Stomach Trouble. Your tongue is coated. Your breath is foul. Headaches come and go. These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective.

Other Officers Coming. "Other classes of officers will be sent to Fort Omaha for instructions. One of the finest field signal troops in the army is stationed at Fort Omaha, and is now, I believe, enroute to Fort Leavenworth for practice and instruction. There are but four such companies at present in the service, but we are hoping to organize others in time. The value of the signal service is becoming more apparent each year. Wireless telegraphy has come to stay and here again the Fort Omaha equipment is one of the best in the country, and the Fort Omaha school is turning out a fine

body of competent, bright and intelligent signal service men." General Allen visited Fort Omaha Friday afternoon. He was given a reception there by the post officers and student class now under aeronautical instruction. The wind was a little too brisk to permit balloon ascensions Friday afternoon, but considerable demonstration work was carried on in the big balloon house. The greater number of the student class of officers will return to Fort Leavenworth Friday evening. Stay Until Next Week. Lieutenant Lahm, Faulstich, Bamberg, Winter and Dickinson will remain until early next week to assist in the dismantling of the balloons for shipment to Fort Leavenworth. Both balloons will be deflated here, and the hydrogen gas for inflating them at Fort Leavenworth will be sent there in special portable tanks, which hold about 2,000 feet each of compressed hydrogen gas. The tanks will be filled from the Fort Omaha hydrogen gas plant.
