**Seniors Breakfast in Woods**—The senior  
 class of the high school breakfasted at a  
 class in a grove north of Florence Monday  
 morning. The young people, over 100 in  
 number, went to Florence in a couple of  
 chartered cars and ate breakfast at the  
 early hour of 7:30. They returned in time  
 for the Memorial day exercises, many of  
 the boys belonging to the cadet battalion  
 which had a part in the parade.

**Sam too Sleepy to Speak**—Too sleepy to  
 say "good morning" to the police judge,  
 Sam Washington, colored, missed a chance  
 to get out of jail Monday morning. He  
 was arrested Sunday night because he had  
 too many hats with him when discov-  
 ered in a restaurant at Ninth and Capitol  
 avenue. The judge thought that Sam  
 needed more sleep, so let him yawn in a  
 cell instead of sprawling over the judge's  
 bar.

**Arrested for Quitting Family**—On the  
 charge of wife and child abandonment Ray  
 Poole, a colored man who is a clerk at the  
 Omaha Stove Repair works, 1508 Douglas  
 street and whose home is at 1312 Dodge  
 street, was arrested Monday morning. His  
 wife, Mrs. Blanche Poole, caused the ac-  
 tion. She claims that Poole left her and  
 failed to properly support the child.  
 Poole was released on bond to appear in  
 police court for arraignment Tuesday  
 morning.

 in police court Monday and the hearing  
 was continued till Tuesday morning. Young  
 Nelson lives at 2521 Patrick avenue, while  
 Kane's address is given as 182 North Twen-  
 tieth street. Nelson was in court and testi-  
 fied against Bediker and Kane will do so  
 Tuesday.

 which arrives in Omaha Saturday evening

 train comes over the Union Pacific and the  
 Illinois Central will take it to Louis-  
 ville. The Omaha trains also go out  
 Saturday evening, bearing the Tangier  
 Patrol and Green's band, as well as a  
 special car reserved for other Shriners  
 who are to accompany the patrol. Sam  
 North, manager of the Illinois Central,  
 will accompany the party.

**Man and Coat Go Same Time**—"A man  
 disappeared and a coat was stolen from  
 the barn at the same time. Later the man  
 returned with a can of beer. I arrested  
 him for stealing the coat." Thus Chief  
 of Detectives Savage narrates in police  
 court Monday how he came to be respon-  
 sible for the incarceration of Harry Biffe,  
 a police court character who established a  
 reputation some time ago by practicing his  
 specialty of bluffing. On the testimony of  
 the sleuth and Biffe's evident need of some-  
 thing stronger than lager as a sustenance  
 Judge Crawford gave him a ten-day sen-  
 tence.

**AFFAIRS AT SOUTH OMAHA**  
 Suspect in Train Robbery Case Ar-  
 rested Saturday, Released.

**ANOTHER MAN IN CUSTODY**  
 He Gives the Name of J. D. Laws  
 and Says He is from Des Moines  
 —Alleged Burglars in  
 Jail.

Chief John Briggs Sunday released  
 George Meyers, who was arrested Sat-  
 urday evening by Deputy Sheriff J. W. Gal-  
 loway as a suspect in the Overland Lim-  
 ited robbery case. Meyers gave a good  
 account of himself. Later Detective Eis-  
 felder arrested the deputy sheriff on the  
 charge of being drunk and disorderly. His  
 gun and star were taken from him and  
 he was released Sunday morning to ap-  
 pear in police court Tuesday morning.  
 Officer Charles Morton arrested J. D. Laws  
 at 9:30 last night as another suspect.  
 At the jail Laws said he had been in Des  
 Moines and lived there on Pleasant street,  
 on the south side of the city. He beat his  
 way to Omaha. The only mark of identity  
 on him was his collar, which bore the  
 laundry mark, J. D. Laws. In some ways  
 he resembles the picture of the fourth man  
 of the holdup, but the police are inclined to  
 believe that he may be wanted in Des  
 Moines rather than here.

As a diversion to the exciting chase of  
 the alleged highway men, Detective H. H.  
 Shields picked up two alleged burglars last  
 night who are suspected as the men who  
 robbed Green's saloon Saturday night at  
 Forty-sixth and Q street. This is just out  
 of the city limits of South Omaha. The  
 men arrested were Erick Swanson and  
 John LaVelle. The police claim to have  
 found the goods which were stolen in the  
 possession of the prisoners. The case is  
 said to be plain. They got little money,  
 but took some liquor and tobacco.

