J. Thompson and D. K. Gillispie, captains of the divisions.

AFFAIRS AT SOUTH OMAHA

Omaha Company Secures Contract for Lighting Streets.

AGREEMENT IS FOR FIVE YEARS

Vote of Council Stood Four to Two, and Advantages of the South Omaha Company Were Disassembled.

By a vote of four to two the South Omaha city council awarded the electric light contract to the Omaha Electric Light and Power company for a period of five years, rejecting the bid of the South Omaha Electric Light and Power company, which offered to furnish lights at the rate of 50 per cent per lamp for a period of ten years.

Two democratic and two republican members of the council supported the report of the committee of the whole to award the contract to the former company in accordance with their bid. The affirmative vote were Dawson, Hoffman, Larson and Peterson. John Hasburgh and John Hasburgh favored the South Omaha company.

The arguments offered by the men who favored the Omaha company were that they favored a five-year contract and that in the contract offered, judging from the established business of the present company, the royalties paid in would more than counterbalance the bid of the new company.

John Larsen opposed the Omaha company and maintained that the saving to the people on commercial lighting would make the contract of the new company much better without considering the public light contract. John Hasburgh favored a readjustment of bids.

A petition of 500 citizens was received on the subject asking that the city council favor the South Omaha company, but it had no effect in changing the votes of the council. A franchise ordinance was introduced also by each company, incorporating the terms of their bids, but these were referred to the judiciary committee for later action. It is considered out of the power of the people to protest or to ask that the contracts be submitted to a vote of the people. The time of submitting such a protest is expired with the final award and the matter is up to the present time has not considered since a contract and bid was granted. The Omaha Electric Light and Power company claims to hold a franchise running yet for fifteen years.

The decision of the city council is sure to arouse considerable feeling, but as each party was equally represented the feeling will have no outlet except upon the individual councilmen.

Councilman John Hasburgh was incensed to the point of profanity at the determination of the council to ignore his scheme of readjusting.

West L. Wants Care.—The North-West Improvement club presented a petition asking the city council to use its influence with the Omaha & Council Bluffs Street Railway company to furnish accommodations to West L. The obstacle at present in the way of an extension of the street is the poor condition of the E street viaduct, which will not support such traffic. The railroad and the Union Stock yards have shown no disposition to reconstruct this viaduct. It is unknown whether the city can at present force these companies to repair or reconstruct the same. The structure has been condemned as unsafe for heavy vehicles, but has not been closed as yet.

Occupation Tax Ordinance.—One of the important resolutions of the meeting was that the city attorney be instructed to draft an ordinance imposing an occupation tax on all public service corporations and defining the method of such an assessment. This is in accord with the ordinance of the supreme court of Nebraska, declaring such action valid. It is not known whether this tax would in any affect the royalties paid under the charter, but it is presumed not, since the ordinance cannot supersede the charter. Such a tax would simply be an additional burden to be assumed by the public service corporations.

Water Piping Franchise.—A new franchise ordinance was introduced granting the right to Thomas Geary to lay pipes in the city streets for the purpose of conveying the water of the South Omaha mineral springs to any point in the city. Such a franchise was introduced before the former democratic council over two years ago, when it was discovered that a prominent democrat of the city desired the franchise. The council therefore refused the franchise and voted one to Dr. W. J. McCreann. The latter has made no use of the privilege. Therefore the franchise has practically lapsed and is again introduced. The springs referred to are located in Brown park.

An ordinance was introduced to compel the Chicago, Rock Island & Pacific railroad to place a day and night flagman on the crossing at Twenty-fifth and Madison streets. The same kind of an ordinance was introduced to compel the Union Pacific to locate a night flagman at the intersection of Washington street with the right-of-way.

Mr. Peterson introduced a resolution instructing the city engineer to relocate Polk street, east of Thirtieth. John Hasburgh raised a laugh by saying, "Well, where do you want to put it?"

Notice of a claim for damages to his property to the amount of \$500 by reason of the change of grade at Twentieth and I streets, which caused water to flow over his property.

John McMillan gave notice of a suit for \$500 for personal injuries received at Twenty-first and J streets. He incorporated in the notice that the injury occurred two weeks ago, but he was himself present at the council meeting.

The council passed a resolution ordering the purchase of a street sweeping machine not to exceed \$250. The purchase was discussed in committee and Councilman Hasburgh thought that settled it. When it was brought up he objected to what he thought was a reconsideration. The mayor explained and the light dawned on Hasburgh, who said: "Oh, I see. You had do this little stunt to fix the public." A laugh from the lobby followed this innocent remark.

Bold Bright Holdup.—Edward and Patrick Broderick, two young men of South Omaha, were arrested yesterday and booked as suspicious characters.

The Mission

of these corpses in your blood that have been called "Little Soldiers," is to fight for you against the disease germs that constantly seek to enter your health. These corpses are made healthy and strong by the use of Nood's Sarsaparilla.

This medicine is a combination of more than twenty different remedial agents in proportions and by a process known only to ourselves, and it has for thirty years been consistently proving its worth.

No substitute, none "just as good."
