HOGS—in spite of the fact that receipts of hogs were large at this point, over 200 fars being reported in, the market opened early and higher. When the trade was once underway it was active and the bulk of the hogs sold 5@10c higher than yesterday. The advance, if anything was more pronounced on the light hogs than on the heavy grades. The great big bulk of all the hogs in sight changed hands early in the morning, a good share of them falling inside the range of \$6.90\$7.15 and on up as high as \$7.55 for the best heavy. All in all it was a very satisfactory market from start to finish.