The report that Detective Hank Eisfelder  
 had resigned his star after a tiff with  
 Chief Briggs over the matter of the reward  
 is a little far fetched. Eisfelder in a mo-  
 ment of exasperation handed the star to  
 Chief Briggs, but later he received it again  
 and the point of difference between the  
 men was peaceably settled.

**Half Holiday in Schools.**  
 The schools will enjoy a holiday after  
 noon today. The president of the board  
 said last night that he had intended to  
 announce a whole holiday, but had left the  
 matter to the superintendent of the city  
 schools, N. M. Graham, receiving no notice  
 of the desire of the board, announced to  
 the teachers Saturday that the schools  
 would not have a holiday. After this an-  
 nouncement was made it was thought best  
 to allow the announcement to stand until  
 noon.

**Memorial Sermon to Veterans.**  
 Forty veterans of the civil war and  
 twenty-five or thirty women of the Wom-  
 en's Relief corps attended the Memorial  
 day exercises at the First Baptist church  
 Sunday morning. The weather was show-  
 ery, but until the time of the service it  
 was good. The shower of the morning  
 was over before the sermon by Rev.  
 George Van Winkle was concluded. Rev.  
 Van Winkle preached on the development  
 of human brotherhood. Beginning with  
 the divine question to Cain, the speaker  
 gave a short sketch of the way humanity  
 had viewed the question from the begin-  
 ning of the world to the present day.  
 He showed that all strife of na-  
 tions and peoples had resulted from the  
 wrong answer given to this question. Be-  
 fore the civil war the authority for slav-  
 ery was granted by the constitution, which  
 also recognized the principle of the de-  
 claration of independence for the con-  
 text. It was not until the emancipation  
 proclamation, which was the most far-  
 reaching recognition of the principle of  
 human brotherhood, that God's grace gave  
 victory into the hands of the north. With  
 respect to brotherhood, the world will  
 itself be endowed with perfect peace.

General A. S. Churchill addressed the  
 congregation at the Presbyterian church  
 along lines of the significance of the slav-  
 ery question and its solution. His address  
 was given under the auspices of the Pres-  
 byterian Brotherhood. Special music was  
 furnished by the choir.

**Gun Club Shoot.**  
 The weekly shoot of the South Omaha  
 Gun club was enlivened this week by the  
 presence of George L. Carter of Lincoln  
 and Christ Gottlieb of Kansas City. They  
 joined in the regular shoot and a special  
 match of 100 targets was arranged for their  
 benefit. Frank Dworkar, one of the South  
 Omaha crack amateurs succeeded in beat-  
 ing their score in the twenty-five target  
 contest and also in the 100-target contest.  
 In the first he broke all targets making a  
 perfect score against Carter's 34 and Got-  
 tlieb's 22. Dworkar broke 92 targets out of  
 the 100, while Carter broke 92 and Gottlieb,  
 St. Boye of South Omaha tied Gottlieb in  
 the latter contest. The following are the

Improve the Boulevards.  
 OMAHA, May 25.—To the Editor of The  
 Bee—While the efforts of the Park Board  
 to acquire new boulevards are worthy of  
 commendation, yet the question arises why  
 do they neglect the boulevards already ac-  
 quired and partly improved.

In Kansas City it is well known that  
 boulevard frontage, be high or low, is  
 the most in demand for residence pur-  
 poses, while it is also well known that  
 property in Omaha on the best part of  
 our boulevards is not in demand. The  
 reason for this condition is that there are  
 no electric lights along the boulevard and  
 swamps, frog-ponds and unsightly shacks  
 are everywhere, causing the people to  
 avoid driving along it, especially after  
 nightfall.

Commencing at 31st and Dewey avenue  
 on the west, there is an extensive swamp  
 and some of the most unsightly shacks  
 situated in town. Crossing Leavenworth  
 street, another swamp is passed and then  
 one must go around a house sitting in the  
 middle of the boulevard. Why a squatter  
 is permitted to occupy the middle of a  
 street for so many years is not apparent,  
 and why the swamps and shacks have not  
 been condemned is hard to explain to  
 visitors as ample power to condemn exists  
 and the right to assess the costs thereof  
 upon adjacent property is in the city  
 charter.

Members of the Park Board who lack  
 interest in the work ought to resign and  
 the mayor should select men especially  
 fitted for the work, regardless of their  
 party affiliations. P.

