Feathering Nests FOR YOUNG MARRIED COUPLES

THE average young man finds it mighty hard to save enough out of his salary to enough out of his salary to pay cash for his homefurnishings when he comes to get married. And that lack of ready money is a mountainous difficulty that stands between many young married couples and the sunshine of home happiness. Others surmount that mountain of difficulty by taking advantage of our helpful part payment plan. Won't you? You can select the goods now and have them set aside until you're ready for them. Payments of course would not begin until 30 days after the goods are really delivered. We would arrange the terms to suit your convenience-your pleasure. This would enable you to "begin right"-to have a complete and attractive home and yet not be inconvenienced in the least in paying for the goods. We're helping hundreds of young couples to establish pretty homes this spring. We'd like to have you among the number.
