Woman's Work

Activities of the Organized Bodies Along the Lines of Undertaking of Concern to Women.

The literature department of the Woman's club is preparing its syllabus for next year's work and when completed will mail a copy to each member.

Following is a list of books recommended for summer reading, which has been prepared by the leader of the department, Mrs. Millard Langfeld:

Hawthorne's "Wonder Book," Hawthorne's "Greek Heroes," "Told in the Coffee House" by Adler, "Turkish Fairy-tales and Folktales" by Kumos, "Wonder-World Stories" by Pitman, "Jungle Book" by Kipling, "In Tent and Bungalow" by Cutting, "A Thousand and One Days" by Justin McCarthy, "The Epics of the Nations," "The Athenian Legends," "A Bachelor's Xmas" and other stories by Farjeon, "Tales of the Puritans" by Della Bacon, "Old-fashioned Thanksgiving" by Alcott, "Myths and Myth-makers" by Fiske, "The Wonderful Century" by Wallace, "Haunters of the Silence" by Roberts, "The Literature of All Nations" by Julian Hawthorne.

A more complete list has been placed in the reference room of the public library.

Mrs. Edward Johnson, president, has called an executive meeting of the board of directors of the Omaha Woman's club, at the club rooms at 10 o'clock Monday morning. One of the chief matters for consideration is a proposition that the club undertake the presentation of "Twelfth Night" at Hanscom park, under the direction of Miss Lillian Fitch. The club has conducted such presentations in the past with great success, but with the organization adjourned for the summer many difficulties attend the undertaking.

A meeting of the membership committee of the Woman's club has been called for Monday morning at 10:30 immediately following the meeting of the board. Mrs. C. W. Hayes is chairman of the committee, but her election to the vice presidency of the club will necessitate the election of a new chairman.

An outline has been issued of the program of the forty-first annual convention of the American Woman Suffrage association to be held at Seattle, Wash., July 1 to 7. An executive session of the directors will precede the convention proper. Names of many women of national and international prominence appear on the program, but one of the most interesting features will be a session devoted to the great petition to be sent to congress next winter asking an amendment to the constitution of the United States granting full suffrage to women. Mrs. Carrie Chapman Catt, chairman of the petition movement, will preside and the whole subject is to be discussed. This monster petition, now circulating in every part of the country and bearing the names of men as well as women, will be the largest ever presented to congress.

Mrs. Laura Gregg, formerly of Omaha, but now of the national workers, will speak of field work, and Mrs. Mary G. Andrews of Omaha will, with Miss Laura Clay of Kentucky, discuss "Existing Suffrage Sentiment," both speakers to come on Monday, July 5.

July 4 will be celebrated with a mass meeting on the "Sacred Duties and Obligations of Citizenship."

Tail r Cured of Ulceration of the Stomach

The following letter speaks for itself. This is only one of the medical victories won by the Austro-American Doctors with their scientific methods of treatment.

Omaha, Neb., June 9th, 1909.

Austro-American Doctors,
428 Ramge Bldg., Omaha, Neb.:

Dear Sirs—It gives me pleasure to tell you how much my condition has improved since I have been treating with you. Only those who have suffered with it know the terrible pain and sickness that goes with ulceration of the stomach. For three years life was a burden to me—I was unable to eat scarcely anything and was continually harassed with vomiting spells, throwing up blood, matter, etc. I tried a number of doctors, and, gaining no relef, finally had to sell out my tailor shop in South Omaha and quit business, as I was unable to do even the lightest work. I have been taking the Austro-American treatment a little over two months now, and my improvement is wonderful. I have gained in weight, am feeling fine, have opened a tailor shop at 1603½ Leavenworth, and am back to work again. I will be glad to have you refer anyone to me who is in doubt as to the merit your treatment. Yours truly, H. WECKESSER, 1603½ Leavenworth St.

Those who are suffering with Paralysis, Rheumatism, Goitre, Epilepsy, Gall Stones, Diseases of the Liver, Kidneys, Stomach, Blood, Chronic and Nervous Diseases of Men and Woman, etc., should call at once, as delay is dangerous.

