LINEUP OF THE NEW COUNCIL

Johnson Picked to Succeed Himself as President.

REPUBLICAN FOR CHAIRMAN

Mayor Dahman Gives it Out Cold that He Will Not Appoint Daniel as the City Prosecutor.

The new city council will organize on May 24, which means that the present democratic council has only two more meetings.

The new council will organize by electing a president and vice president and choosing its committees for the subdivision of work. Twelve committees will be formed, as follows: Judiciary; finance and claims; paving and sewerage; street improvements; railroads and viaducts; telegraph and telephone; lighting; public property and buildings; fire, water and police; parks; crosswalks and boulevards; sidewalks; crosswalks and bridges and rules.

Under the new charter the organization effected will be in force only one year and at the end of that time the council must reorganize. At the end of two years there will be another reorganization. Under the old charter the council organized at the beginning of the three-year term for the entire term.

The consensus of opinion in the city hall is that L. B. Johnson, democratic council-

man from the Fourth ward and present president of that body, probably will succeed himself in the chair. The council is evenly divided and the six democrats will doubtless vote for Mr. Johnson. Some republican votes are expected for Mr. Johnson for the reason that the president of the council acts as mayor while the mayor is out of the city and the democrats say that in all fairness a democrat should act as mayor when the democratic mayor is away from the city.

Chairman a Republican. In the event Mr. Johnson is elected president of the council it is probable the temporary president, who presides at the meetings of the committee of the whole, will be a republican. The president of the council appoints the committees, but members of the new council of both parties say they probably will caucus beforehand and choose the committees in an amicable way.

Until the new council is organized, City Clerk Butler will act as presiding officer. All the mayor's appointees must be confirmed by the council, but as the new body will be evenly divided, the mayor may not be able to have all his present appointees confirmed. In the event he decides to reappoint all of them.

The mayor said Friday that he had not considered the appointments in the least, but that probably some of them would be republicans, for the reason that the republicans "grabbed half of the elective offices."

There are now three republican appointive officeholders, Waldemar Michaelson, city electrician; John G. Pegg, city inspector of weights and measures, and Emil Wahlstrom, custodian of the city hall.

The other appointive offices are health commissioner, filled by Dr. R. W. Connell; street commissioner, Thomas J. Flynn; boiler inspector, Robert U. Wolfe; plumbing inspector, Harry McVea; license inspector, A. B. Waggoner; gas inspector, filled by C. F. Crowley; milk inspector, Joseph Scully; meat inspector, Jack Welch; market master, C. Epstein, and city prosecutor, H. S. Daniel.

Skids Under Daniel. "You are pretty nearly correct in saying that Herb Daniel will not be reappointed city prosecutor," said the mayor, "but I have not given a thought to the other appointments."

Mr. Daniel was elected city prosecutor by the council after the mayor had tried all summer the first year he was in office to get the council to confirm the appointment of W. J. Connell or Tom Lee. He and the mayor have never been friendly, and when Colonel Berryman was a candidate for the democratic nomination for mayor against Mr. Dahman no one was more active in his behalf than Mr. Daniel.

Heretofore the mayor could send in the name of an appointee can be sent to the works in succession. If the appointment was not confirmed he could send in the name of some other, and confirmation still being withheld, he could then go back to the first name. Under the new charter, the name of an appointee can be sent to the council only twice. Therefore, if Tom Flynn, "Colonel" Epstein, Bob Wolfe or some other disciple of the mayor is not confirmed the second time his name is sent to the council, it will be "all off" with him.

Fanning Victim of Double Tax

Belligerent Colonel is Stuck Twice on the Same Set of Household Furniture.

The 5 o'clock law is not the only matter which has recently upset the equanimity of Colonel Charles E. Fanning, erstwhile Democratic leader and sometime candidate for chief of police.

Colonel Fanning recently managed to list his household furniture twice when the assessor met him, the furniture being listed at his office and at his home. The assessment did not amount to many dollars, but why pay double taxation? The colonel did not discover his little aberrancy until after the Board of Equalization had met, and he then asked the Board of County Commissioners to strike it off. The board has declined, but counsellor Mr. Fanning is now up under protest and then request a refund.

