A BAD BACK MAKES LIFE'S JOURNEY HARD

Omaha Testimony

Proves the Wonderful Merits of Doan's Kidney Pills. Willing Statements of Residents of Our Own City. This is Proof that You Can Verify.

Seward Street

Henry Witt, 2925 Seward St., Omaha, Neb., says: "I used Doan's Pills years ago and they gave me entire relief from lumbago and other kidney disorders. In 1899 I gave a statement for publication recommending this remedy and at this time I willingly verify all I then said. I have often advised other persons suffering from kidney complaint and lumbago to give Doan's Kidney Pills a trial."

So. Eighteenth St.

Mrs. H. Hodgins, nurse, 2422 S. Eighteenth St., Omaha, Neb., says: "I willingly tell of my experience with Doan's Kidney Pills, as they have been of great benefit to me. I was afflicted with a constant backache and I could not stoop without having sharp pains through my kidneys and there was also a difficulty with the secretions. Doan's Kidney Pills went at once to the root of my trouble and it did not take them long to give entire relief."

Backache and kidney and bladder diseases are becoming more common in every walk of life. It's due to the hurry, worry, and strain of modern living. The kidneys are overtaxed—can't keep up with their never-ending task of filtering the blood. Lame back comes, backache, dizzy spells, urinary disorders, stitches of pain when stooping or lifting, rheumatic twinges.

Burdens Lifted From Bent Backs

Not one of the early warnings should be overlooked, for neglect often results in a fatal case of diabetes, dropsy. Bright's disease or stone in the kidneys. Strengthen the bad back—cure the weakened kidneys with Doan's Kidney Pills, the remedy that is endorsed by our own towns-people.

Doan's Kidney Pills cure backache, kidney and bladder troubles. At any drug store, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., Proprietors.

Farnam Street

Otto Hanson, 3151 Farnam St., Omaha, Neb., says: "I suffered from a soreness across my hips and dull, annoying pains through my kidneys. Reading of the many cures made by Doan's Kidney Pills in cases of this kind, I decided to try the remedy and procured a supply. Since using Doan's Kidney Pills the symptoms of my trouble have been greatly relieved. I take pleasure in recommending this sterling kidney remedy."

Dorcas Street

Mrs. J. A. Schamel, 1911 Dorcas St., Omaha, Neb., says: "I cannot say too much in praise of Doan's Kidney Pills, as they have been of such great benefit to me. I was caused much annoyance by the frequent passages of the kidney secretions and it was impossible for me to stoop without having severe pains through my loins. Being advised to try Doan's Kidney Pills, I procured a box and by the time I had finished the contents I was free from the trouble."

Blind Nose and Blow. Soon the change in pressure is felt on the drum of the ear and great pain follows unless the man is prompt in pinching his nose and blowing hard with his breath so as to force air into the eustachian tubes of the middle ear. If he follows directions and blows vigorously suddenly the tubes of the ear open and the air can be felt rushing into the ear. Great relief follows. This act must be repeated many times as the pressure increases. Soon the hissing of the valve ceases, which shows the pressure in the lock and in the working chamber is the same. The gatekeeper knocks on his inner door and the workmen within open it. The visitor is then able to walk into the tunnel. He feels no more the pain in his ears and is entirely unconscious of the extra atmosphere of pressure. The tunnel is soon to be dry. When he wishes to go out he goes into the lock again and closes the door between it and the working chamber. Then the valve between the lock and the outer world is opened. At once the chamber is filled with dense steam due to the condensation of watery vapor as the pressure is rapidly diminished and the air expands, suddenly lowering the temperature to the condensing point. The visitor's ears feel uncomfortable again, but the pain is not severe, as the compressed air of the middle ear easily forces its way out. The soil through which the contractors are attempting to lay the tunnel is very hard to handle. It is made soft and is mostly decomposed residue of thousands of loads of debris and waste from the Union stock yards. This manure was dumped in the N street hollow many years ago. The soil is therefore very treacherous and progress is slow. This was the reason the water was so troublesome at this point. Y. M. C. A. Notes. A called meeting will be held Monday

Stomach Trouble.

Your tongue is coated.
Your breath is foul.
Headaches come and go.

These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective.

Weak and nervous men who find their power to work and youthful vigor gone as a result of overwork or mental exertion should take CHAMBERLAIN'S STOMACH AND LIVER TABLETS. They will make you eat and sleep and be a snub seal.
