ments alleged made to him by Keenan. These, it is declared, were three in number, two of \$10 and one of \$20.

This last payment, he asserted, was given him Monday morning of last week in the office of the clerk of the district court. He was sitting at the time at one end of a bench which has its back to the north wall of the room and Henry Murphy at the other end.

Barrett on receiving the money gave it to Murphy to carry for him," he said. Barrett's cross-examination was conducted by A. W. Jefferson, who, with J. J. O'Connor, Keenan's bondsman, appeared for him.

The cross-examination developed the connection of Henry Murphy with Barrett as tending to show that Keenan approached Barrett in the way of his regular warrant buying business. Questions and answers went to show that Murphy had advised Barrett that he might be approached by Keenan with a view to influencing his verdict.

OMAHANS PAY VISIT TO AMES

Return Compliment Iowa State College Has Done for Corn Show.

SAW BIG LIVE STOCK PARADE

Prize Horses and Cattle Led Out for Inspection—Eighteen Towns Visited During the Day Tuesday.

AMES, Ia., May 18.—(Special Telegram.)—Both the Iowa State college and the Omaha business men "showed off" here Tuesday afternoon when the Agricultural Experiment Station visited the Agricultural college and witnessed a live stock and cadet battalion parade, headed by two bands.

The train arrived at the college at 11:30 and stopped three miles out of Ames. All the business men marched up to the college headed by their own bands. On the campus they watched the parade, headed by the college band and the band from Omaha.

Before the Omahans marched the students, followed by a long line of prize animals from the department of animal husbandry. Among these animals were the animals used by the United States government in its experiments in cattle and horse breeding. The horses made up a long line and were cheered by the visitors as they went by, doing everything from two-steps to cack walks to the music of the two bands.

The moving pictures which the Omahans promised to take of the parade were a success, according to T. B. F. Martin, the operator, as the weather has been ideal. Around the campus the moving picture machine caught the parade and the trip about the buildings.

Chas. M. Address. After the parade the entire party assembled before the Central building, where President Storms introduced Clement Chase, editor of the Western Banker, who made a short address, assuring the college authorities and students of the appreciation which Omaha felt for the work done by the college in promoting the National Corn exposition. He was followed by John Spiker of Omaha, who dwelt at length on the prosperity, history and future outlook of such magnificent states as Iowa and Nebraska.

The visit at the college completed, the Omahans were taken to Ames by electric interurban, where they gave another parade and spent one hour visiting the business men, leaving at 1:30. The party will spend the night at Lake City. This is the route of the trade excursion Tuesday:

More Balloon Men for Fort Omaha

Three Army Lieutenants Start West and Two More Will Follow.

WASHINGTON, May 18.—Detailed account of the explosion which destroyed the signal service balloon No. 12 near Jackson, Neb., on May 10, which necessitates the placing of an order within a few days for a new spherical balloon to replace No. 12, was received today by Chief Signal Officer Allen. The report was from Captain C. De P. Chandler. He says he believes the gas bag became charged with static electricity when at a height of 2,000 feet, or that electricity was acquired by the friction of the air in making the rapid descent and that when the bag came in contact with the earth, a spark ignited the gas.

Lieutenants Winter, Bamberger and Dickenson will leave for Fort Omaha tomorrow, to be joined later by Lieutenants Lamm and Foulers for the experiments there.

IOWA BANKER IS REARRESTED

Leroy Ware of Seymour Is Paroled and Immediately Taken on New Charge.

DES MOINES, Ia., May 18.—Leroy Ware of Seymour, this state, convicted of fraudulent banking in connection with the Farmers and Drivers bank at Seymour, of which he was cashier, was re-arrested today after having been paroled by the state board and served eighteen months in the state penitentiary. The parole was granted on Saturday and kept secret until today. Evidence was submitted to the state board to show that Ware was made a scapegoat for the failure of the bank to the extent of \$200,000 and that he was not responsible for the heavy shortage. The arrest was made at Corydon.

Ware's re-arrest was based upon an untried count of the indictment for making false entries.

Midwest Life Items

The man who is just going to take out insurance has good intentions, but good intentions cannot be bashed after death like an Insurance Policy. The Midwest Life sells Life Insurance.

Often life agents are confronted with the argument that life companies make their money out of taxes. There is no company of repute that does not go to all reasonable lengths to prevent a lapse. After the Agent has done all he can to save the business the home office uses every means in its power to get the policyholder to keep up his insurance. Even after the policy has lapsed, effort is made to restore the business.