Jim's Order to Cut All for Him Works as Big Boomerang

Eight of the Eleven Democrats Elected Are Jacksonian Members or Supporters.

"You were absolutely correct in your statements before election that the word sent out from the Dahman headquarters was to slaughter anybody necessary to save the mayor," said Colonel H. P. Marshall, president of the Jacksonian club, "and they succeeded in doing this with candidates who belong to their own club. But the Jacksonian candidates were saved and eight of the eleven democrats elected are either members or supporters of our club, two others were supported by us and but one man—the mayor—was elected with no support from the Jacksonian club."

Colonel Marshall called attention to the fact that Comptroller Lobeck, City Attorney Burnam, Building Inspector Withnell and Councilmen Brucker, Johnson, Funkhouser, McGovern and Sheldon are all either members of the Jack club or in sympathy with it and supporters of. These eight were given the solid support of the club. In addition to these the club supported City Clerk Butler and Councilman Bridges, said Colonel Marshall.

"We would not slaughter these men to save the mayor, and if it had not been for the Jacksonian democrats the republicans would have elected most of the ticket," said the colonel.

The president of the Jack club then called to mind the Jim who was defeated, Williams in the First ward, O'Hara in the Third, Davis in the Eighth, Jackson in the Seventh, Endres in the Twelfth, Ayerling for city engineer and the four candidates

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. They cleanse and invigorate the stomach and improve the digestion.

Landlord Sues Tenant for a V

Claims Five Dollars Due Him on Rent and Goes to Court for It.

Patrick Naughton is suing John Keck in county court for \$5. It came about something like this:

Said Keck to Naughton, who was his landlord, "Here's a check for the rent." "It's \$5 shy," said Naughton. "It's all that's due, and all I'll pay," replied Keck. "I won't take it," declared the landlord. "You can take it or leave it," said Keck with that air of complete indifference only assumed in a dispute of the sort. Naughton left it and began suit.

HOW IS THIS FOR A MIXED UP SERIES OF LAWSUITS?

First, Divorced Wife Sues Saloonist for Incapacitating Her Former Husband.

A case is pending in the United States circuit court relative to the United States Fidelity and Guaranty company against Herman F. Schaden, a saloon man of Nebraska City. A suit for \$5,000 damages was brought against Schaden before Judge T. C. Minger by the wife of a patron of his dispensary, who alleged that her former husband had been incapacitated from making a living through frequent potations at Schaden's establishment.

The suit was not brought until after the woman was divorced from her erring spouse and married another man. It was this last husband who was the instigator of the suit against the saloonist in the alleged interest of the erring husband at the suggestion of the wife.

Judgment was given against the saloonist and his bond and the bonding company paid the amount of the judgment, with interest. Then the bonding company brought suit against Schaden to recover the amount of the bond and levied on the property of Schaden, including his saloon, stock and fixtures, and a deputy United States marshal was placed in charge of the concern and closed it up.

Now comes Schaden in a suit for replevin to recover his property, and the case has just been argued before Judge T. C. Minger. Judge Minger still has the case under advisement.

BOYS SCARE WOMAN SICK

Place Horrible Dummy at Her Door and It Falls in When the Door Opens.

As the result of some boyish pranks, Mrs. Mary Kjeldin, 3709 South Thirteenth street, is seriously ill from nervous shock and four small boys are under surveillance of the juvenile officers. They are Valie Swanson, Einer and Clarence Dahl of 1406 Westfield avenue and Rubin Black of 1314 Garfield street.

It is said the lads placed a horrible dummy at Mrs. Kjeldin's door Wednesday evening and then rang the door bell and

ran away. When the woman opened the door and the dummy fell in through the doorway against her, she almost had nervous prostration and is not yet recovered from the scare.

Ice Damages Steamer. ST. JOHNS, N. P., May 7.—The steamer Lake Champlain, bound from Liverpool to Montreal, put in here today, leaving for a hole stove in its bow by heavy ice off Cape Race yesterday. There are about 1,000 passengers on board.

Saturday morning at 8 o'clock will be the opening of Orkin Bros' great shirt waist sale. See Page Thirteen for their big advertisement.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when for any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S.S.S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S.S.S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruptions or disease. Book on the blood and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.
