## SIoux CITY ASKS VISIT THERE

Request Comes Too Late and Cannot Be Accepted.

ONAWA, Ia., May 19.—(Special Telegram.)—Another day of sunshine has favored the Omaha trade excursion, and this afternoon it reached the Missouri river when it arrived at Mondamin, slid along over the line to Onawa, arriving at 2:30 p. m., and goes east to Ida Grove from here where the business men will spend the evening, and night.

Nearing Sioux City, it was learned, the Sioux City Commercial club wanted the Omahans to stop in that city Thursday evening. It is doubtful whether the stop will be made. The Sioux Cityans have known the western live stock excursion of the Omaha Commercial club, Grain Exchange and Live Stock Exchange would go through their city for over a month. They did not send an official invitation before the train started, but now they want to "show their town to the Omahans." Some of the live stock men want to stop as they have business in both live stock markets.

The train is due in Sioux City at 7:10 Thursday evening and due out at 7:15. It goes in over the Moline line of the North-western and out over the Illinois Central to LeMars, twenty-two miles north of Sioux City. In making the transfer from one line to the other it is not necessary to go up town and the excursion will probably go along the outskirts of Sioux City, whittling at the Great Northern crossing, then ripping a hole through the atmosphere and leaving it filled with sheep bells and advertising matter.

Will Not Pass Up Lemars.

To change the schedule and make the Sioux City stop, it would be necessary to pass up the moving picture show at LeMars, which has been planned. Commissioner Guild and Dan Fuller, chairman of the trade extension committee, say this cannot be done, as they will not disappoint the people of Lemars.

San North of Omaha, the district passenger agent, C. B. Fletcher, superintendent of the Illinois Central, has advised they will join the party in Sioux City or Lemars.

Wall Lake was visited this morning and the excursionists given a good reception. The train will go back through the town tomorrow morning enroute to Lake View, but will not stop.

Telegrams have been received from Fred W. Colvin, secretary of the Commercial club of Correctionville, where the party will arrive Thursday afternoon. Mr. Colvin insists that they will leave Correctionville without something to remember.

"Clem" Chase is "in show" at every stop. He has a little piece which he says Homer wrote about "friends, Romans and countrymen, lend me your ears." This Mr. Chase fixes up to read: "Friends, Iowans and prosperous farmers, send us your ears of corn that we may be the better judge."

John Spiker, the preacher orator for the party, has lost the "reverend" from his name and is called plain "John" by members of the party. He insists he will stay in the ministry when he gets back to Omaha.

At Mondamin Dan Fuller made a speech. He started out, "Let us wrestle with Mondamin," and then thought apparently that the party was not out to "gather in the harvest" and made a rousing booster's talk. Marching is proving strenuous exercise for members of the party, several of whom have sent word to Omaha to sell their memberships in country clubs and give away golf sticks as they will have enough exercise to last all summer. Some feet are a rule with the party, not the exception.

## CHARGES STIR FRAUD CASE

Petition of Dismissed Jurors Causes Sensation at Tulsa.

NO CHANGE IN COUNSEL NOW

Attorney General Wickham Declines Case Will Go On with Rush and Gregg Until Accusations Are Proven.

TULSA, Okl., May 19.—Interest in the Muskogean town lot fraud case, which increases daily, has been heightened by the allegations of misconduct made against the government officials who are pushing the investigation. Yesterday afternoon eleven jurors of the sixteen desired to fill out the new federal grand jury were provisionally accepted when court adjourned this afternoon.

One of the petitions is signed by nine members of the grand jury that was discharged on Saturday last by Judge John A. Marshall upon motion of District Attorney Gregg, who asserted that the jury had been subjected to improper influences. This petition refutes the charges and in turn makes serious allegations against both Messrs. Gregg and Rush. It alleges misconduct before the jury, efforts to intimidate and coerce the jury to return verdicts against Governor Charles N. Haskell and the other defendants regardless of and contrary to proof presented. Early in the morning of Saturday the jurors' allegations.

The defendants also filed a response to the motion of District Attorney Gregg disputing the charges of improper influence. This response alleged misconduct upon the part of Gregg, asserting that he has used every artifice to bring about a verdict to be part owner of the land, and to prejudice the court and grand jury against the defendants; that he stated that he was after Haskell and associates and that no one else would be prosecuted; that he stated to Mr. Allen of Muskogee that he was a personal enemy of William T. Haskell and would endeavor to the best of his ability to bring about the conviction of the Tulsa World had stated to a prominent merchant of Tulsa that it was a political prosecution started by William R. Hearst, the New York editor, and by Theodore Roosevelt against Governor Haskell. The allegations are urged to prove the defendant's claim that Gregg is an improper person to conduct the present prosecution before the grand jury.

## Attorney General Notified.

WASHINGTON, May 18.—After receiving a long telegram sent yesterday by Henry F. Asp, counsel for the defendants in the Oklahoma land fraud case, to Senator Curtis of Kansas, forwarded by the latter to the Department of Justice, Attorney General Wickham today decided that he would not be for the best interests of the government to substitute other counsel for those now conducting the cases and to proceed further proceedings pending the receipt of testimony in support of charges alleging improper conduct on the part of the government counsel having the direction of the cases before the grand jury.