MONDAY WILL BE FLAG DAY

All Patriots Are Expected to Wave Old Glory.

ELKS HAVE FORMAL PROGRAM

They Will Have as Their Special Guests at the Orpheum Theater the Grand Army of the Republic.

Tomorrow— Monday, June 14—is "Flag day" and all patriotic citizens are expected to display the nation's colors, though the day is not a legal holiday and business will be transacted the same as any other day.

The federal building, court house and city hall will all be open and work carried on the same as usual, though Old Glory will be unfurled to the breeze from these buildings as well as from the high and all the graded school buildings in the city. School will be held Monday in all buildings, but aside from flying the flag there will be no exercises.

John A. Dempster, commander of U. S. Grant post, Grand Army of the Republic, has issued the following proclamation:

In accordance with general orders from national commander, it is expected that all members of the Grand Army of the Republic will unfurl Old Glory to the breeze at their homes on "Flag Day," June 14, and invite their neighbors to do the same.

We have special invitation to attend "Flag day" exercises by the Elks, Monday evening at the Orpheum theater. Seats are reserved for all the Grand Army of the Republic boys.

Elks Have Farewell Program.

The only exercises to be held will be given by the Omaha lodge of the Benevolent and Protective Order of Elks, No. 39, Monday evening in the Orpheum theater. Patriotic addresses, songs and exercises will compose the program and the general public is invited, the balcony and galleries being open to the public with no admission charge.

Albert W. Jefferis will deliver the address, Finn's Greater Omaha band will play, vocal music will be furnished by the Omaha Elks quartet and other singers, Past Grand Exalted Ruler Cronk will deliver the Elks' tribute to the flag, Past Exalted Ruler Abbott will give the flag record and Judge Estelle will recite "Old Glory."

The exercises at the theater will begin at 8:30, but all Elks, whether members of Omaha lodge or not, will meet at the club rooms at 8 o'clock and march in a body to the theater. Robert Patrick, esquire, and G. A. Schodsack, flag bearer, followed by the band, will lead the march, and when the head of the column arrives at the entrance to the theater the double line will divide and the esquire and flag bearer will return to the club rooms and escort the officers to the theater between the lines of Elks. As there are 1,053 members of Omaha lodge, it is expected that, with visiting Elks in the city, this double column of lodge men will extend from the club rooms to the theater.

Reserved for Elks.

The center section of the lower floor of the theater will be reserved for Elks and the remainder of the lower floor for members of their immediate families, and, in order that the Elks may make a fine showing, officers of the lodge make the request that all that can do so will march with the lodge men, joining their families after the exercises. One of the boxes will be reserved for the officers at Fort Crook and the other for the officers at Fort Omaha, the officers to be attired in full dress uniform. The other boxes will be reserved for members of the Grand Army of the Republic.

The program in full is as follows:

BENSON VOTES DOWN SCHOOL

Citizens Refuse to Authorize Bonds for the Erection of a New Building.

The purchase of a site and the erection of a new public school building at Benson was voted down Saturday at a special election, the ballot standing 63 in favor and 74 against, a two-thirds vote being necessary. A bond issue of $18,000 was contemplated.

It is said that the present school building at Benson is not large enough to accommodate the increased number of pupils that attended this season. An additional school room had to be fitted up to care for the students, and it is thought probable that another room will have to be rented next year.

High School Reception for All the Classes

Big Reunion in Week Will Be for Everyone Who Has Been Graduated.

Not only a reception to the 1909 graduates of the Omaha High school, but also a reunion of all the men and women who have been graduated from the old school on the hill since the first class left it in 1870 is planned by the Alumni association for its annual reception, which takes place this year on the evening of June 21 at the high school building.

In previous years, at least of late, the event has been little more than an affair attended by the new alumni and some of the people who have been graduated within the few preceding years. This time, however, it is intended to be as much for the older alumni as for the newly graduated, and big plans for the reunion as well as the reception are being formulated.