**Manual Training.**  
 OMAHA, May 25.—To the Editor of The  
 Bee: In looking over the morning paper  
 of a week ago I noticed the article relating  
 to the proposed issuance of bonds at this  
 coming fall election for the purpose of en-  
 larging the present high school building  
 and the broadening out of the industrial  
 science and manual training departments,  
 and that it is the cherished hope of one  
 of our noblest and best meaning citizens  
 that this be done, I am in a position to  
 know. To the mothers and fathers of our  
 city I make this special appeal in the in-  
 terest of our girls and boys, especially,  
 and our sad situation, that we all  
 join with Fred John Worman to help him  
 in battling for so manfully and so richly de-  
 serves.

The adding of sufficient room in our high  
 school building and the proper equipment  
 thereof for an industrial science depart-  
 ment and a thorough manual training de-  
 partment will be the means of putting  
 many, many of our young people in an  
 independent position, inasmuch as their  
 training in an institution of this kind will  
 qualify them to make their own way  
 through life, happy in the consciousness  
 of their own ability for the work of the  
 reason that their early training at school  
 was such that they are enabled when they  
 reach the age where they have to choose  
 a vocation for a life's long calling, they  
 will know what they are best fitted for.  
 Better cooks will enhance the health of  
 our people and better and more good house-  
 wives will rob the divorce courts of their  
 prey.

Better mechanics and more of them, in-  
 stead of so many college bred failures in  
 professional and business life, will elimi-  
 nate to some degree the necessity of  
 building and penitentiaries, for the man  
 who is not capable of meeting the vicis-  
 situdes and appointments of life will  
 find it a desperate when hungry and  
 will steal before he will starve. Help make  
 our girls and boys to be self reliant by  
 giving them proper training in the work  
 of their own hands. I think you will  
 find it the best paying investment you  
 ever made and when you are called to  
 your reward you can go smilingly and  
 know your country and your children are  
 safe. ROBERT N. WOLFE,  
 Boiler Inspector.

**Range of Prices  
 at Wholesale**

**Report of Bureau of Labor for 1908  
 Shows Decrease Since Year  
 Before.**

WASHINGTON, May 31.—In its annual  
 report on wholesale prices made public  
 today the Bureau of Labor, taking as a  
 basis, 268 representative staple articles  
 shows that these prices in 1908 recorded as  
 a whole from the high level of 1907, the  
 year of highest prices during the period  
 of nineteen years and were only slightly  
 in excess of the prices of 1907. The average  
 price for 1908, it is stated, was 8.2 per  
 cent below that for 1907. As compared with  
 1897, the year of lowest prices during the  
 nineteen-year period, the advance in 1908  
 was 38.9 per cent and as compared with the  
 average for ten years the prices shown  
 by the October, 1907 data, continued with-  
 out interruption until August, 1908, with  
 the exception of a slight advance in July,  
 year 1908, during the month of August,  
 when they were 1.7 per cent below the  
 average for October, 1907, the highest  
 point in the nineteen years covered. The  
 prices in December, 1908, show an  
 advance of 1.8 per cent over the prices in  
 August.

Of the 268 articles for which wholesale  
 prices were obtained, 162 showed a decrease  
 in the average price for 1908 as compared  
 with 1907, thirty-three showed no change  
 and sixty-three showed an increase.  
 Of the nine groups under which the com-  
 modities classified showed a decrease in  
 1908 as compared with 1907, farm prod-  
 ucts, taken as a whole, there was a de-  
 crease of 2.9 per cent in price in 1908 be-  
 low the average for 1907, this decrease be-  
 lying the last of any seven groups showing  
 a decrease; food increased 2.4 per cent in  
 price; cloths and clothing 7.7 per cent;  
 fuel and lighting decreased 8.1 per cent;  
 metals and implements decreased 12.2 per  
 cent, which was the heaviest decline of any  
 of the groups; lumber and building mat-  
 erials decreased 8.4 per cent; drugs and  
 chemicals increased 0.7 per cent and the  
 miscellaneous group decreased 5.7 per cent.

The average wholesale price of raw com-  
 modities for 1908 was 5.9 per cent below that  
 for 1907, and the average wholesale price  
 of manufactured commodities for 1908 was  
 6 per cent below that for 1907.

Of the 268 articles included in the report  
 the prices of 1907 were at the highest point  
 during the year in January, while only  
 twenty articles attained their highest price  
 in December.

**New York Broker a Suicide.**  
 HONOLULU, May 31.—Star Hoyt Nich-  
 ole, a broker of New York, committed  
 suicide by taking cyanide in his apart-  
 ment at the Royal Hawaiian hotel. Nich-  
 ole, who was 74 years old, had been  
 troubled with insomnia, and his suicide is  
 attributed to his nervous condition and  
 lack of sleep.