In commenting upon the matter Mr. Wickham stated that it was his firm conviction that the government attorneys were performing their duties faithfully and efficiently and that at this long range he certainly would not interfere with their efforts. He recognized that the government attorneys were conducting these cases under the most unfavorable circumstances and no doubt were doing their full duty and doing it well and should be sustained.

Asp's Telegram to Curtis.

Mr. Asp's telegram to Senator Curtis, who in forwarding it to the department stated that it was his special desire that Mr. Gregg, who formerly resided in Kansas, which has been planned. ## COUNT BONI LOSES AGAIN

Appeal from Order Giving Custody of Children to Mother Fails.

PARIS, May 19.—M. Sellgman, a representative of the department of Justice, presented his conclusions in the Castellane de Sagan suit today in favor of the defendant. On December 30 of last year the French court handed down a decision that the three sons of Count Boni de Castellane remain in the custody of their mother, the present Princess de Sagan. The count, however, appealed from this decision in May of this year, and this appeal has since been argued.

M. Sellgman said the evidence submitted showed that the Princess de Sagan had been irreproachable before her marriage and that she had since remained a good wife and mother. Consequently he recommended that this court confirm the decision of the lower court giving her the custody of the children. The formal decision will be rendered May 25.

Child Burned to Death.

SUTTON, Neb., May 19.—(Special.)—The 15-year-old daughter of Mr. Fred Wilcox, living in the town, was fatally burned while burning trash in the yard. The girl was at home alone and the flame got beyond control, burning her so severely that she died before help could reach her.

## HENRY H. ROGERS DIES SUDDENLY

(Continued from First Page.)

face of great financial obstacles, Mr. Rogers returned to his home in New York. His death coming so soon after the greatest achievement of his active business life, and before he saw the fruit of his labor in the development of the section served by his road, is regarded by his friends as a regrettable ending of a brilliant career in the financial world.

Foreman Sudden Death.

Mr. Rogers arose as he usually did about 5 o'clock. At 5 o'clock he complained of feeling ill and a physician was hurriedly summoned. His heart action was weak and it was apparent he was suffering from a stroke of apoplexy. In spite of all that could be done for him this morning Mr. Rogers sank rapidly and he came peacefully at 7 o'clock. This was the second illness of this nature suffered by Mr. Rogers, the first having occurred in July 1907.

Following the seizure of apoplexy in 1907, Mr. Rogers began putting his affairs in order and he has been out of the stock market entirely for months. His interests in all of the corporations with which he had been identified have been placed in other hands during the last year. This step was taken in order to safeguard his properties in the event of sudden death.

Rockefeller Hears News.

HOT SPRINGS, Va., May 19.—"I am sorry," was the comment of John D. Rockefeller today when an Associated Press correspondent handed him just as he finished his eighteenth hole a dispatch confirming the death of H. H. Rogers.

"It is so unexpected," he added. "I had no knowledge he was sick."

When asked for an expression as to the effect Mr. Rogers' death would have upon the business world, Mr. Rockefeller replied: "Mr. Rogers' death is a great personal loss to the business world, but it is only a personal loss. I am not familiar with his business affairs, but have every reason to believe they were all in good shape. Mr. Rogers had not been actively connected with the affairs of the Standard Oil company for more than two years."

Continuing and plainly showing that the news had greatly affected him, Mr. Rockefeller said: "I have seen Mr. Rogers but twice during the last five years and on both of these occasions, as well as often before, I urged him, with tears in my eyes, not to work so hard."

## DEATH FELT ON STOCK MARKET

"I personally feel that if the attorney general knew the methods adopted by public prosecutors and the facts surrounding the investigation he would substitute some reports of the government with officials who would conduct the investigation impartially and fairly without personal malice or partisan consideration."

Arrangements for Encampment.

SIoux FALLS, S. D., May 19.—(Special.)—Preliminary arrangements already are being made for the annual encampment of the Grand Army of the Republic. Department of South Dakota, which will be held in Sioux Falls, on June 23, 24 and 25. At the request of the local Grand Army of

Everybody Should Know What Hunyadi Janos Is

A larger proportion of humanity suffers more or less from constipation. How really few are there who do not know the distress, pain and general discomfort resulting from failure of the bowels to move regularly. And does not this suffering seem foolishly unnecessary when we realize that it can be avoided by the use of the proper and simple remedy, Hunyadi Janos Water, the great natural laxative? It is not only the most efficacious remedy, but also the most expensive. The cost of a large bottle is but a trifle and it contains many doses, as one-half a tumblerful on arising is sufficient to always give certain, quick and thorough action. A pleasant and natural relief without griping or bad after effects. Try it.

Look out for unscrupulous druggists, who will substitute, unless you ask for Hunyadi Janos.