The plans contemplate, among other things, the attendance of as many of the early graduates as are able to be present, together with all the recent and 1909 alumni, an attractive program of speaking, music and other entertainment by prominent and talented alumni, and a general good time that will embody the double elements of a successful reunion and a pleasant reception.

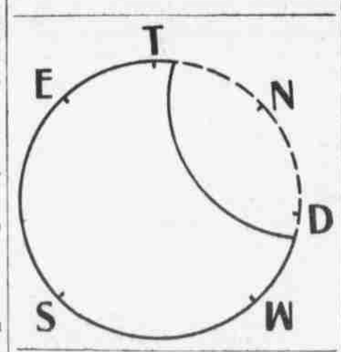
It has been a number of years since such a gathering of the older alumni with the younger has been held, the last successful undertakings of a similar nature having been the alumni banquets, which were generally attended by older and younger graduates alike. It is understood that the present idea originated and was launched by the placing of alumni registration books in some of the downtown drug stores a number of months ago by the president of the Alumni association, Miss Louise Northrup, '08. About 300 persons signed their names and addresses in the books during the comparatively brief time they have been before the public. Many of those who registered were members of the earlier classes, six being graduates of the first class in 1876. Much interest has been aroused in the scheme of a reunion and alumni of all classes are expected to attend the reception that will be held a week from tomorrow.

A general announcement of the affair, with a cordial invitation to attend is being spread among the hundreds of alumni through the newspapers and by word of mouth. To those whose names and addresses have been secured from the registration books post card announcements will also be directed this week.

PARTIAL ECLIPSE OF THE SUN

Nebraska Folks May See the Phenomenon Early Next Thursday Evening.

Next Thursday evening, June 17, there will be a partial eclipse of the sun visible in Omaha. The moon will first encroach upon the sun at the point D in the accompanying figure—that is, a trifle below the right hand edge. The letters N, S, E, W, denote the sun's cardinal points, the point T being on top. The eclipse will



begin at 6 o'clock, 9 minutes, 34 seconds. It will reach its greatest magnitude at 6:47, when 35 per cent of the sun's diameter will be obscured and the sun will present the apparance shown in the diagram. The moon will leave the sun at the point T, and the eclipse will end at 7 o'clock, 38 minutes, 13 seconds, after having lasted nearly an hour and a half. The sun will set at 7:56.

The present eclipse will be visible to a greater or less extent almost everywhere in the United States. It will be total over a line running through a part of central Siberia, and coming closer to the north pole than any man has ever come, and then skirting the western shore of Greenland. On account of the great difficulty of reaching even the Siberian end of the line of totality, not to mention the impossibility of reaching any other part of it, only one expedition has been fitted out to observe it on the Trans-Siberian railway. The total phase will last in Siberia only 21 seconds, and less than 5 seconds in Greenland. WILLIAM F. RIGGE, S. J. Creighton University Observatory, Omaha, Neb.

YOUNG MEN WANTED

United States Government Gives Railway Mail Clerks $800 a Year to Start, and Increases to $1200.

Uncle Sam will soon hold postal examinations in the vicinity of Omaha and throughout the United States. About 42,053 positions were filled last year and it is estimated that 50,000 will be filled this year. Any ambitious young man with only a very ordinary education can readily pass. The government wants young men with common sense to take examinatnons for railway mail clerks and postoffice clerks and carriers, and the Government Position Bureau, of Rochester, N. Y., with its peculiar knowledge of the requirements of the examination, can fit any young man in a short time to pass. A government position means steady work, good pay, and a yearly vacation. This thoroughly equipped Bureau also prepares men and women for Government examinations, as stenographers, typewriters, internal revenue and custom house clerks, storekeepers and gaugers. No matter where you live, city or country, you have, under the civil service, as good a chance to secure a good government position as anyone else. There is time to prepare for the examination soon to come, and any reader of The Bee can get full information how to proceed, free of charge, by writing The Government Position Bureau, 1509 Hamlin Bldg., Rochester, N.
