CHANGES IN FIVE HUNDRED stone are: "Seven in hearth" or "six in

no trumps. Reveral different tables of values have been used from time to time in various parts of the country. In some of these tables the suits rank one way and in some another, but the influence of the bridge playing element seems to have gradually worn down all opposition and the suits now rank in five hundred as they do in bridge, spades, clubs, diamonds, hearts and Pueblo

Each suft has a unit value in points for a bid of six tricks, and if the player will commit these five-unit values to memory he will have the whole table by heart, be-Very few games have attained the same cause this unit value is added for each sepularity in a short time as five hundred, additional trick bid in that suit. The additional trick bid in that suit. The New York initial value of the lowest bid in clubs, for Brooklyn it is a game which is peculiarly suited to instance, is 60, and as 60 is added for each St. Louis players of widely differing powers, and trick beyond six, we get for seven in clubs,

ers of that one are promising to fall into other table which was designed to avoid the tricks that he looses will be divided line with their next issue, which will be in the occurrence of duplicate values. This is between the two other players who are line with their next issue, which will be in the called the Avondale schedule, and it is between the two other players who are the early fall. The standard game, as it called the Avondale schedule, and it is opposed to him. When the bidder is set is now played in all first-class clubs and based on the principle that if we start with is now played in all first-class cities and the same initial value for bids of six tricks back more than he scored he goes "in the wherever tournaments are held, will probably remain, without any further change as those in the schedule just given, but advance 100 points at a time for each ad-Although five hundred is essentially a ditional trick, regardless of the suit we game for three players, four may take shall get a table in which there are no part; either two against two as partners, two bids of the same counting value in or by the arrangement which demands that the score. Each bid will be twenty points higher than the one before it, seven in The standard pack for three players is spades, for instance, being twenty points

> No. of Tricks Bid. This schedule has never come into general use, probably because its inventor

made the common mistake of copyrighting It and so preventing others from using it. The table of values first given is the plain suits of eight cards each. In this standard, although in some places they respect the joker very closer resembles school to be reversed. the four jacks in a grande in the game of the four jacks in a grande in the game of spades, hearts, diamonds and no trumps. skat; in fact, it would avoid a great deal of This is now quite out of fashion. When the Avondale schedule is used

to call it a no trumper when there is a bids is the higher, but in the ordinary schedule there are a number of equalities; eight in diamonds, 249, for instance, is the same as seven in no trumps.

The rule in such cases is that the player who offers to take the greater number of to which is the better game, straight 500 PUEBLO tricks to make the same number of points for three players each trying to reach the shall have the preference. A smaller num- goal, or the game of even rounds, high ber of tricks in one suit will outbid a score at the end to win all, which is somegreater number in another only when the times adopted for three players as well as point value of the bid is greater. Six in for four. seven in spades because it is worth forty player seems likely to go out on his bid first game of the series. points more.

Bidder Takes Widow.

in the same round, or to deal for the widow he can, but no one is obliged to win a ing it or not. If B is set back that trip, trick if he does not wish to and can avoid C takes a turn at it next time and between it without revoking. The penalty for a them they keep the flag flying by prevent-The interesting part of five hundred is revoke is the immediate loss of the amount ing A from going out. the bidding for the privilege of naming bid, if it is the bidder who is in error. Sometimes these tactics are so successful

There are no second bids, and if the player If an adversary of the bidder revokes on the other hand, the high man will be There are no second bus, and the can pass. the bidder cannot be set back, even if he allowed to play and be set back. Then Mitze, If all pass without bidding, it is a grando, fails to make good, but he must be allowed again the high man will sit tight and to score what he bid. The individual "sweat out" by getting home a trick or Bonno, p...... The bidder must name the number of player in error cannot score anything, but two on every hand and gradually working tricks he will undertake to win, playing the other player may score for whatever his way home ten points at a time.

If the joker is led when there is no an hour or two. trump the leader is at liberty to name any Present experience indicates that the most suit to be played to it, whether he holds popular form of the game will be three Teddy Finds Time any cards of that suft or not, and even if or four players at the table, always each he had previously renounced in that suit. man for himself, twelve deals to a game Failure to play a card of the suit called for and high score to win. The partnership

When four play as partners the one that to help him is absent. makes the highest bid takes the widow and leads for the first trick.

Must Play Hands Out.

Every hand must be played out and each tific games like whist and bridge. ndivudual player must take in his own tricks. The scores are kept on pads ruled for the purpose, one column for each Board to Lower player, and the result of the play is put down at the end of each hand.

If the bidder makes as many tricks as he undertook to win he scores the value of his bid. He cannot score more than this unless he takes all ten tricks. Even South Dakota Railroad Commissioners if he wins all the tricks he does not get anything extra for so doing unless the value of his bid was less than 250, in which case he gets 250 instead of what he

Suppose the bid was eight in spades, worth 120, and that the bidder won all ten business came up for consideration and was tricks. He would score 250. But if his bid disposed of during the regular monthly was eight in hearts, worth 500, and he won meeting of the State Board of Railroad

he bid-300. Each of the players opposed to the this city. Present at the meeting were bidder gets ten points for each trick that Commissioners W. G. Smith of Sturgis, he individually wins, no matter what suit George Rice of Fiandreau, F. C. Robinso may be trump or how many tricks was of Groton, W. H. Stanley, secretary of the bid. Suppose the bid to be eight tricks board, and P. W. Dougherty of Deli Rapand one of the opponents gets the two ids, assistant attorney general and special other tricks, that opponent scores twenty counsel of the board. points for them, the other opponent of the The most important matter considered

bidder getting nothing. too many of these ten points. He cannot get any ten points himself for the extra

If the bidder fails to make good his undertaking he is set back the full amount of his bid, regardless of the number of tricks by which he falls. All he can do is duce present express rates throughout the YOUNG SWIFT HELD SANE to prevent his opponents from scoring too

# OMAHA TAKES

When four play, not as partners, with the understanding that the dealer shall take no cards, it is impossible to make the game 500 up, because that would be an injustice to the player who deak, but who cannot possibly win on that deal. The method usually adopted is to play an agreed number of rounds, each player dealing three or perhaps four times. At the end of these rounds the scores are added up and the highest is the winner.
