 6.—(Special.)—That there are strange freaks in nature is proven by the taking as a companion by a cow of a tame white rabbit. The cow belongs to Mrs. Felthouser and the rabbit to James Welch. The rabbit is with the cow wherever it goes and lies down with it at all times. The cow, instead of chewing her cud when not eating, jacks the rabbit as she would her calf. They have been going together for some time.

Governor Slips in Town

Comes Without Letting Any of the Faithful Know of It.

Governor Shallenberger came to Omaha Thursday, the first time since he signed the 8 o'clock closing bill. He came on the quiet and not a democrat or prominent, including Colonel Berryman and others who had the courage or tenacity to confront him on signing the bill, knew he was in town or where he could be found.

Finally the chief executive was located at the Institute for the Deaf and Dumb with J. W. Steinhart of Nebraska City, R. R. Windham of Plattsmouth and C. R. Sherman of Omaha, members of the state board having in charge affairs of the Institute, inspecting conditions there. A new building will be erected this year and the governor and the committee met to talk over the plans.

"I am just here for a few hours. There is nothing of moment in my visit and I expect to return to Lincoln this evening," said the governor.

"Will you go before 8 o'clock?" he was asked.

The governor looked puzzled at first, then this expression gradually changed to one of amusement and he laughed and said: "Yes, I will be out of Omaha by 8 o'clock."

Governor Shallenberger said he was highly pleased at the result of Tuesday's election and that he believes the people

Williams Will Contest for Place

Defeated Democrat is Not Satisfied with the Election of Judge Berka.

R. F. Williams, democratic nominee for the council from the First ward, will contest the election of Judge Louis Berka, the republican nominee. Mr. Williams said he would base his contest on "irregularities," but what or where he would not say. Neither would he divulge the name of the attorney he has employed.

The clerk's returns show that Judge Berka was elected by a majority of 282, receiving 834 votes to Mr. Williams' 552. The republican nominee carried six wards and the democratic nominee carried an equal number. The judge carried the Fifth ward by seventy-six votes, the Seventh by 37, the Ninth by 18, the Tenth by 62, the Eleventh by 189 and the Twelfth by 287 votes.

Mr. Williams carried his precinct, the Third of the First, by seventy-six votes and the ward by 103 votes. He got the Second ward by 37, the Third by ninety-seven, the Fourth by only eleven, and the Eighth ward by 16 votes.

South Dakota Boy Passes.

WASHINGTON, May 6.—(Special Telegram.)—Senator Gamble was today advised by the bureau of navigation that Neil Loynehan of Yankton, nominated by the senator for midshipman at the Annapolis naval academy, had successfully passed his examinations and been entered upon the rolls of that institution.
