Record Breaking Sale of **Celebrated Pianos**

the remainder of the HOLMES PIANO STOCK which we purchased as was announced in the daily papers at our own spot cash price.

This great stock of pianos was invoiced at \$68,000. We marked about 235 pianos at prices ranging from 50 to 65 per cent on the dollar. For the past three weeks we have sold more planes than we have ever sold before in the same length of time. There is a reason why we have broken all records in piano selling. We purchased this mammoth stock of pianos and other general merchandise at our own price, and we marked the entire stock at a very small margin of profit.

Now we are going to close out the entire stock that remains at 88 1/2 per cent on the dollar. This is exactly one-third of what these pinnos were marked to be sold at, by the HOLMES PIANO COMPANY OF MANKATO, MINNESOTA. For example we will sell, beginning Monday morning, June 7th, a beautiful, plain Mahogany piano, Colonial style at \$186.75, and this piano is fully guaranteed for 10 years. If you purchased it at a regular piano store you would pay at the very least \$275 for it. We are not looking for the profit in this undertaking, we are endeavoring to close out the remainder of this great stock, and in order to accomplish our purpose we are offering a geat saving of from 110 to 200 dollars on the purchase of a piano. When we say piano, we do not mean a cheap thump box; we mean a first class, high grade instrument that can be compared with any other ARTISTIC PIANO ON THE MARKET.

THIS IS THE CHANCE OF A LIFETIME, and remember, every piano offered for sale in his great stock is fully guaranteed and by this we mean that if the piano you purchase is not entirely salsactory in every way you may return it to us and we will refund your money. WE HAVE SOLD OVER 160 PIANOS IN THE PAST MONTH AND EVENTUALLY WE HAVE TAKEN IN EXCHANGE A GREAT MANY SECOND-HAND PIANOS, AND WE HAVE MARKED THEM AT PRICES WHICH WE THINK ARE INVAL-UABLE TO ANY PROSPECTIVE PURCHASER.
