10-ROOM KOUNTZE PLACE HOME \$6,000

The street is paved with asphalt and the lot has large shade trees in front and is nicely terraced.

There is reception hall, parlor, living room, library, dining room and kitchen on the first floor and fine bedrooms and bath on the second floor, also attic. House is built of very heavy lumber throughout, having 2x6 studding instead of the ordinary 2x4 studding used nowadays, and most of it is white pine lumber. The ceilings are high. There are bay wirdlows on three sides of the house. It has the latest style of open plumbing and several years ago one of the best hot water heating plants was installed. Large front porch was put on last year. The house is in first-class repair throughout. The owner of this property is anxious to sell and has made a very reasonable price for quick sale.

It will not be necessary to pay all cash as the owner will take a mortgage back for over half the amount. You can call at our office or go direct to the house and look it over. Possession can be given in a very short time.