**BERRYMAN STILL PRESIDENT**  
 Re-Elected Head of Park Board at  
 Organization Meeting.

**ADAMS BACK AS SUPERINTENDENT**  
 All Committees Are Reappointed and  
 First Steps Are Taken to Ac-  
 quire Location for  
 Playgrounds.

Colonel Ed P. Berryman was re-elected  
 president of the Board of Park Commis-  
 sioners at its meeting held Monday morn-  
 ing. The new charter provides that the  
 board shall organize every year at its first  
 meeting held in May. Fome Miller was re-  
 elected vice president of the board. William  
 R. Adams was re-employed superintendent  
 of the park and boulevard system and Mrs.  
 G. C. D. Jewett was engaged as secretary to  
 the board for another year.  
 President Berryman reappointed all the  
 former committees as follows:  
 Improvement, E. P. Berryman, Rome  
 Miller, J. L. Neble; Finance, W. R. Wat-  
 son, Rome Miller, E. J. Cornish; Judiciary,  
 E. J. Cornish, J. L. Neble, Rome Miller;  
 designation of grounds, J. L. Neble, W. R.  
 Watson, E. J. Cornish; employment and  
 supplies, Rome Miller, W. R. Watson, J. L.  
 Neble.

The board took the first steps toward  
 acquiring permanent locations for play-  
 grounds and instructed the city engineer to  
 prepare an ordinance declaring the neces-  
 sity of acquiring two swamps in the west-  
 ern part of the city. One of these swamps  
 is south of Harney street and west of Cen-  
 tral boulevard, at Thirty-first street, and  
 contains about twenty lots. The other is  
 at Thirty-fourth and Leavenworth streets  
 and contains about seven lots. The esti-  
 mated value of the realty is \$10,000.

**Swamps Will Be Drained.**  
 Should the board acquire the property  
 the swamps will be drained and drainage  
 pipes placed to carry off water in the fu-  
 ture. Then the land will be filled  
 with about four feet of earth, making  
 the swamps into sunken gardens similar to  
 Curtis-Turner park. Nothing could be  
 done with the property this year, but if  
 the board acquires it, in another year the  
 two swamps will be made into public play-  
 grounds for the children.

A third playground is in sight on the  
 West Trumling district. The board owns a  
 small tract of land between Cuming and  
 31st streets and between Twenty-ninth  
 and Thirtieth streets. Superintendent  
 Adams was instructed to put this land into  
 condition for playground purposes and also  
 prepare plans to connect it with the boule-  
 vard system of the city.

Owners of automobiles petitioned the  
 board to amend its rules so as to allow  
 automobiles in Hanescom park, but the  
 commissioners decided they would keep  
 this one park absolutely safe for children  
 and refused to amend the rules. Owners  
 of automobiles having friends from out of  
 the city can procure from the secretary a  
 permit to take them through Hanescom  
 park in automobiles on any day but Sun-  
 day. Automobiles are allowed on all the  
 boulevards and in all parks but Hanescom.

**Stabbed With  
 Carving Knife**

**One Hotel Employee Carves Another  
 Over an Order for Green  
 Pepper.**

A dish of green peppers, ordered in the  
 kitchen of the Schiltz hotel Saturday eve-  
 ning, caused hot words between the sec-  
 ond cook, Arthur Mays, and the keeper of  
 the ice boxes, Harry Nelson. As the result  
 Mays is laid up at his home, 1311 Leaven-  
 worth street, with a stab wound from a  
 French carving knife in the left side of  
 the abdomen and Nelson is in jail, charged  
 with cutting with intent to wound.  
 Mays also got a cut on his left hand. Dr.  
 Fitzgibbon, house surgeon of the Schiltz,  
 says that he will recover from the effects  
 of the carving. Mays is a well known and  
 trusted employe of the house, is married  
 and has a child. Nelson had been at the  
 hotel only a few days. His victim declares  
 that he will lodge a serious complaint  
 against Nelson as soon as he is able.  
 Nelson says that after some hot words  
 had passed between the men Mays picked  
 up a chair and started after him and he  
 grabbed a long butcher knife handy and  
 "let him have it," but with no intention of  
 doing him any great harm.

 Eating Onions.

BELLEFONTAINE, O., May 31.—Mrs.  
 Rebecca Burns, who claimed that when a  
 child she saw George Washington, died  
 here today at the age of 115 years. She  
 attributed her longevity to eating onions  
 twice a day. For scores of years she  
 made onions which had grown in her own  
 garden the principal part of her diet.
