NEXT EXCURSION

To the Famous SCOTT'S BLUFF IRRIGATED LANDS, Tuesday, May 18, 1909. RAINS ARE NEEDED

in all parts of the country. Reports are coming from all sections telling of lack sufficient rainfall, and it is said that crops are already suffering.

They Never Need Rain

in the Scott's Biuff country. The splendid Tri-State Irrigation system makes rain unnecessary. An abundance of water is always at hand, and it is only necessary to turn it on when needed.

We are offering the best irrigated lands in Nebraska. Men who knew declare they are as good or better than the lands in the famous Colorado irrigated districts and the price is only a third or a half as much.

The irrigation system is second to none in the United States and there is postively no danger of there ever being a shortinge of water.

Prices are exceptionally low and only a fifth cash is required. The balance can run from one to ten years to suit purchaser.

Don't delay-we can take only a limited number each trip, so let us know at once if you wish to join our excursion so that reservation can be made.

Call, see or write