The lapses of The Midwest Life have been small compared with most companies doing business in Nebraska. April was the best month The Midwest Life has had this year in volume of business. In premium receipts and in gain in insurance in force. The company will undoubtedly close the year with \$2,000,000 of business in force. If you are interested in selling Life Insurance write N. E. Small, President, Lincoln, for an agency.

Tunnel Over Tennessee Pass Breaks Away

Five Hundred Feet of Rio Grande Track is Buried Under Mass of Dirt.

DENVER, Colo., May 18.—Nearly 500 feet of the famous tunnel over Tennessee pass, on the Denver & Rio Grande railway, located about five miles west of Leadville, caved in last night. There were no casualties.

The cave-in occurred about 1,000 feet from the portal of the tunnel, probably at one of three air shafts that lead up through the tunnel roof, and was undoubtedly caused by the melting of the unpremeditated heavy snows. Although heavily timbered throughout, the tunnel is always carefully watched and precautions have been doubled during the last few weeks.

The discovery of the cave-in was made by a track walker. Believing that the vast mass of dirt and rock had buried a train, he hurried back to the first station and gave warning. A train, bearing engineers and officials of the road, was rushed to the scene, but in the meantime the wires had been at work and it was found that there had been no loss of life or any one hurt.

At the offices of the Denver & Rio Grande railway it was stated today that the cave-in was probably less serious than first reports had indicated. It is confidently expected that traffic through the tunnel will be restored within forty-eight hours.

Mr. Spiker's telegram to Senator Curtis, who in forwarding it to the department stated that it was his special desire that Mr. Gregg, who formerly resided in Kansas, should be afforded every opportunity to perform his duties faithfully and efficiently and that at this long range he certainly would not interfere with their efforts. He recognized that the government attorneys were conducting these cases under adverse circumstances and no doubt would do their full duty and doing it well and should be sustained.

RUSH AND GREGG ARE ATTACKED

(Continued from First Page.)

Oklahoma land fraud cases, to Senator Curtis of Kansas, forwarded by the latter to the Department of Justice, Attorney General Wickham today decided to suspend further proceedings in those cases pending the receipt of testimony in support of charges alleging improper conduct on the part of the government attorneys. The attorney general also decided that it would not be for the best interests of the government to substitute other counsel for those now conducting the cases.

In commenting upon the matter Mr. Wickham stated that it was his firm conviction that the government attorneys were performing their duties faithfully and efficiently and that at this long range he certainly would not interfere with their efforts. He recognized that the government attorneys were conducting these cases under adverse circumstances and no doubt would do their full duty and doing it well and should be sustained.

New Scare for Timid Londoners

Members of Commons Says Germans Have Store of Ammunition and Soldiers in City.

LONDON, May 18.—The "German scare" grows apace, and no sooner is one wild rumor at rest than another arises to try the nerves of the English people. Last week there was the story of a big German liner filled with troops, which, it was alleged, had entered the Humber, surveyed the possibilities of making a landing, and departed without being sighted by the British warships with which the North sea is supposed to be closely dotted.

Today Sir John Barlow, a liberal member of the house of commons and a well known merchant, started the country with the sensational suggestion that the Germans have established a depot of arms, containing 50,000 Mauser rifles in the center of London, together with 7,500,000 rounds of ammunition for the use of 50,000 trained German soldiers now employed in various capacities in England as an evidence that Sir John attaches some credence to this remarkable story, he has notified War Secretary Haldane of his intention to question him concerning it in Parliament.

This is the first time an American Indian has so appeared in England and a big crowd flocked to the court room in the hope of seeing the co-respondent, but he did not put in an appearance. The suit was brought by Mr. Green, who alleged that while White Cloud was playing in this city with a wild west show he captivated the affections of Mrs. Green and induced her to leave her husband. The court found in favor of Mr. Green and granted him a decree.

Fear of Kidnapers Unbalances Mind

Julius Seifert of Pleasanton Adjudged Insane and Is Sent to Lincoln.

KEARNY, Neb., May 18.—(Special.)—Julius Seifert of Pleasanton was adjudged insane by the insanity board and will be taken to Lincoln immediately. Seifert acquired the delusion someone was trying to kidnap his children. He would suddenly start from the field and run to the house and find all his children to see if they were all right. If he found them he would calm down again. At one time lately he tried to assault his wife with a brickbat and his violence began to show on him more clearly, though at most times he was perfectly rational.
